The 100 Greatest Amiga Games Tom Crossland, 2022-04-30 It felt like a very big deal at the time to go from the Commodore 64 to the Amiga There were some fantastic games on the C64 but the Amiga felt like a quantum leap and the full arcade at home experience Sadly though as we know the Amiga era was not destined to be the longest or most stable slice of home gaming history In the end the competition was too much and the Amiga not helped by poor business decisions and a lack of innovation began to struggle in

the market One tends to feel that the Amiga never quite fulfilled its full potential but what an amazing few years it gave us I spent many happy hours and weeks playing all my favourite Amiga games To this day I am still discovering interesting Amiga games which passed me by at the time Trawling through the Amiga years again I found there were many more great games than I actually remembered The book that follows includes racing games shoot em ups military simulations platform games licenced movie games puzzle games and so on So without further delay let s sit back and take a look at the in my own humble opinion 100 greatest Amiga games
