**The Nurse as Executive** Barbara Stevens Barnum, Karlene M. Kerfoot, 1995 This new edition of Aspen's bestselling book *The Nurse as Executive* has been thoroughly revised and updated to reflect the significant changes in nursing management. The nurse executive's role as a member of the executive team is examined as well as the nurse executive's role in health care issues such as quality outcomes, team building, and cost containment. Organizing the book around the new resource-driven management model rather than the goal-driven management model makes this book unique and distinguishes it from other management texts.

Costa, 2019-05-22 Written by experienced nurse executives who teach in rigorous academic programs and are executive practice experts, this book offers important insights into the nurse executive role and key management and leadership principles critical for success. Nursing faculty and students will find these principles embedded in quality improvement and evidence-based practice and advanced by Joint Commission accreditation as well as the Quadruple Aim and Magnet Designation models. The book addresses critical business topics such as health care policy, informatics, and business planning and also offers a glimpse into today's C Suite and the complex contemporary business challenges being navigated by today's healthcare executives.

Suitable as a reference for both clinical and classroom use, *The Doctor of Nursing Practice and the Nurse Executive Role* will take seasoned nursing professionals and future leaders of the profession on an educational journey where they will learn why evidence-based practice is critical to the delivery of quality patient care. Tough questions such as "How can nursing faculty inspire, educate, and empower nurse executive DNP students?" "Essential pearls to help you on your journey to successful leadership and management." "Why implementing the Magnet model makes sense even if your organization does not intend to pursue Magnet status?" "Why healthcare organizations must continually focus on improvement?" "The necessity of organizational transformation to ensure optimal ethical climates." "How to become an effective delegator?" "How personal self-awareness leads to success?"
