Jaysankar Lal Shaw has been reflecting on analytic themes from Indian philosophy for over 40 years This collection of his most important writings introduces his work and presents new ways of using Indian classical thought to approach and understand Western philosophy By expanding reinterpreting and reclassifying concepts and views of Indian philosophers Shaw applies them to the main issues and theories discussed in contemporary philosophy of language and epistemology Carefully constructed this volume of his collected writings shows the parallels Shaw draws between core topics in both traditions such as proper names definite descriptions meaning of a sentence knowledge doubt inference and testimony It captures how Shaw uses the techniques and concepts of Indian philosophers especially the followers of the Navya Nyaya to

address global problems like false belief higher order knowledge and extraordinary perception Exploring timeless ideas from Indian thought alongside major issues in contemporary philosophy Shaw reveals how the two traditions can interact and throw light on each other providing better solutions to philosophical problems He has also reflected on modern issues such as freedom morality and harmony from the classical Indian thought Featuring a glossary and updates to his writings The Collected Writings of Jaysankar Lal Shaw Indian Analytic and Anglophone Philosophy also includes new work by Shaw on the relationship between Indian and analytic philosophy today

Matilal,Jaysankar Lal Shaw,2012-12-06 We are grateful to the authors who wrote papers specially for this volume and kindly

gave their permission for printing them together None of these papers appeared anywhere before Our special thanks are due

to the first six authors who kindly responded to our request and agreed to join this new venture which we are calling

comparative perspective in analytical philosophy In the introductory essay certain salient points from each paper have been

noted only to show how comparative perspective may add to and be integrated with modern philosophical discussion in the

analytic tradition Need less to say any mistake possible misattribution or misrepresentation of the views of the original

authors of the papers appearing in the said introductory essay is entirely the responsibility of the author of that essay The

author apologizes if there has been such unintentional misrepresentation and insists that the readers should depend upon

the original papers themselves for their own understanding For typographical problems it has not always been possible to

use the symbols originally used by the authors but care has been taken to use the proper substitute for each of them Bimal K
