Eleni Coundouriotis, 2014-09-15 This study offers a literary history of the war novel in Africa Coundouriotis argues that this genre aimed more specifically at African readers than the continent's better known bildungsroman tradition nevertheless makes an important intervention in global understandings of human rights The African war novel lies at the convergence of two sensibilities it encounters in European traditions the naturalist aesthetic and the discourse of humanitarianism whether in the form of sentimentalism or of human rights law Both these sensibilities are present in culturally hybrid forms in the African war novel reflecting its syncretism as a narrative practice engaged with the colonial and postcolonial history of the continent The war novel Coundouriotis argues stakes claims to collective rights that contrast with the individualism of the bildungsroman tradition The genre is a form of people's history that participates in a political struggle for the rights of the dispossessed *Rethinking the Secular Origins of the Novel* Kevin Seidel, 2021-03-25 Challenging concepts of religion and secularism this book shows the English novel rising with the English Bible not after it *Three Kingdoms, A Historical Novel*

*Fate and Freedom in the Novels of David Adams Richards* Sara MacDonald, Barry Craig, 2017-05-04 This book explores the understanding of freedom developed in the later novels of celebrated Canadian author David Adams Richards Many reviewers highlight two interconnected features in Richards novels a seemingly rigid determinism of setting and sociodemographics and a resulting hopelessness In contrast Richards describes the quest of human life and the purpose of his novels as a search for freedom This book explores the account of freedom that is developed through the course of four of Richards's works *The Friends of Meager Fortune* *Mercy Among the Children* *The Lost Highway* and *Crimes Against My Brother* Following the Augustinian thread that informs Richards's writing we argue that rather than presenting an understanding of human life that is bleak or hopeless Richards instead reveals an argument wherein one's happiness and freedom is found in the midst of love *A Dictionary of Christian Antiquities* Sir William Smith, 1880 *Terrorism in the Late Victorian Novel* Barbara Arnett Melchiori, 2016-07-28 First published in 1985 this book looks at the ways in which the spate of terrorist activity in the 1880s was reflected in the novels of the time Oscar Wilde George Gissing Henry James and George Bernard Shaw among others gave the terrorist venture a position in one or more of their novels This book examines what these novelists made of terrorism and the way they presented it to their readers Not all of these novels are high literature or take a committed line on the outrages they describe nevertheless they accept the assumption that terrorism and social protest were synonymous This book aims to explain how such a view could be held in the context of Victorian society

*Waverley Novels* Walter Scott, 1847 **The Oxford Handbook of the Victorian Novel** Lisa Rodensky, 2013-07-11

Much has been written about the Victorian novel and for good reason. The cultural power it exerted and to some extent still exerts is beyond question. The Oxford Handbook of the Victorian Novel contributes substantially to this thriving scholarly field by offering new approaches to familiar topics: the novel and science, the Victorian Bildungsroman as well as essays on topics often overlooked: the novel and classics, the novel and the OED, the novel and allusion. Manifesting the increasing interdisciplinarity of Victorian studies, its essays situate the novel within a complex network of relations among, for instance, readers, editors, reviewers, and the novelists themselves, or among different cultural pressures: the religious, the commercial, the legal. The handbook's essays also build on recent bibliographic work of remarkable scope and detail, responding to the growing attention to print culture. With a detailed introduction and 36 newly commissioned chapters by leading and emerging scholars, beginning with Peter Garside's examination of the early nineteenth-century novel and ending with two essays proposing the last Victorian novel, the handbook attends to the major themes in Victorian scholarship while at the same time creating new possibilities for further research. Balancing breadth and depth, the clearly written, nonjargon-laden essays provide readers with overviews as well as original scholarship, an approach which will serve advanced undergraduates, graduate students, and established scholars. As the Victorians get further away from us, our versions of their culture and its novel inevitably change; this Handbook offers fresh explorations of the novel that teach us about this genre, its culture, and by extension, our own.

**The Waverley Novels** Walter Scott, 1841      The Early Dutch Sinologists (1854-1900) Koos (P.N.) Kuiper, 2017-07-10

In *The Early Dutch Sinologists*, Koos Kuiper gives a detailed account of the studies and work of the 24 Dutchmen trained as interpreters for the Netherlands Indies before 1900. Most began studying at Leiden University, then went to Amoy to study southern Chinese dialects. Their main functions were translating Dutch law into Chinese, advising the courts on Chinese law, and checking Chinese accounts; books later also regulating coolie affairs. Actually, their services were not always appreciated, and there was not enough work for them; later, many pursued other careers in the Indies administration or in scholarship. This study also analyses the three dictionaries they compiled. Based on a wealth of primary sources, it gives a fascinating picture of personal cross-cultural contacts.
