**Following The Truth - Perception v. Critical Thinking** Dr. Charles A. Rice, PhD,Marlena K. Kent,2021-04-01 This tome surrounds the philosophies of Truth v Perception it considers the dichotomy of Truth v the totality of Truth and its

complicated in the thinking the book focuses on critical thinking and problem solving skills Rkelly merely represents the basis of scenarios and with that the philosophies are applied related to a different way of consider things The tome is formal in nature meaning being certified illegal but very much logical encompassing plausible scenarios of relief maintaining that the totality of Truth which can evolve to more truths offers the better remedy Wherefore the premise of Perception v Critical Thinking is its truth Therefore it will not matter what RKelly is not on trial for but what is germane is what RKelly is indicted for and all else is inconsequential it doesn t matter who knew RKelly and it has nothing to do with the overaged women on LifeTime that were not underage it has nothing to do with acquaintances or adversaries moreover having to do with the allegations brought forth in the indictment and onwards the merits on which the allegations are founded and being criminal in nature Now comes the things that are to be considered Whereby the use of logic and critical thinking will be applied This tome will evaluate the most relevant and substantial of the allegations and will do so in supplementary details the tome does not substantiate guilt or innocence withstanding judgment and notwithstanding the illegal opinion derived from it Furthermore this tome will not include insignificant individuals not having a direct impact on the core substance or and again being inconsequential overtly acknowledging all edicts to be alleged We will explored the dimensions of our psyche related to truth by reaching beyond the obvious and by viewing things through the microscope exploring what might be possible and impossible and applying truth wherever possible the depths of a multifaceted approach regarding reason thought and truth and how all of it might relate and making use of the telescope to glance beyond the right now and to consider where it is possible for the truth and reality to coexist in its totality and not in part being detailed in our considerations and understanding allowing the truth to evolve into more truths and by grasping truths philosophies If it s true and according to his supporters beliefs It s about RKelly s catalog and its value however that premise fails in comparison to RKelly s assertion that I m fighting for my Life while others assert that things about RKelly being a pedophile nevertheless what comes first is the evaluation of the charges because what is immediate are the charges he faces while money may be a factor on the surface I can assess that his money woes begin long before these charges but the accusation has swirled regarding underage activity with a plethora of NDA s but could it be the result of being misunderstood or perception
