The Occult Significance Of The Bhagavad Gita Nine Lectures:

The Occult Significance of the Bhagavad Gita Rudolf Steiner, 1968 The Occult Significance of the Bhagavad Gita Rudolf Steiner, 1968-03-15 So Rudolf Steiner describes this old Indian scripture The Bhagavad Gita It tells how in the midst of a fratricidal battle the lofty Krishna appears in spiritual form to the soldier Arjuna revealing the mysteries of universal egohood and the path of yoga The highest to which the individual man can soar by training himself and working on himself with wisdom that is Krishna In all of earthly evolution there is no Being who could give give the individual human soul so much as Krishna remarks Steiner But Steiner also Describes out of his spiritual research how Krishna s one sided inspiration of the ninner path of the individual was balanced and countered by what Christ brought from outside for all humanity In impressive pictures Steiner paints the secrets of Krishna s evolutionary sacrifice his role in the life and work of Jesus and Christ and the relevance of his teaching for our time **The occult Significance of the Bhagavad Gita** Rudolf Steiner, 1968 *The Occult Significance of the Bhagavad Gita* Rudolf Steiner, 1968 So Rudolf Steiner describes this old Indian scripture The Bhagavad Gita It tells how in the midst of a fratricidal battle the lofty Krishna appears in spiritual form to the soldier Arjuna revealing the mysteries of universal egohood and the path of yoga The highest to which the individual man can soar by training himself and working on himself with wisdom that is Krishna In all of earthly evolution there is no Being who could give give the individual human soul so much as Krishna remarks Steiner But Steiner also Describes out of his spiritual research how Krishna s one sided inspiration of the ninner path of the individual was balanced and countered by what Christ brought from outside for all humanity In impressive pictures Steiner paints the secrets of Krishna s evolutionary sacrifice his role in the life and work of Jesus and Christ and the relevance of his teaching for our time **The Bhagavad Gita and the West** Rudolf Steiner, 2006-12 5 lectures Cologne Dec 28 1912 Jan 1 1913 CW 142 9 lectures Helsinki May 28 June 5 1913 CW 146 1 lecture Basel Sept 19 1912 CW 139 This combination of two volumes in Rudolf Steiner s Collected Works presents Steiner s profound engagement with Hindu thought and above all the Krishna in the Bhagavad Gita as they illuminate Western Christian esotericism In his masterly introduction Robert McDermott a longtime student of Rudolf Steiner as well as Hindu spirituality explores the complex ways in which the Song of the Lord or Bhagavad Gita has been understood in East and West He shows how Krishna s revelation to Arjuna a foundation of spirituality in India for more than two and a half millennia assumed a similarly critical role in the Western spiritual revival of the nineteenth and twentieth centuries In the West for instance leading up to Steiner s engagement McDermott describes the various approaches manifested by Emerson Thoreau H P Blavatsky and William James In the East he engages with interpretations of historical figures such as Mahatma Gandhi and Sri Aurobindo relating them to Steiner s unique perspective In addition and most important he illumines the various technical terms and assumptions implicit in the worldview expressed in the Bhagavad Gita The main body of The Bhagavad Gita and the West consists of two lecture courses by Rudolf Steiner The Bhagavad Gita and the

Epistles of Paul and The Esoteric Significance of the Bhagavad Gita In the first course his main purpose is to integrate the flower of Hindu spirituality into his view of the evolution of consciousness and the pivotal role played in it by the Mystery of Golgotha the incarnation death and resurrection of Jesus Christ Steiner views Krishna as a great spiritual teacher and the Bhagavad Gita as a preparation though still abstract for the coming of Christ and the Christ impulse as the living embodiment of the World Law and Devotion represented by the three Hindu streams of Veda Sankhya and Yoga For Steiner the epic poem of the Bhagavad Gita represents the fully ripened fruit of Hinduism whereas Paul is related but represents the seed of something entirely new In the last lecture of part one Steiner reveals Krishna as the sister soul of Adam incarnated as Jesus and claims Krishna's Yoga teachings streamed from Christ into Paul In the second lecture course five months later Steiner engages the text of the Bhagavad Gita on its own terms as signaling the beginning of a new soul consciousness To aid in understanding both of these important cycles this book includes the complete text of the Bhagavad Gita in Eknath Easwaran's luminous translation In our age when East and West are growing closer and we live increasingly in a global intercultural and religiously pluralistic world this remarkable book is required reading The Bhagavad Gita and the West is a translation of two volumes in German Die Bhagavad Gita und die Paulusbriefe CW 142 and Die okkulten Grundlagen der Bhagavad Gita CW 146 The lecture in the appendix is translated from Das Markus Evangelium CW 139 and was published in The Gospel of St Mark Anthroposophic Press 1986

Harmony of the Creative Word Rudolf Steiner, 2013-04-16 In one of his most popular lecture courses formerly published as Man as Symphony of the Creative Word Rudolf Steiner presents an extraordinary panorama of spiritual knowledge centring on the human being We are the harmony of creation a microcosm containing within us all the laws and secrets of the world Steiner begins by speaking about our inner relationship to three ancient and sacred representatives of the animal kingdom eagle lion and bull and to the forces of the cosmos that form them He goes on to deepen these themes by approaching the plant and animal worlds in the context of planetary and cosmic evolution A new category is then introduced the elemental nature spirits the metaphysical beings who work with plants and animals Steiner gives a unique and intimate description of them and describes the cooperation they offer to mankind Finally the human being the harmony of the Creative Word is placed at the heart of this spiritual celebration of life

The Mahabharata is one such magnificent saga and the Bhagavad Gita is the nectar of its distilled wisdom. The great Indian gurus and philosophers have looked at the battle of Kurukshetra as a euphemism for the struggle within between a person's asuric, demonic and daivic, divine inclinations. Eons later, the Gita is still relevant and popular. Is it because we are still fascinated about an ancient war and a philosophical discourse that happened in the middle of a battlefield a long time ago, or because we are concerned about understanding the constant tussle between good and bad in our lives and in our own consciousness? Ravi Ravindra's fresh prose translation of the great epic stands out from the many other versions with its assertion that the Gita is at its heart an indispensable universal guide to help you cross the battlefield of life. Ravi Ravindra, PhD, is Professor Emeritus at Dalhousie University in Halifax, Nova Scotia, where he served for many years as a professor in comparative religion, philosophy and physics. He is the author of numerous books including *Science and the Sacred*, *The Wisdom of Patanjali's Yoga Sutras* and *The Pilgrim Soul*.

The Participatory Turn Jorge N. Ferrer, Jacob H. Sherman, 2008-12-04 Cuts through traditional debates to argue that religious phenomena are cocreated by human cognition and a generative spiritual power. *The changing world, and lectures to theosophical students* Annie Besant, 2023-11-12 In *The Changing World and Lectures to Theosophical Students* by Annie Besant, the author delves into a profound exploration of the ever-changing nature of the world and the secrets of existence. Besant's writing is characterized by a blend of spiritual wisdom, philosophical insights, and metaphysical inquiries, making it a valuable contribution to the theosophical literature of the time. Through a series of lectures, Besant discusses topics such as karma, reincarnation, and the interconnectedness of all beings, drawing readers into a deeper understanding of the mysteries of life and the universe. Her eloquent prose and deep knowledge of theosophy provide readers with a rich and enlightening reading experience. Annie Besant's *The Changing World and Lectures to Theosophical Students* showcases her expertise in theosophical teachings and her dedication to spreading spiritual enlightenment. As a prominent theosophist, social reformer, and writer, Besant's personal journey and profound insights inform her work, making this book a must-read for those interested in spiritual wisdom and metaphysical exploration.

The Fall of the Spirits of Darkness Rudolf Steiner, 1993 Speaking at a time of intense war in Europe, Rudolf Steiner reveals the spiritual roots of the crises of our times and the means by which we can overcome them. Since 1879, Steiner tells us, backward angels or spirits of darkness, who were forced out of the heavens and made their abode on Earth following their defeat in a forty-year battle with the Archangel Michael, have influenced human minds. It is now possible for human beings to awaken more consciously to the truth of these profound changes and thus inwardly counter the fallen spirits' influences. We can come to the realization that definite spiritual causes lie behind earthly events in our rapidly changing times. In these fourteen lectures, given at the end of 1917 following four years of war in Europe, Steiner speaks on the complex spiritual forces behind World War I, humanity's attempts to build theoretically perfect social orders, and the many divisions and disruptions that would continue on Earth into our own time. Humanity in general was asleep to the fact

that fallen spirits cast from the spiritual worlds had become intensely active on Earth This manifested mainly in human thinking and perception of the surrounding world However the defeat and fall of these spirits also ensured that a science of the spirit would always be available to humanity Bhagavad-Gitā, an International Bibliography of 1785-1979 Imprints Jagdish Chander Kapoor,1983 **The Language of the Consciousness Soul** Carl Unger,2012-06 We re trying to get to the castle of the Wise Enchanter Michael said It s very difficult But you have found your way to the Enchanted Islands said the hermit That is the first step and that is good I can t tell you which way to go since I have no idea You see very few people have ever reached the castle itself and no one has been there since I have been here but I can tell you one thing if you keep going straight through the forest it will end At the end there are two paths One path is the Right Way The other is the Left Way One of these paths is the true way and will take you where you need to go but you can only know which is which once you have gone along the way of your choice for some time What if the Right way is the wrong way or the Left way is the right way Lauren asked It sounds confusing Yes yes of course it does But once you ve done it everything will be perfectly clear Words are disappearing from the world Something is lurking in the deepest waters devouring all the words that are no longer used No one has noticed but the world is slowly growing darker For many years no children have come to the Enchanted Islands in search of Wisdom and the Wise Enchanter is growing old Four children from the corners of the earth have been sent on a quest to rediscover each letter unlock the treasure of language and thereby grow wise Time is running out if the children do not reach the castle of the Wise Enchanter in time Wisdom and light may vanish from the world altogether
