Governmental Operations with Respect to Intelligence Activities,1975 The Making of the October Crisis D'Arcy
Jenish,2020-10-06 A definitive mind changing history of the October Crisis and the events leading up to it The first bombs
exploded in Montreal in the spring of 1963 and over the next seven years there were hundreds more bombings many bank
robberies six murders and in October 1970 the kidnappings of a British diplomat and a Quebec cabinet minister The
perpetrators were members of the Front de lib ration du Qu bec dedicated to establishing a sovereign and socialist Quebec
Half a century on we should have reached some clear understanding of what led to the October Crisis Instead too much
attention has been paid to the Crisis and not enough to the years preceding it Most of those who have written about the FLQ
have been ardent nationalists committed sovereigntists or former terrorists They tell us that the authorities should have
negotiated with the kidnappers and contend that Jean Drapeau s administration and the governments of Robert Bourassa and
Pierre Trudeau created the October Crisis by invoking the War Measures Act Using new research and interviews D Arcy
Jenish tells for the first time the complete story starting from the spring of 1963 This gripping narrative by a veteran
journalist and master storyteller will change forever the way we view this dark chapter in Canadian history **Decisions**
