The Oculus And Other Stories:

The Book of the Oculus Nathan H. Fox, 2013-03-13 The Book of the Oculus is an adventure into religious satire set alongside ancient and modern esoterica Nathan H Fox dazzles the free thinking audience with this immense volume Sure to frighten and challenge the conservative audience Fox pulls no punches Utilizing religion as an artform The Book of the Oculus represents a feat of powerful and uncompromising intelligence Twisting and baffling to the mind as the Oculus may be it is the opening of a vast dome wherefrom freedom and tremendous wit shines forth [Tears of a Dragon](#) Bryan Davis, 2021-10-05 Bryan Davis writes with the scope of Tolkien the focus of Lewis the grandeur of Verne and most of all the heart of Christ Jeremiah F reader Billy and Bonnie won the battle but how will they win the war Billy and Bonnie s hard won victory in Circles of Seven came at a great cost as a vicious evil was unleashed on the earth With Billy s father missing Billy and Bonnie must lead the dragons into war against the demonic beings known as Watchers But in order to win the war an ultimate sacrifice must be made and Billy and Bonnie will be forced to make the greatest decision of their lives a choice that will change their world forever The fourth and final installment in the Dragons in our Midst series will leave you cheering crying and wishing for more adventures with these two friends *Storytelling for Virtual Reality* John Bucher, 2017-07-06 Storytelling for Virtual Reality serves as a bridge between students of new media and professionals working between the emerging world of VR technology and the art form of classical storytelling Rather than examining purely the technical the text focuses on the narrative and how stories can best be structured created and then told in virtual immersive spaces Author John Bucher examines the timeless principles of storytelling and how they are being applied transformed and transcended in Virtual Reality Interviews conversations and case studies with both pioneers and innovators in VR storytelling are featured including industry leaders at LucasFilm 20th Century Fox Oculus Insomniac Games and Google For more information about story Virtual Reality this book and its author please visit [StorytellingforVR.com](#) *Unity Virtual Reality Projects* Jonathan Linowes, 2018-05-24 If you are interested in Virtual Reality want to learn how it works and want to create your own VR experiences this book is for you We walk you through a series of tutorials and in depth discussions using the Unity game engine *The Oxford Handbook of Mental Health and Contemporary Western Aesthetics* , 2025-01-02 Human flourishing depends upon the mental health of the individuals Throughout history various cultural traditions have established and practiced diverse strategies to maintain their community members mental health treat their mental illness and enhance their well being They range from spiritual disciplines religious rituals and philosophical training to communal activities educational instructions and community support It is noteworthy that aesthetic objects and activities are frequently integrated into these strategies They include visual arts music dance story telling theatre and occasions and events made special by certain foods drinks decorations clothes and fragrance This long held and widely practiced integration of aesthetics into promotion of mental health testifies to the power of the aesthetic to affect the well being of humans and their

communities The world's major philosophies and religious traditions have recognized this power of the aesthetic For example Plato's proposed censorship of the arts in his utopian Republic indicates his acknowledgement of and a respect for the power of the arts to mold the citizen's psyche and character Confucianism also utilizes arts and rituals to promote moral virtues Finally Buddhism teaches the cultivation of mindful practice for human flourishing by developing an alternative relationship with present moment experience such as suffering and distress Today the most dominant methods of treating mental illness in the West are psychotherapy psychology and psychiatry methodologies and practices established and developed in Europe since the nineteenth century Ever since the birth of art and poetry its purpose has been to inspire stir and move people This handbook addresses the valuable role aesthetics plays in psychotherapy and psychiatry exploring both theory and practice

higher consciousness and the life death life process We see how love happiness forgiveness and laughter are able to promote bodily health We examine the role of intuition dreams beliefs spiritual healing and mental telepathy and the way they are working through the unconscious mind and the way the universal law of attraction is so effective Our deeper levels of consciousness open to the eternal spirit in each of us which is an unfolding story relating science and medicine to the gift of life We grow and learn to look within to find our destiny

Feminism, Labour and Digital Media Kylie Jarrett, 2015-11-19 There is a contradiction at the heart of digital media We use commercial platforms to express our identity to build community and to engage politically At the same time our status updates tweets videos photographs and music files are free content for these sites We are also generating an almost endless supply of user data that can be mined re purposed and sold to advertisers As users of the commercial web we are socially and creatively engaged but also labourers exploited by the companies that provide our communication platforms How do we reconcile these contradictions Feminism Labour and Digital Media argues for using the work of Marxist feminist theorists about the role of domestic work in capitalism to explore these competing dynamics of consumer labour It uses the concept of the Digital Housewife to outline the relationship between the work we do online and the unpaid sphere of social reproduction It demonstrates how feminist perspectives expand our critique of consumer labour in digital media In doing so the Digital Housewife returns feminist inquiry from the margins and places it at the heart of critical digital media analysis
