The Odyssey of Enlightenment Berthold Madhukar Thompson, 2002 This book chronicles one man's burning quest as he searches for and tirelessly questions a total of twelve spiritual teachers who are widely recognized as enlightened. The Odyssey of Enlightenment Berthold Madhukar Thompson, 2015-10-01 In 1991, Berthold Madhukar Thompson was declared enlightened by a renowned Indian teacher. Yet Madhukar's search for truth was not over; he himself was not convinced that he had achieved the summit of enlightenment. The Odyssey of Enlightenment chronicles the burning quest of a man already acknowledged to be enlightened as he searches for and ruthlessly questions a total of 12 other teachers, others who are widely recognized as enlightened. Spurred on by an unquenchable yearning for truth, Thompson's odyssey takes him to remote parts of India where he engages in dialogues of a quality and depth rarely found in the annals of religion. A chronicle of the author's burning quest for truth as he tirelessly questions a total of 12 spiritual teachers including Osho, U G Krishnamurthi, Ramesh S Balsekar, Papaji Gangolli, Kiran, and Andrew Cohen, amongst others. Contemplative dialogue of an unparalleled quality and depth.

The Empathic Ground Judith Blackstone, 2012-02-01 The Empathic Ground explores the experience of nondual consciousness as the basis of human connection and describes its importance for psychological healing. It looks at the therapeutic relationship from the perspectives of psychoanalytic intersubjectivity theory and Asian nondual philosophy, finding practical meeting points between them that illuminate crucial issues in psychotherapy such as transference and counter transference, the nature of subjectivity, and the role of the body. The book also includes a series of exercises developed by the author for realizing nondual consciousness in the clinical setting. Access to this subtle, unified dimension of consciousness develops both our individual human capacities: perception, understanding, love, and physical pleasure, and our relationships with other people. It thus has profound significance for both psychological healing and development, and for the relationship of psychotherapist and client.
