Diocese of Little Rock (Ark.), 1974* **The Odyssey of the Soul** Psychic Scheherazade, 2013-10 Doorway to Illuminations A strange kind of energy was vibrating and whirling through my soul in the early hours of 1 March 2007 raising my normal body frequency An unusual heat shot up through my body and I was aware of a strange heartbeat I felt as if I were dying or having a heart attack and I was terrified as no one else was with me The time was 3 am Instead of reaching for a glass of water I grabbed a pen and writing pad and sat up in my bed without consciously exercising my mind The pen kept writing and scribbling then I started to hear certain words and phrases which I began to repeat out loud It seemed as if hours and hours had passed and by this time I was so stiff that I could feel pain shooting up my spine By now I was alert looking at the piles of paper filled with my scribbling I was about to collapse so I decided to go and make myself a cup of tea and wash my face I felt normal again but to my astonishment I discovered that the time was by now 10 am How on earth had I sat there all those hours without moving I looked at everything I had written I couldn t believe it I had never had any interest at any time in my life in language or poetry and had never been able to produce fine words or phrases Yet I had managed to produce an extraordinary poem My mind was in disbelief I was so tired

and utterly baffled The next day all my friends and family were shocked at how such a powerful poem had come out of someone like me as I wasn't even born in this country After a week another poem came I was given these two poems for my life story book I asked whoever was around one night why and how and who I remembered that I'd had a dream in November 2006 in which my father who passed away in 2003 told me that a special gift would be given to me and for serving humanity That was the start of the series of poems which I began writing in March 2007 Up to the present time still more poems have been coming through I currently have a total of over 40 poems all a gift for humanity I was instructed to do no more works with individuals but that instead I would need to put my new power and psychic energy to more constructive use for the millions who are in turmoil and in grief and sorrow with all their complications and emotional love traps and more of the dark time which all of us have to go through at some stage of this decaying life I was also told that it is not my subconscious mind as psychology explains to us this is a fancy word they use yet where does that subconscious reside Call it whatever you like it is not important as it's the result which counts the truth of our evolved spirit within the soul energy which gives us solutions happiness understanding and unseen intelligence and the iron hand which pulls us out of the black hole of ordinary life with its awesome delusions and earthly domesticated matter It is very important to remember because you are free from every earthly conditioning you have received a gift The free spirit is an evolved illuminated being and progressed mind though not intellectually cultured That message will be carried with every second I breathe and I shall bring it and give it to all humans who will search one day to discover who they are and why we are born and what the true goal is but with a free mind and heart Here are the collection of that gifts of inspiration which I received from the higher being which is far wiser and more intelligent than any human born and any ordinary intellect Read on and think We have a collection of poems dictated by the Illuminators the Emperor of the Soul You can order it if you want to read them Many thanks for your time to read the true words of my heart Under the name of The Odyssey of the Souls Written by psychic Scheherazade Al Tellawy through trace and altered consciousness

The Contemplative Soul Adena Tanenbaum, 2002-01-01 During the eleventh and twelfth centuries Andalusian Jewish poets introduced philosophical theories into their devotional verse This study explores the impact of their rich intellectual and cultural life on their Hebrew poems devoted to the soul

The Secret History of the Soul Richard Sugg, 2014-08-11 What would Christianity be like without the soul While most people would expect the Christian bible to reveal a highly traditional opposition of matter and spirit the spirit forces of the Old and New Testaments are often surprisingly physical dynamic and practical a matter of energy as much as ethics The Secret History of the Soul examines the forgotten or suppressed models of body soul and human consciousness found in the literature philosophy and scripture of the ancient and classical worlds It shows how the spirit forces of Homer Plato Aristotle and the Old and New Testaments tended to be quantities not entities and to be closely bound up with the dynamic physical flux of the human body rather than cleanly abstracted in some absolute immaterial realm Forces such as *menos* and *thymos* *nephesh* *pneuma* and

dynamis not only blurred the line between body and soul but were potent and transferable being used in New Testament culture to effect magical cures or bestow magical power Related to this surprising lack of body soul dualism is a lack of dualistic afterlife in either Homer or Hebrew scripture where Hades and Sheol are the sole post mortem destinations The Secret History of the Soul restores the living strangeness of a spirit world filled with potent energy and practical magic in cultures which had not yet glimpsed the abstracted soul of later Christianity [Gnostic Writings on the Soul](#) ,2011-08-18 The inspiration and insight of these Gnostic writings can become a companion on your own spiritual journey Just what is a soul exactly Where did the idea come from How do we experience our souls Two ancient Gnostic texts The Exegesis on the Soul and The Hymn of the Pearl both presented here in all new translations hold important clues to the development of the soul as a concept and reveal inspiring ways your own soul can remember and return to its unique divine purpose The Exegesis on the Soul depicts the soul as a feminine figure who has fallen into the corrupted world and must find her way back to the Divine It is the story of the soul s struggle and redemption that will embolden your own spiritual pilgrimage The Hymn of the Pearl is an allegorical story about a prince sent to retrieve a precious pearl but who soon forgets his purpose and falls asleep It is a moving tale of the importance of remembering your soul s identity and calling and knowing that only you can fulfill your destiny Accessible facing page commentary explains the Gnostic writings for you even if you have no previous knowledge of Gnosticism or early Christianity Additional material draws on ancient religions Platonism Christianity Judaism Islam and modern philosophical and psychological notions of the soul to place the Gnostic teachings in a clear historical context By following the development of this concept through time you will more clearly perceive and respond to the divine spark found in your own soul **Odyssey of the Soul, When Gods Walk the Earth** Pamela Michael Chilton,Hugh Harmon,Light,2000-01-01 [Plotinus and Augustine on the Mid-Rank of Soul](#) Joseph Torchia, OP,2023-03-27 In Plotinus and Augustine on the Mid Rank of Soul Navigating Two Worlds Joseph Torchia OP explores the mid rank of the soul theme in Plotinus and Augustine with a special focus on its metaphysical epistemological and moral implications for each thinker s intellectual outlooks For both human existence assumes the character of a prolonged journey or an extended voyage Augustine infuses Plotinus vision of reality with a profound theological significance rooted in the ontological difference between God and creatures As a rational creature the soul stands mid way between God and corporeal natures between eternity and temporality This book encompasses two parts Part I addresses the significance that Plotinus attributes to the soul s mid rank within the broader context of his understanding of universal order and Part II delineates Augustine s interpretation of the intermediary status of the soul with an ongoing reference to his spiritual and intellectual peregrination as recounted in the Confessions **The Soul of Basketball** Ian Thomsen,2018-04-17 A fascinating thorough look at pro basketball s continuing evolution to becoming the sport of the American Dream Publishers Weekly The Soul of Basketball tells the story of an NBA prodigy his league and their sport in the throes of crisis during the pivotal 2010 11 season It began

with The Decision that infamous televised moment when uber star LeBron James revealed that he was leaving the Cleveland Cavaliers thereby distancing himself from his role model Michael Jordan to pursue his first championship with his former opponents on the Miami Heat To the great fortune of LeBron the NBA and basketball itself the mission didn't work out as planned In this book veteran NBA writer Ian Thomsen portrays the NBA as a self-correcting society in which young LeBron is forced to absorb hard truths inflicted by his rivals Kobe Bryant Doc Rivers and Dirk Nowitzki in addition to lessons set forth by Pat Riley Gregg Popovich Larry Bird David Stern Joey Crawford and many more Brimming with inside access *The Soul of Basketball* tells the inspiring story of LeBron's loneliest year insecure and uncertain when his ultimate foe was an unlikely immigrant who renewed the American game's ideals From Miami to Boston Los Angeles to Dallas Germany to the NBA's Manhattan headquarters the biggest names in basketball are driven by something more valuable than money and fame a quest that would pave the way for Stephen Curry Kevin Durant and future generations to thrive Ian Thomsen provides an antidote to the fast food twitter feed of instant information consumption deft prose and snappy anecdotes Great great stuff Leigh Montville New York Times bestselling author of *Sting Like a Bee* A fine work of sports journalism Kirkus Reviews starred review

The Soul of Tragedy Victoria Pedrick, Steven M. Oberhelman, 2005 *The Soul of Tragedy* brings together scholars to offer perspectives on the Greek tragedy The collection pays homage to this genre by offering an exploration into the oldest form of dramatic expression

The Soul in Everyday Life Daniel Chapelle, 2003-09-25 *The Soul in Everyday Life* argues that modern psychology has given up on dealing with the idea of soul or psyche even though the field is named after it If psychology wishes to be truly satisfying it needs to be more than behavioral science according to Daniel Chapelle He concludes that psychology can only satisfy the deepest human needs when it can offer a sense of soul in everyday life He explores ways of restoring this sense of soul to everyday life by examining how talk about something as elusive as the soul is possible and by reanimating a sense for what the notion of soul can mean Working in the tradition of Nietzsche Freud Jung and Jung's student James Hillman Chapelle reaches back into millennia of Western thought to reanimate the dying sense of soul in everyday life and put the psyche back in psychology

Imagining the Soul Rosalie Osmond, 2003-11-06 Basing her approach on historical sources Rosalie Osmond explores the way the soul has been represented in different cultures and at different times from ancient Egypt and Greece through medieval Europe and into the 21st century

An Image of the Soul in Speech David N. McNeill, 2009-01-01 In this book David McNeill illuminates Plato's distinctive approach to philosophy by examining how his literary portrayal of Socrates manifests an essential interdependence between philosophic and ethical inquiry In particular McNeill demonstrates how Socrates's confrontation with profound ethical questions about his public philosophic activity is the key to understanding the distinctively mimetic dialogic and reflexive character of Socratic philosophy Taking a cue from Nietzsche's account of the problem of Socrates McNeill shows how the questions Nietzsche raises are questions that in Plato's depiction Socrates was aware of and responded to McNeill also shows how the Republic

provides a view of Socratic moral psychology that resembles Nietzsche's account of human psychology it deals with the internalized ethical narratives and justificatory schemes through which human beings orient themselves to their world McNeill argues that this moral psychology not only determines Socrates's explicit account of different character types and political regimes but also crucially informs his dialectical engagements with his various interlocutors in the dialogues In addition to contributing a unique perspective to current debates about Socrates's philosophic methods and the significance of the literary character of Plato's dialogues the book offers a far reaching interpretation of Plato's presentation of the theoretical and practical activities of the fifth century Sophists And in showing how Plato responds to modern theoretical challenges McNeill provides new evidence to question standard views of the differences between ancient and modern conceptions of the self society and nature

When the Soul Remembers Itself Thomas Singer, Jules Cashford, Craig San Roque, 2019-04-24 Do the ancient Greek poets playwrights philosophers and mythologies have anything to say to modern human beings Is their time finished or do their insights have as much relevance to the human condition as they did 2 500 years ago When the Soul Remembers Itself continues the exploration of the connections between ancient and modern psyche with a resounding affirmation of its ongoing relevance Uniquely combining poetry drama and storytelling in a pioneering collection an international selection of contributors each explore a character myth or theme from ancient Greece in the context of its relevance to the modern psyche Each author enters an imaginative dialogue that pieces and bridges together fragments of the past with the present exploring themes such as initiation war love paranoia tragedy and the soul's journey through the vicissitudes of life on earth through characters such as Ajax Persephone Orpheus Electra the Apostle Paul Perpetua and Jocasta Understanding myth is crucial in Jungian analysis and by connecting the modern person with the age old questions of life and death the contributors bring truly archetypal narratives to life and speak to the human condition throughout the ages When the Soul Remembers Itself will be of great interest to academics and students of Jungian and post Jungian studies classics ancient religion archetypal studies and mythology As the contributors' conclusions apply to both contemporary theory and clinical practice it will also appeal to Jungian analysts and psychotherapists in practice and training
