fantasy or the supernatural the fantastic is in actuality its own beast and perhaps the most deeply frightening of all narrative modes From Dracula and Nightmare on Elm Street to Carrie and Them the fantastic has become an ideal vehicle to denounce deep cultural dysfunctions that affect not only the way we understand reality but also how we construct it This work studies the various dimensions of the fantastic mode examining the influences of iconic authors such as H P Lovecraft and Jean Ray and addressing key narrations such as Guy de Maupassant's The Horla and Jordan Peele's Get Out It explains why the fantastic is not about ghosts or monsters but about the incomprehensible sides of our own reality and the terrifying unknown

dreams After all as a man thinks in his heart so he is is the place of your dreams not in your own heart However the big question is have you ever had a great dream in the day with your eyes wide open If not has one ever been revealed to you in your sleep My dear what have you done to and with your dreams Did you transform them into creative physical thinking or did you allow someone to successfully lie to you that such dreams are signs of an impending illness Usually in a place like Africa when men dream great dreams they are accused of having a bout of malaria But the sheer truth is only men who have dreamt great dreams have also turned out to be great in life only nations who have dreamt great dreams have also turned out to be great in the committee of nations Martin Luther King Jnr once had a dream Bill Gates also definitely did have a dream and today I have a new dream that you can become the man or woman of your own dreams the happy millionaire the quintessential preacher the excellent career person the best athlete the music star the banker par excellence name it you can be whatever you want to be Basically A Fantastic Cruise To The Zenith is an excellent allegorical guide to the place of your dreams wherever it is But beyond that it also guides you to a point of new discovery the Zenith the state of assured eternal security the realm of abundance and the regime of highest achievements I count you rather blessed and favored to behold this divinely inspired message received in line with my vision to strengthen people especially my generation and those yet to come It is a book of life designed to answer to the needs of many from all cadres and from all ages it will answer to your very need The writing style is absolutely unique and essentially focused on general readership but with a systematic attempt to assert the symptomatic beauty of excellent living demystify the concept of human destiny construct a fulcrum for achieving a healthier happier and more successful human life here on earth and a profitable eternal life for the soul even after the first death A Fantastic Cruise To The Zenith also makes strong reference to my theory of the Democratic Human Tripod which is an elegant attempt to explain the tripartite composition of man with a view to bringing all men to the truth that maketh free The book begins with an acclaimed must read prologue and has six 6 conceptual parts namely 1 A New Beginning 2 The Way 3 The Vehicle 4 The Cruise 5 The Crossing 6 Never To Be Forgotten The 1st part ends with a technical innovation to demystify the concept of Human Destiny and simply relates it to conscious envisioning and mission statements The 2nd part has got another practical innovation The Balanced Success Map BSM which is an attempt to practically guide the reader or Cruiser as he translates most constructively his current feasible dreams and wishes to some very highly achievable goals The 3rd part comes with yet another innovation The Vehicle Destiny 2 07 U20x Model which is arguably the grandest vehicle in town You just can t wait to acquire it The 4th part introduces the reader to the practical applications of the already established principles whereas the 5th part dwells instructively on life after here which to me is the crux of the matter And just before the closure the 6th part appears to be asking Would you be remembered after dust has become dust The overriding implication is that A Fantastic Cruise To The Zenith may not just end at being sold bought and read It may also have to be studied and read over and over again My advice is for it to be by your pillow at night in your bag when on the
