Hazen, 1992 Why do smokers claim that the first cigarette of the day is the best What is the biological basis behind some heavy drinkers belief that the hair of the dog method alleviates the effects of a hangover Why does marijuana seem to affect ones problem solving capacity Intoxicating Minds is in the author's words a grand excavation of drug myth Neither extolling nor condemning drug use it is a story of scientific and artistic achievement war and greed empires and religions and lessons for the future Ciaran Regan looks at each class of drugs describing the historical evolution of their use explaining how they work within the brain s neurophysiology and outlining the basic pharmacology of those substances From a consideration of the effect of stimulants such as caffeine and nicotine and the reasons and consequences of their sudden popularity in the seventeenth century the book moves to a discussion of more modern stimulants such as cocaine and ecstasy In addition Regan explains how we process memory the nature of thought disorders and therapies for treating depression and schizophrenia Regan then considers psychedelic drugs and their perceived mystical properties and traces the history of placebos to ancient civilizations Finally Intoxicating Minds considers the physical consequences of our co evolution with drugs how they have altered our very being and offers a glimpse of the brave new world of drug therapies The Cambridge Companion to British Poetry, 1945-2010 Edward Larrissy, 2016 This Companion brings together sixteen essays that explore the full diversity of British poetry since the Second World War Focusing on famous and neglected names alike from Dylan Thomas to John Agard leading scholars provide readers with insight into the ongoing importance and profundity of post war poetry To Ireland, I Paul Muldoon, 2011-04-07 The four pieces that make up this work are taken from Muldoon's Oxford Clarendon Lectures of 1998 Together they take the form of an A Z or abecedary of Irish literature in which his imagination forges links between disparate aspects and individuals in the Irish literary landscape ranging back and forth between modern and medieval From Beckett and Bowen through MacNeice Swift and Yeats and guided throughout by Joyce To Ireland I moves lightly through the long grass of Irish writing The result is a provocative handbook for the literary traveller who is treated to an astonishing display of scholarship and idiosyncratic inwardness from Irish literature over the course of a millennium Yeats Annual No 7

Warwick Gould, 2016-07-27 The essays in Yeats Annual No 7 are dedicated to the memory of Richard Ellmann one of the great pioneer critics of W B Yeats They have been contributed by distinguished colleagues and friends of Richard Ellmann chosen on his advice The volume also contains much new material by Yeats himself a new and virtually complete early draft of his novel The Speckled Bird here entitled The Lilies of the Lord and two new poems from The Flame of the Spirit manuscript book given to Maud Gonne in 1981 Irish Literature Patricia Coughlan, Tina O'Toole, 2008 Feminist Parnell and his Times Joep Leerssen, 2020-12-17 Marked by names such as W B Yeats perspectives on Irish literature James Joyce and Patrick Pearse the decade 1910 1920 was a period of revolutionary change in Ireland in literature politics and public opinion What fed the creative and reformist urge besides the circumstances of the moment and a vision of the future The leading experts in Irish history literature and culture assembled in this volume argue that the shadow of the past was also a driving factor the traumatic undigested memory of the defeat and death of the charismatic national leader Charles Stewart Parnell 1846 1891 The authors reassess Parnell s impact on the Ireland of his time its cultural religious political and intellectual life in order to trace his posthumous influence into the early twentieth century in fields such as political activism memory culture history writing and literature Stepping Stones Dennis O'Driscoll, Seamus Heaney, 2008-12-09 Chronicles the life of twentieth century Irish poet Seamus Heaney from his infancy to his Nobel Prize in 1995 and also discusses his post Nobel life family writings and other related topics **Reading the Ground** Brian John, 1996 In this comprehensive study of Thomas Kinsella's poetry Brian John explores the poet's development within both the Irish and the English contexts and defines the nature of his poetic achievement He also offers a new reading of Kinsella's evolving relationship to one of his major literary forebears W B Yeats What becomes clear is the formidable accomplishment of a poet now writing at the height of his powers whose substantial body of work warrants comparison with the grand masters of twentieth century literature in English with Yeats Joyce and Beckett God's Spies: Michelangelo, Shakespeare and Other Poets of Vision Paul Murray OP,2019-02-21 Written with both passion and precision God's Spies is a work that will be welcomed by anyone interested in the vital interplay between poetry and religion The authors represented including poets such as Michelangelo St Francis of Assisi Charles P guy Dante and Shakespeare all possess one great and surprising quality in common audacity All of them in their work offer fresh and unforeseen perspectives on life and literature Some of these authors are religious in the strict meaning of the word their work indicating a devout turning away from the distractions of the world to focus on God Others in contrast are poets whose work is distinguished by a remarkable visionary focus on the many small and great dramas of life attending with bright imaginative genius to what Shakespeare calls the mystery of things Rewriting Early America Christopher K. Coffman, 2018-11-27 Recent poems and fictions set in the early Americas are typically read as affirmations of cultural norms as evidence of the impossibility of genuine engagement with the historical past or as contentious repudiations of received histories Inspired particularly by Mihai Spariosu's arguments regarding literary playfulness as an opening to

peace Rewriting Early America The Prenational Past in Postmodern Literature adopts a different perspective with the goal of demonstrating that many recent literary texts undertake more constructive and hopeful projects with regard to the American past than critics usually recognize While honoring writers pervasive critiques of hegemony this volume trades a preoccupation with antagonism for an interest in restoration and recuperation It describes how texts by John Barth John Berryman Susan Howe Toni Morrison Paul Muldoon Thomas Pynchon and William T Vollmann harness the ambiguities of the colonial past to find sociocultural possibilities that operate beyond the workings of power and outside the politics of difference Throughout this book remains devoted to uncovering the moments at which contemporary writers proffer visions of American communities defined not by marginalization and oppression but by responsive understanding and inclusion
