*Crime, Jews and News* Daniel Mark Vyleta, 2007-01-01 Crimes committed by Jews especially ritual murders have long been favorite targets in the antisemitic press This book investigates popular and scientific conceptualizations of criminals current in Austria and Germany at the turn of the last century and compares these to those in the contemporary antisemitic discourse It challenges received historiographic assumptions about the centrality of criminal bodies and psyches in late nineteenth and early twentieth century criminology and argues that contemporary antisemitic narratives constructed Jewish criminality not as a biológico racial defect but rather as a coolly manipulative force that aimed at the deliberate destruction of the basis of society itself Through the lens of criminality this book provides new insight into the spread and nature of antisemitism in Austria Hungary around 1900 The book also provides a re evaluation of the phenomenon of modern Ritual Murder Trials by placing them into the context of wider narratives of Jewish crime Hints on News Reporting Murray Sheehan, 1922 **Crime, Jews and News** Dan Vyleta, 2007 Examines the discourse in the press on Jewish crime at the turn of the 19th century in an epoch when criminal and court room reports became very popular and attracted a wide audience The period 1895 1914 was marked by the development of criminal science which attempted to find psychological and physical abnormalities identifying the born criminal and by a rise in racist antisemitism Theories of a Jewish propensity to crime were circulated Remarkably racial antisemitism affected the press accounts on Jewish criminals or Jewish accomplices defense attorneys etc of non Jewish criminals only to a small degree Of all the antisemitic narratives on Jewish criminality the antisemitic press used mainly the image of the Jew as a rational and cunning criminal actor coolly acting out a crime that was collective and conspiratorial in nature Even when reporting on sexual crimes and white slave trafficking the papers never stressed sexual motives of Jewish defendants but only their callous greed Dwells on the ritual murder trial of Hilsner in Bohemia and shows the extent to which the perception of this case and even the course of the trial were affected by the press The reports of the antisemitic press on Jewish criminality was intended for antisemitic believers and did not affect non antisemites however this press had a great number of readers In the Nazi period the narrative on Jewish criminality acquired blatantly racial motifs Types of News Writing Willard Grosvenor Bleyer, 1916 **Murder at the National Cathedral and Other Historic D.C.
