Hall,2008-12-15 This eBook walks students from the history of American journalism through sports writing editorial writing yearbook and newspaper design to photography and careers in journalism A full bodied context to prepare students for journalism now and after highschool

**Contemporary Editing** Cecilia Friend, Don Challenger, 2013-10-15 Contemporary Editing offers journalism students a forward looking introduction to news editing providing instruction on traditional newsroom conventions along with a focus on emerging news platforms This comprehensive text provides students with a strong understanding of everything an editor does addressing essential copy editing fundamentals such as grammar and style editorial decision making photo editing information graphics and page design and new media approaches to storytelling Throughout the book focuses on how the editor s attitude a keen awareness of news values ethics and audience comes into play in all facets of news editing This new edition offers expanded coverage of web publishing and mobile media giving students solid editing skills for today s evolving media and news forums Features of the Third Edition Editing 2 0 boxes discuss the impact of digital technology and social media on editing Coverage of grammar problems and a new chapter on working with numbers provide students with a strong grasp of math and grammar which are the underpinnings for all writing and editing An emphasis on editing for brevity prepares students to write and edit clearly and briefly for print and for the web A chapter on the art of headline writing guides students through one of the editor s most important tasks and introduces the task of search engine optimization Examples of ethics and legal situations show students how issues arise in even the most basic stories and how to address them Online exercises present additional practice for students without needing to purchase a workbook [Editing Across Media](#)

Ross F. Collins, 2013-02-18 Requirements for professional media editing have undergone enormous technological change Editors still edit copy But today they do much more Mass media editors must demonstrate skills from computerized pagination to social media monitoring from image manipulation to Search Engine Optimization The need for editing skills is reaching far beyond traditional journalism and into all areas of mass media from newspapers to strategic communication Public relations practitioners are expected to edit Even advertising creative professionals must edit And journalists taking on new roles as social media editors need to understand editing at the speed of digital media This textbook aims to prepare university level students for these expanded editing roles in an age of convergence Thirteen authors representing many years of collective media experience examine both traditional editing roles and new editing needs While many mass media students will not become professional editors this textbook assumes nearly all will need competent editing knowledge to produce products of professional quality Editing the authors believe remains a bedrock skill for all students who hope to be successful in the mass media Instructors considering this book for use in a course may request an examination copy here **How to**

**Write about the Media Today** Raúl Damacio Tovares, Alla V. Tovares, 2010-03-02 A comprehensive and practical guide to writing a successful media paper or report from selecting a topic to submitting the final draft How to Write about the Media Today is the first book to offer students and media practitioners a comprehensive approach for researching and preparing a report paper or presentation on some aspect of today s mass communication How to Write about the Media Today begins with a discussion of different types of media outlets from traditional newspapers and television to the Internet as well as an

overview of contemporary directions in media studies This is followed by a series of step by step strategies for selecting topics conducting research and writing cogently and engagingly about media related events and issues Because each chapter stands on its own this resource can be read sequentially or consulted topic by topic as needed Extraordinary Jobs in Media Alecia T. Devantier,Carol A. Turkington,2006 Ever wonder who wrangles the animals during a movie shoot What it takes to be a brewmaster How that play by play announcer got his job What it is like to be a secret shopper The new

Primary Curriculum Design Handbook Brian Male,2012-02-02 A practical guide rooted in best practice to designing a wide and engaging primary curriculum Real Feature Writing Abraham Aamidor,2014-04-08 Real Feature Writing emphasizes story shape and structure by illustrating several distinct types of feature and non fiction stories all drawn from the real world Author Abraham Aamidor presents a collection of distinct non deadline story types profile trend focus advocacy and more providing an introduction to each story type a full text example a critical analysis of the example and clear directions for producing similar stories In this second edition Aamidor and his guest contributors all with real world journalistic experience demonstrate in clear honest language how to write features New for this edition are updated examples of feature writing integrated throughout the text a chapter on ethical journalism which takes a critical look at propaganda a chapter on international perspectives including coverage of issues in the Middle East chapters on research freelancing content editing copyediting and literary journalism This text is appropriate for upper level journalism students and will be a valuable resource for freelance writers and young working journalists needing guidance on writing features

**Art of Editing, The (Subscription)** Brian S. Brooks,James L. Pinson,2015-10-05 The Art of Editing continues to be the standard by which editing texts are judged offering the most comprehensive and up to date discussion of editing available Long viewed as the classic in the field of editing The Art of Editing continues to evolve to meet the needs of today s students In addition to a focus on traditional newspaper editing the authors pay significant attention to the other areas in which students are increasingly finding jobs online media corporate magazines broadcasting public relations and advertising The ninth edition of The Art of Editing details the major changes revolutionizing the media industry and prepares students to work in convergent environments where skill in print broadcast and online operations is essential **A Short History of Disruptive Journalism Technologies** Will Mari,2019-02-07 A Short History of Disruptive Journalism Technologies provides a swift analysis of the computerization of the newsroom from the mid 1960s through to the early 1990s It focuses on how word processing and a number of related affordances including mobile reporting tools impacted the daily work routines of American news workers The narrative opens with the development of mainframes and their attendant use as databases in large daily newspapers It moves on to the minicomputer era and explores initial news worker experiences with computers for editing and publication Following this the book examines the microprocessor era and the rise of smart terminals microcomputers and off the shelf hardware software along with the increasing use of computers in smaller news

organizations. Mari then turns to the use of pre internet networks wire services and bulletin boards deployed for user interaction. He looks at the integration of decentralized computer networks in newsrooms with a mix of content management systems and PCs and the increasing use of pagers and cellphones for news gathering including the shift from portable to mobile conceptualizations for these technologies. A Short History of Disruptive Journalism Technologies is an illuminating survey for students and instructors of journalism studies. It represents an important acknowledgement of the impact of pre internet technological disruptions which led to the even more disruptive internet and related computing technologies in the latter 1990s and through the present.

**Indonesian Snapshots** John Mohn, **Strategic Copy Editing** John

Russial, 2004-01-01 This pragmatic text helps students master the craft of copy editing including both the editing skills and the people skills essential to professional success. Experienced newspaper copy editor and professor John Russial covers the fundamentals and more how to edit for grammar punctuation usage and style attend to broader issues of fairness and focus develop strong headlines and other display elements and work collaboratively with reporters other editors and designers. Special attention is given to the copy editor's role as critical thinker and coach as well as resident wordsmith. Throughout proven editing strategies are explained and numerous concrete examples and practical tips offered.

*The Art of Editing* Brian S. Brooks, James L. Pinson, 2022-03-30 Now in its 12th edition this core text is the most comprehensive and widely used textbook on editing in journalism. Thoroughly revised and updated to incorporate more online and multimedia formats this hands on guide offers a detailed overview of the full process of journalistic editing exploring both the micro aspects of the craft such as style spelling and grammar and macro aspects including ethics and legality. Recognizing the pronounced global shift toward online multimedia the authors continue to stress the importance of taking the best techniques learned in print and broadcast editing and applying them to online journalism. This new edition also includes an in depth discussion of the role editors and journalists can play in recapturing the public's trust in the news media. Additional chapters examine how to edit for maximum visual impact and how to edit across media platforms teaching students how to create a polished product that is grounded in the best practices of journalism. The Art of Editing 12th edition remains an essential resource for students of journalism across all media and levels interested in editing design and media writing as well as for professionals seeking to refine and refresh their skill set. Accompanying online features include instructor PowerPoints and student exercises.

**Investigative Reporting from Premise to Publication** Marcy Burstin, 2017-02-09 This book gives readers the confidence they need to handle any investigative reporting assignment and to produce demonstrated results. Its step by step progression covering the entire investigative process will help them stay on track to complete stories of any size. The book answers relevant questions such as Where can I find a story? What do I do when a source won't talk? How can I find the right documents to support my story? How can I present this story online? and How can a spreadsheet keep it all from falling apart? Investigative Reporting contains full stories and timely examples from both professional and student reporters. Each chapter

concludes with sequential Big Story assignments to help readers research write and publish their own investigative stories Web links to online resources including public records information computer assisted reporting techniques and interactive investigative story examples will help readers move smoothly and successfully through an investigative story or team reporting project whether for print broadcast or the Web
