A Resolution Of Dreams James Qualls,2020-11-17 Abusir Egypt 1800s Band of Peace Pyramids Karl Richard Lepsius listed more than sixty pyramids We are now aware of more than one hundred such structures still hidden beneath the sand The late Egyptologist and indigenous wisdom keeper Ab del Hakim Awyan who was born in the village of Abusir near the Giza Plateau stated Egyptians include twenty two of these pyramids in what they call the Band of Peace which includes Giza and other sites both north and south of that along the Nile The Great Pyramid of Giza is located directly at the center of the earth s landmass During 2170 2144 BCE the Descending Passage of the pyramid pointed to Alpha Draconis the North Pole star No other star has aligned with the passage since that time They were not only constructed and aligned to mirror the positions of the stars but designed to replicate the harmonic cavities within the human body The Pyramids are sophisticated oscillation systems Each chamber tuned to a specific biologic frequency The priests used the sound waves to restore the body of those suffering to a correct resonant balance What they discovered about the power of resonance was only the beginning The North Pole Admiral Byrd flew into the inner Earth while over Antarctica on February 19th 1947 he

was under the impression he had discovered the mythical city of Shambala Mythical being the keyword here The Resolutionist s Agenda Three Hours Ago There is a balance to everything the duality of Yin usually signaled by the arrival of a comet begins The trials commence the mythology finds its footing and builds tempered in fire by the evil that wants them to fail Wholesomeness and decency have fallen out of favor They rankle the nightmares who prefer the world dark Snow White s lookalike has been poisoned Prince Charming was bankrupted and sold into bondage It has all been building to here The cast of Gathering our story written and preserved in the library of forever With any jigsaw puzzle you start with the edges and follow the colors The patterns begin to build with every piece laid until the bigger picture emerges But God has a sense of humor and it s not until you set yourself free that you see the depth of it We find hope in our adolescent fables We all have a destiny however minor that may be Something summoned significant consequential even to some effect that resides somewhere within our hearts By completing my childhood promise my life took a turn What started as a debt paid grew into something beyond my wildest imagination I hope I can do it justice Christmas is coming When did you two grumpmuffins know Leo told us after we initiated him He had been visiting her in dreams so he knew your other half We set out to find the rest of the puzzle when M olga tore us apart You re not going to believe what we found Just so you know Rudolph isn t red he s an orange

Judy Moody and Stink: The Holly Joliday Megan McDonald,2011-10-11 Judy Moody is making a list and checking it twice but all her brother Stink wants this year is snow It hasn t snowed on Christmas in Virginia in more than a hundred years so what are the chances that that will change Enter the new mailman Mr Jack Frost who not only looks like a jolly old elf but also seems to know a lot about weather patterns has a fondness for the cold and works looooooong hours during the holiday season Plus it s the best time of the year when strange packages and lots of surprises are swirling around so isn t it possible that Stink might get his wish Fans who curl up with this new Moody comedy can be sure that their bellies will shake like a bowlful of jelly
