Masculinity Peter Lehman, 2013-02-01 Lehman brings together new work on masculinity in film by established film scholars new academics performance artists and cultural critics The essays analyze trends from the role of gay men in saving heterosexuality to the emergence of new queer cinema *Bowker's Complete Video Directory*, 2000 Richard Nixon, Watergate, and the Press Louis W. Liebovich, 2003-05-30 It's time to revisit Watergate In this compelling reexamination Liebovich draws extensively from newly available sources including recently released Nixon Oval Office tapes FBI reports and personal reminiscences of cover up leader John Dean Liebovich sheds new light on the Nixon administration's extensive foul play zeal to battle and manipulate the press scandalous mirroring and eventual political disgrace After detailing the nation's news media coverage of the Watergate debacle and the ensuing breakup of American politics Liebovich recounts the scandal's long lasting corrosive effect on presidential and popular politics Scholars and students of the media and latter 20th century American political malaise will be provoked and persuaded by Liebovich's argument that much of the public's cynicism toward the press the president and politics stems from the bitter battles fought in the White House on the front pages and on television screens between the press and Nixon's administration The book focuses on the fight against a press perceived as hostile to the President and charts how the nation's major newspapers and magazines covered the unfolding scandal Newly released sources show how Nixon and his advisors immersed themselves so deeply in a maze of deception and mistrust that none involved could extricate themselves creating a political tragedy that haunts us to this day **Bowker's Complete Video Directory 2001**, 2001 **Frost/Nixon** David Frost, Bob Zelnick, 2009-10-13 The British journalist recounts his 1977 interview with the disgraced American president the basis for the Tony Award winning play Oscar nominated film In Frost Nixon Sir David Frost tells the extraordinary story of how he pursued and landed the biggest fish of his career and how the series drew larger audiences than any news interview ever had in the United States before being shown all over the world This is Frost's absorbing story of his pursuit of Richard Nixon and is no less revealing of his own toughness and pertinacity than of the ex President's elusiveness Frost's encounters with such figures as Swifty Lazar Ron Ziegler potential sponsors and Nixon as negotiator are nothing short of hilarious and his insight into the taping of the programs themselves is fascinating Frost Nixon provides the authoritative account of the only public trial that Nixon would ever have and a revelation of the man's character as it appeared in the stress of eleven grueling sessions before the cameras Including historical perspective and transcripts of the edited interviews this is the story of Sir David Frost's quest to produce one of the most dramatic pieces of television ever broadcast described by commentators at the time as a catharsis for the American people **Popular Photography**, 1999-02 **Nixon's Vietnam War** Jeffrey P. Kimball, 1998 The signing of the Paris Agreement in 1973 ended not only America's Vietnam War but also Richard Nixon's best laid plans After years of secret negotiations threats of massive bombing and secret diplomacy designed to shatter strained Communist alliances the
