*America in Literature: The Northeast*, 1979      Identity in Northeast Indian Literature Dustin Lalkulhpuia, 2024-09-19

This book provides an in depth analysis and critical examination of the representation of ethnic sexual cultural and individual identities in selected literary works by contemporary writers from Northeast India. The book explores the complex dynamics of identity construction, sexuality, marginalisation, ethnicity and belonging in the context of Meghalaya and Northeast India as a whole. The author analyses poetry and prose by Janice Pariat, Anjum Hasan, Kynpham Singh Nongkynrih and other Khasi writers. These works candidly portray the turmoil afflicting contemporary Meghalaya from insurgency and ethnic tensions to ecological threats and loss of roots as well as reconciliation, integration and mutual understanding. Using postmodern and postcolonial literary strategies, the book depicts fluid, heterogeneous and multifaceted notions of identity in Northeast India. An exploration of ethnicity, belonging and unbelonging in the Northeastern context, this book presents marginalised voices and liminal spaces. It will be of interest to academics focusing on Indian English literature, postcolonial literature and South Asian Studies.

**The Cambridge History of Latin American Literature** Roberto Gonzalez Echevarría, Enrique Pupo-Walker, 1996-09-19. The Cambridge History of Latin American Literature is by far the most comprehensive work of its kind ever written. Its three volumes cover the whole sweep of Latin American literature including Brazilian from pre-Colombian times to the present and contain chapters on Latin American writing in the USA. Volume 3 is devoted partly to the history of Brazilian literature from the earliest writing through the colonial period and the Portuguese language traditions of the nineteenth and twentieth centuries and partly also to an extensive bibliographical section in which annotated reading lists relating to the chapters in all three volumes of The Cambridge History of Latin American Literature are presented. These bibliographies are a unique feature of the History, further enhancing its immense value as a reference work.

**The Oxford Handbook of Indigenous American Literature** James Howard Cox, Daniel Heath Justice, 2014. Over the course of the last twenty years, Native American and Indigenous American literary studies has experienced a dramatic shift from a critical focus on identity and authenticity to the intellectual, cultural, political, historical and tribal nation contexts from which these Indigenous literatures emerge. The Oxford Handbook of Indigenous American Literature reflects on these changes and provides a complete overview of the current state of the field. The Handbook's forty-three essays, organized into four sections, cover oral traditions, poetry, drama, non-fiction, fiction and other forms of Indigenous American writing from the seventeenth through the twenty-first century. Part I attends to literary histories across a range of communities, providing for example analyses of Inuit, Chicana/o, Anishinaabe and M'is literary practices. Part II draws on earlier disciplinary and historical contexts to focus on specific genres as authors discuss Indigenous non-fiction, emergent trans-Indigenous autobiography, Mexican and Spanish poetry, Native drama in the U.S. and Canada, and even a new Indigenous children's literature canon. The third section delves into contemporary modes of critical inquiry to expound on politics of place, comparative Indigenism.

trans Indigenism Native rhetoric and the power of Indigenous writing to communities of readers A final section thoroughly explores the geographical breadth and expanded definition of Indigenous American through detailed accounts of literature from Indian Territory the Red Atlantic the far North Yucatán Amerika Samoa and Francophone Quebec Together the volume is the most comprehensive and expansive critical handbook of Indigenous American literatures published to date It is the first to fully take into account the last twenty years of recovery and scholarship and the first to most significantly address the diverse range of texts secondary archives writing traditions literary histories geographic and political contexts and critical discourses in the field      **Encyclopedia of American Literature of the Sea and Great Lakes** Jill B.
