But her peace is shattered when Brad Van den Berg, the man she once ran from, shows up on her doorstep, stabbed to death. How did Brad find her and why is someone trying to frame her for his murder? As whispers spread and the life she's rebuilt hangs by a thread, Meredith must uncover the killer's identity before it's too late. With Detective Sam Logan on her side and a town full of strangers to navigate, she's unsure who to trust in a place where friends and foes hide in plain sight. In this charming town, it seems murder is in fashion.

One by One Chris Carter, 2013-08-15 From the Sunday Times bestselling author Chris Carter comes the next instalment in the Robert Hunter series. Detective Robert Hunter of the LAPD's Homicide Special Section receives an anonymous call asking him to go to a specific web address; a private broadcast. Hunter logs on and a horrific show, devised for his eyes only, immediately begins. The LAPD, together with the FBI, use everything at their disposal to electronically trace the transmission down, but this killer is no amateur and he has covered his tracks from start to finish. And before Hunter and his partner Garcia are even able to get their investigation going, Hunter receives a new phone call. A new website address. A new victim. But this time the killer has upgraded his game so that anyone can take part. Readers can't get enough of *One by One*. 5 star reviews. A fascinating series with great police procedural work and such a great cast. This series just more and more gruesome as it goes. I love it. This is another very engrossing story. A hugely entertaining and gruesome serial killer story. Expect trademark Chris Carter gore, graphic details and a book you cannot put down. Pure brilliance.
