Life After Death Nigel Starck,2006-01-01 The obituary pages of our quality newspapers have been described as oases of calm in a world gone mad a lovely part of the paper to linger in and writing that matters Entertaining inspiring and informative they serve as a legitimate instrument of history and have enjoyed an extraordinary revival in popularity over the past twenty years Life After Death investigates and celebrates the development of the obituary form in the British American and Australian press Author Nigel Starck tracks down the earliest exercise in obituary publication in 1622 then traces the evolution of the form over four centuries from times when the obituary was the reserve of royalty and privilege to its contemporary egalitarian mode Along the way Dr Starck delves into a multitude of lives from the heroic to the comic the saintly to the downright villainous the exemplary to the eccentric Meet in the posthumous cast list Major Digby Tatham Warter of Britain s Parachute Regiment who carried an umbrella into battle just in case it rained the absent minded Australian barrister Pat Lanigan who drove from Canberra to Sydney and then flew

back leaving his car behind and the eccentric American publisher Eddie Clontz whose newspaper reported exclusively of course that tiny terrorists were disguising themselves as garden gnomes Life After Death also incorporates a connoisseur's collection of ten obituaries reprinted in full the subjects include Helen Keller Diana Mosley Quentin Crisp George Wallace and Rosa Parks Without doubt Life After Death is a book that will outlive its author as an enduring celebration of journalism's dying art Canon Smith expired after suffering an unfortunate disagreement with his bishop The Sydney Morning Herald 1882 Minnesota Fats died at his home in Nashville He was eighty two or perhaps ninety five The New York Times 1996
