The Occult Meaning Of Sexual Unity:

The Occult Meaning of Sexual Unity Sha Rocco, 2005-12-01 This scarce antiquarian book is a facsimile reprint of the original. Due to its age it may contain imperfections such as marks, notations, marginalia and flawed pages. Because we believe this work is culturally important, we have made it available as part of our commitment for protecting, preserving, and promoting the world's literature in affordable, high-quality modern editions that are true to the original work. Chaste Liberation Sally Kitch, 1989 Sex is not a simple concept. Focusing on the issue of celibacy, the author explores the cultures of three post-Civil War utopian communities and their relation to female status in American society. From her examination of the Shakers, Koreshans, and Sanctificationists, the author concludes that the adoption of celibacy promoted theoretical sexual equality and female social power in those religious groups. Bookjacket. *The Spirituality of Sex* J. Harold Ellens, 2009-03-20 This book describes the psychospiritual facts of life about the pervasiveness of sexuality in all aspects of human life. The energy developed by our libido is the dynamic source of all the forces that shape our experience: life, motives, thought, feelings, desires, and spiritual longings. No facet of life is untouched or unshaped by this dynamo. Whether we are sitting in church at worship, in a meeting for business, in a party for pleasure, we are always aware of the gender of those who are around us and of their level of sensuality as it impacts us. If we are not aware of that, some wounding has produced an impairment in us that has forced us to repress the awareness inappropriately. This work is not a how-to manual so much as a description of the deep meaningfulness that can be found in the spirituality of sex. It is designed to enlighten us about ourselves, to give names to what we all feel all the time and do not know quite how to describe. It is about savoring the spiritual flavor of sexual play and sexual union. This is a book for everyone, from the inquiring adolescent to the mature adult looking for what is missing in sex and relationships. This is not a book mainly for Christians or Jews. It is about the generic human spirituality in every one of us, true believer and atheist alike. It is about being human more fully and with greater satisfaction. Human spirituality is best defined as our irrepressible hunger and quest for meaning in all aspects of life. Human sexuality is best defined as our irrepressible hunger and quest for union with other persons and the meaning of life found in the wholeness that such union brings. Sexuality and spirituality are not two different things. They are two names for the same thing: the irrepressible human quest for meaning, fulfillment, union, and wholeness. They are not two different forces, nor are they in any way at odds with one another as they have been made to seem in the polarizing attitudes about sexuality and spirituality popular in human society thanks to the excessive and negative moralization of sex. Here Ellens sheds new light on the interplay of sexuality and spirituality through the use of anecdotes, observation, and thoughtful analysis. **AARP The Seven Spiritual Laws of Yoga** Deepak Chopra, M.D., 2012-04-17 AARP Digital Editions offer you practical tips, proven solutions, and expert guidance. Oscillation in Literary Modernism John Francis Harty, 2009 While the two modernist novels considered in this book Samuel Beckett's *Murphy* and Malcolm Lowry's *Under the Volcano* were initially understood within the categories of stoic and tragic despair more recent criticism has focused upon their carnivalesque dimension The identification of these hermeneutic polarities presented the author with the challenging problem which underlies the present analysis namely the question concerning the structural relationship between the contesting thematics Drawing upon the paradigm of oscillation as established within the natural sciences and adding a figurative dimension to the concept the author has adapted this model as a key to unravelling the narrative buoyancy and structural coherence which sustain these novels of Modernism The book elucidates how the carnivalesque challenge to despair contributes towards innovative narrative configurations

Timeless Series: A Spiritual Compilation Clayton Tylor, 2023-09-23 This is a collection of seven previously published books on spirituality The series starts with *The Feeling to vivify our body to spiritual Life* Next is *Love Light and ten attunement exercises to experience the Limitless Light* Then comes *Conjugal Love Our Path of Return* where we learn to Will the affection of mutual love for spiritual healing After that we read *Timeless Life The 365 Day Self improvement Plan* to learn how to invoke an out of body sensation of being infinite and eternal From there we take on *The Great Work Obtaining Inner Power and Virtue* to discover the happiness and delight from willing what is good We then graduate to *The Affection of Love How to Invoke an Influx of Spiritual Good* and practice invoking an influx of Conjugal Love for our own spiritual regeneration Finally we read *Good Truth The Art of Spiritual Balance* to unite the inner and outer self to discover the centre point of spiritual balance within *The Bond of Love: Catholic Teaching on Marriage & Sexual Ethics* Willem Jacobus Cardinal Eijk, 2025-09-10 Contemporary attitudes toward marriage family life and human sexuality have undergone profound changes since the mid twentieth century spurred by a host of social and cultural factors Large segments of the population in the West now hold views on marriage and sexual ethics that are very different from the values and norms taught by the Church Indeed Catholic teaching on the truth of marriage and human sexuality is open to strong criticism including among groups of Catholics and seems at best poorly understood In *The Bond of Love* Willem Jacobus Cardinal Eijk provides a comprehensive and unflinching account of the Church's teaching on marriage and sexual ethics dispelling misconceptions and elucidating its truth with grace and clarity As he demonstrates far from being a set of arbitrary rules that constrain human freedom this teaching is instead a deep wisdom for human flourishing anchored in the truth of God and man divinely revealed within Scripture Tradition and the Gospel Eijk first locates Catholic teaching on marriage and sexuality in relation to the currently dominant views in Western society He follows this with an exposition of the fundamental starting point of the Church's teaching on the nature of marriage and sexuality rooted in theological anthropology Next discussed is the virtue of chastity the integration of the sexual faculties into the personality and what it requires of both married and unmarried persons The volume concludes by addressing practices and circumstances that violate the essence of marriage This powerful witness to the truth and beauty of Catholic teaching on marriage and sexual ethics is a vital resource for pastors teachers and all of the Church's faithful striving to live in the love and communion that is grounded in Christ *The Occult in Art* Owen S. Rachleff, 1983 **Virtue as Identity** Aleksandar Fatic, 2016-07-11 Virtue as Identity offers a study of how virtue is learned and identity acquired through the selection and internalization of values A large part of this process is externally imposed through culture Another perhaps more important part of the process is the result of individual and collective sensibilities The

book emphasizes the role of emotions and emotional sensibility in our choice of values The book re affirms traditional morality as the foundation of our individual and collective identities The author argues that emotions as well as rational decisions guide the value choices we make and the ideals of character that we presuppose on a political level as much as they do in our private lives Thus the societies we live in are a reflection of our identities or the identities of the majority This opens up radical questions about the identities of the dissenting minorities the proper concept of a moral or value community and the real reach and value of tolerance in modern democracy **The Revelatory Body** Luke Timothy Johnson,2015

Argues that theology can respond faithfully to the living God only by paying due attention to human bodily experience Scripture points to the human body and lived experience as the preeminent arena of God s continuing revelation in the world says Luke Timothy Johnson Attentively discerning the manifestations of God s Spirit in and through the body is essential for theology to recover its nature as an inductive art rather than as traditionally conceived a deductive science Willingness to risk engaging actual human situations as opposed to abstract conceptualizations of those situations is required of the theologian Johnson argues He celebrates the intimations of divine presence and power in such human experiences as play pain pleasure work and aging showing how theology can respond faithfully to the living God only by paying due attention to human bodily experience **ThirdWay** ,1983-06 Monthly current affairs magazine from a Christian perspective with a focus on politics society economics and culture

Catholic Church the papal encyclical Humanae vitae represents a deepening of understanding regarding the nature of married love and the transmission of life Despite fifty years 1968 2018 since it s promulgation many Catholics have yet to discover the treasure of these rich teachings This volume therefore seeks to elucidate the encyclical s reaffirmation of the divine plan It does this in a unique way by providing essays from experts of various disciplines that include history theology science medicine law and governmental policy The occasion of the fiftieth anniversary of Humanae vitae offers a teaching moment In this compendium experts representing a variety of disciplines including history culture theology medicine law and

psychology present their reflections upon God's divine plan as described in *Humanae vitae*. The authors first presented this work in an abbreviated form at a symposium held at The Catholic University of America April 4-6, 2018. Here their presentations are substantively developed and hopefully will encourage further scholarly work. Ultimately their purpose is to help the reader arrive at a more positive understanding of the teachings found in *Humanae vitae*. Although designed for the educated reader, the essays presume that when the teachings of *Humanae vitae* are embraced by men and women, they can contribute to the healing of the wounds of a world broken by sin but redeemed by Christ. **Being at Work** Lloyd E. Sandelands, 2014-04-10. What is it to be truly human at work? Why do so many people today ache to be more human at work? In this book, Lloyd E. Sandelands unites the metaphysics of Aristotle and Aquinas and the social teachings of the Catholic Church to describe how business leaders can help people in their organizations become more truly and fully human. *Being at Work* is a much needed marriage of metaphysical philosophy and managerial common sense. *The Occult in Art* Fred Gettings, 1979.
