**The Occult Review** ,1910 London Forum (incorporating "The Occult Review") ,1919 The Occult Arts J. W. Frings,1913 Hartmann's Who's who in Occult, Psychic and Spiritual Realms...in the United States and Foreign Countries ,1927 Occult Roots of Religious Studies Yves Mühlematter,Helmut Zander,2021-06-08 The historiographers of religious studies have written the history of this discipline primarily as a rationalization of ideological most prominently theological and phenomenological ideas first through the establishment of comparative philological and sociological methods and secondly through the demand for intentional neutrality This interpretation caused important roots in occult esoteric traditions to be repressed This process of purification Latour is not to be equated with the origin of the academic studies De facto the elimination of idealistic theories took time and only happened later One example concerning the early entanglement is Tibetology where many researchers and respected chair holders were influenced by theosophical ideas or were even members of the Theosophical Society Similarly the emergence of comparatistics cannot be understood without taking into account perennialist ideas of esoteric provenance which hold that all religions have a common origin In this perspective it is not only the history of religious studies which must be revisited but also the partial shaping of religious studies by these traditions insofar as it saw itself as a counter model to occult ideas The Two Worlds ,1928 **The Life After Death and how Theosophy Unveils it** Charles Webster Leadbeater,1917 **The Esoteric World of Madame Blavatsky** ,2001-02-25 World traveler and student of religions Blavatsky was among the first to bring Eastern wisdom to the West Her writings excited such luminaries as W B Yeats James Joyce Wassily Kandinsky Piet Mondrian and Gustav Mahler Here are first handed accounts of her colorful life by family friends and enemies *Quarterly Transactions of the British College of Psychic Science* British College of Psychic Science,1925 *The Physics of the Secret Doctrine* William Kingsland,1992-12-31 1910 the Secret Doctrine by Madame H P Blavatsky published in 1888 and other modern Theosophical works contain a very large amount of information concerning the nature of the phenomenal universe in which we live the nature of Matter and Force This **Physics and Psychics** Richard Noakes,2019-10-17 Noakes revelatory analysis of Victorian scientists fascination with psychic phenomena connects science the occult and religion in intriguing new ways **The Prince of Destiny** Sarath Kumar Ghosh,1910 **An Open Letter to the Author of "Priestess of the Occult" Regarding the Charges Against H.P. held a perennial place in the collective imagination of humanity from ancient Greece onward Many of the great minds of the occult and esoteric world wrote at length on their theories of Atlantis about its high culture its possible location its ultimate demise and their predictions of a return to Atlantean enlightenment or the downfall of modern society Beginning with a review of the rationalist writings on Atlantis those that use geographic and geologic data to validate their theories renowned scholar Joscelyn Godwin then analyzes and compares writings on Atlantis from many of the great occultists and esotericists of the 19th and 20th centuries including Fabre d Olivet G I Gurdjieff Guido von List Julius Evola Edgar Cayce Dion Fortune and Ren Gu non whose writings often stem from deeper metaphysical sources such as sacred texts prophecy or paranormal communication Seeking to unravel and explain the histories and interpretations of Atlantis and its kindred myths of Lemuria and Mu the author shows how these different views go hand in hand with the concept of cyclical history such as the Vedic system of the four Yugas the Mayan calendar with its 2012 end date the theosophical system of root races and the precession of the equinoxes Venturing broader and deeper than any other book on Atlantis this study also covers reincarnation human evolution or devolution the origins of race and catastrophe theory     **Borderland** ,1893     A Textbook of Theosophy Charles Webster Leadbeater,1912     *Theosophy and the Woman's Movement* Charlotte Despard,1913 The president of London s Women S Freedom League describes the women s movement as part of an overall social movement to affect political economic and social change     *The Gnosis* William Kingsland,2000 Goes back to the initial teachings that were used in the creation of the Christian religion and demonstrates that they were actually derived from the Gnosis or Ancient Wisdom Gnosis is a Greek word meaning knowledge or to know In the early Church those who were mystics or Gnostics were rejected and considered heretics What makes this book so important is that it identifies certain mystical teachings from early times as rightfully belonging in the Church According to Kingsland this is the real Christian message as originally understood by the Gospel writers
