continuation of the story begun in *Speak to the Devil* amps up the romance and intrigue while letting readers spend more time with master fantasist Dave Duncan's unique complex and ornery but delightful characters. When we left the Brothers Magnus they had assembled in Cardice to help Anton Magnus defend the castle from attack by a neighboring state with a significant military advantage and several officers who at any moment could request help from saints or depending on your perspective from the devil. But Cardice has a secret weapon in the form of young Wulfgang Magnus who can ask a few favors of his own from these devil saints. The only problem is that Wulf is in love with Madlenka, the countess from Cardice who was forcibly married to Anton to explain why he's suddenly leading the country. Even Wulf is unsure if family and political loyalty should override love. He's also beginning to realize that the magical battle he's stepped into has some serious rules that he doesn't know and has no way to learn. And when several wild cards in every battle can tap into nearly limitless sources of magic who knows how far and wide the battle might range.

When the Saints is a Kirkus Reviews Best of 2011 Science Fiction Fantasy title. **Mother of Lies** Dave Duncan, 2025-04-16. Continuing the storyline set out in *Children of Chaos*, *Mother of Lies* is a fierce kinetic romp that will keep readers guessing until the last blow is dealt. The past fifteen years have not been kind to Celebre, the greatest city on the Florengian face of a dodecahedral world. Its walls have been breached and its Doge humiliated by the evil Bloodlord Stralg, all four of its heirs kidnapped and taken over the Edge to Vigaelia, its Dogaresa forcibly impregnated by Stralg, and when her husband's health begins to fail, left to rule over a city teeming with Stralg's troops. And if you think Stralg is bad, wait until you meet his sister Saltaja, a fanatic who sees no human cost as too great to keep the Hrag dynasty in power and her goddess, evil Xaran, the Mother of Lies, appeased. But there are a few great hopes for the future of the city: the Mutineer Marno Cavotti, who will not stand to see his hometown destroyed and is massing a powerful liberation movement mere inches beyond Stralg's grasp; and the four heirs of Celebre, each with god-given expertise in their respective fields of artistry, combat, wisdom, or death, are wending their way back over the Edge to their birthplace. Of course, even as Marno and the Celebre children are working towards the common goal of defeating the Hrags, they're all painfully aware that once that hurdle is crossed, only one of them can wind up on the throne. **Children of Chaos** Dave Duncan, 2006-06-13. *Children of Chaos* is the start of a stirring, politically charged quest duology by acclaimed fantasy author Dave Duncan. On a dodecahedral world in thrall to the tyrannical, war-obsessed Hrag dynasty, no one could stop the Bloodlord from sending troops over the Edge to Florengia, invading its major cities, and offering them a choice between strict colonial rule and immediate and total destruction. When the Doge of Celebre was faced with this ultimatum, he gave his children up as hostages so that the rest of Celebre might live. Thus the four young Florengians were taken from their homes and scattered.

across the Vigaelian face Fifteen years later and you d never guess that they re siblings Fabia was adopted by a wealthy landowner and spoiled rotten Orlando desperately yearns to overcome his Florengian blood and fight for the Vigaelian army Benard is a flighty but talented artist and Wisdom has it that Dantio the eldest died fighting his captors But when Celebre suddenly takes on crucial political significance one of the siblings must return home to serve as Celebre s puppet ruler and the others must be eliminated so that there are no rival claimants to the throne It s going to be tough enough finding one another let alone deciding whether enough kinship remains after fifteen years apart that the siblings will care to help each other out of their respective predicaments If they re feeling particularly altruistic the Celebres might even take on the bonus round trying to save Dodec from the culture of death and war imposed on it by its evil warlords One thing s for certain the Celebre children are going to have a lot of adjusting to do At the Publisher s request this title is being sold without Digital Rights Management Software DRM applied

The A to Z of Fantasy Literature Brian Stableford,2009-08-13 Once upon a time all literature was fantasy set in a mythical past when magic existed animals talked and the gods took an active hand in earthly affairs As the mythical past was displaced in Western estimation by the historical past and novelists became increasingly preoccupied with the present fantasy was temporarily marginalized until the late 20th century when it enjoyed a spectacular resurgence in every stratum of the literary marketplace Stableford provides an invaluable guide to this sequence of events and to the current state of the field The chronology tracks the evolution of fantasy from the origins of literature to the 21st century The introduction explains the nature of the impulses creating and shaping fantasy literature the problems of its definition and the reasons for its changing historical fortunes The dictionary includes cross referenced entries on more than 700 authors ranging across the entire historical spectrum while more than 200 other entries describe the fantasy subgenres key images in fantasy literature technical terms used in fantasy criticism and the intimately convoluted relationship between literary fantasies scholarly fantasies and lifestyle fantasies The book concludes with an extensive bibliography that ranges from general textbooks and specialized accounts of the history and scholarship of fantasy literature through bibliographies and accounts of the fantasy literature of different nations to individual author studies and useful websites
