Tilburg, 2009 In France's Third Republic secularism was for its adherents a new faith a civic religion founded on a rabid belief in progress and the Enlightenment conviction that men and women could remake their world And yet with all of its pragmatic smoothing over of the supernatural edges of Catholicism the Third Republic engendered its own fantastical ways of seeing by embracing observation corporeal dynamism and imaginative introspection How these republican ideals and the new national education system of the 1870s and 80s the structure meant to impart these ideals shaped belle poque popular culture is the focus of this book The author reassesses the meaning of secularization and offers a cultural history of this period by way of an interrogation of several fraught episodes which although seemingly disconnected shared an attachment to the potent moral and aesthetic directives of French republicanism a village's battle to secularize its schools a scandalous novel a vaudeville hit featuring a nude celebrity and a craze for female boxing Beginning with the writer and performer Colette 1873 1954 as a point of entry this re evaluation of belle poque popular culture probes the startling connections between republican values of labor and physical health on the one hand and the cultural innovations of the decades preceding World War I on the other

A Balthus Notebook Guy Davenport, 2020-08-11 In his 1989 book on Balthus the storied and controversial artist who worked in Paris throughout the twentieth century Guy Davenport gives one of the most nuanced literary and compelling readings of the work of this master Reading it today highlights the change in perspectives on sexuality and nudity in art in the past thirty years Written over several years in his notebooks Davenport's distinct reflections on Balthus's paintings try to explain why his work is so radical and why it has so often come under scrutiny for its depiction of girls and women Davenport throws the lens back on the viewer and asks is it us or Balthus who reads sexuality into these paintings For Davenport the answer is clear Balthus may indeed show us periods in adolescent development that are uncomfortable to view but the eroticization exists primarily on the part of the viewer Arguing that Balthus's figures are erotic only if we make them so and that their innocence is more present than anything pornographic in them Davenport posits that the paintings hold up a mirror to our own perversities and force us difficultly to confront them He writes The nearer an artist works to the erotic politics of his own culture the more he gets its concerned attention Gauguin's naked Polynesian girls brown and remote escape the scandal of Balthus's although a Martian observer would not see the distinction Davenport's critique helps us understand Balthus in our times something we need more than ever as we crucially confront sexual politics in visual art
