State,2015-04-16 Brussels has become the capital of Europe serving as the headquarters for key regional and international agencies including the European Union the North Atlantic Treaty Organization UN organizations multinational businesses lobbying firms governmental groups and nongovernmental organizations Its status as a diplomatic political and economic center assumes ever greater importance as the EU grows in depth and breadth This second edition of Historical Dictionary of Brussels covers its history through a chronology an introductory essay appendixes and an extensive bibliography The dictionary section has over 900 cross referenced entries on important personalities politics economy foreign relations religion and culture This book is an excellent access point for students researchers and anyone wanting to know more about Brussels      *Polyptych: Adaptation, Television, and Comics* Reginald Wiebe,2021-09-07 Through each of its chapters Polyptych Adaptation Television and Comics examines the complex dynamics of adapting serialized texts The transmedial adaptation of collaborative and unstable texts does not lend itself to the same strategies as other more static adaptations such as novels or plays Building off the foundational work of Linda Hutcheon and G rard Genette Polyptych considers the analogy of adaptation as a palimpsest a manuscript page that has been reused leaving traces of the previous work behind as needing to be reevaluated A polyptych is a multi panel artwork and provides a new model for analyzing how adaptation works when translating collaborative and unstable texts Given that most television and comic books are episodic and serialized and considering that both media are also the cumulative work of many artists this book offers a series of distanced readings to reassess how adaptation works in this field Comic book adaptations on television are plentiful and are nearly completely ignored in critical discussions of

adaptation This collection focuses on texts that fall outside the most common subjects of study among the corpus and contributes to expanding the field of inquiry The book features texts that are subjects of previous academic interest as well as studies of texts that have never before been critically considered It also includes an appendix that provides the first list of comic book adaptations on North American television Polyptych is a unique and timely contribution to dynamic and growing fields of study The book will be of interest to scholars and researchers in the fields of Comic Studies Adaptation Studies and Critical Media Studies more broadly as well as to students undertaking courses on these subjects It will also appeal to comic book and pop culture fans who wish to expand their knowledge on the subject **Bowker's Guide to Characters in**
