The first anthology to map the full range of haiku in the English tradition Haiku in English is an anthology of more than 800 brilliantly chosen poems that were originally written in English by over 200 poets from around the world Although haiku originated as a Japanese art form it has found a welcome home in the English speaking world This collection tells the story for the first time of Anglophone haiku charting its evolution over the last one hundred years and placing it within its historical and literary context It features an engaging introduction by former U S poet laureate Billy Collins and an insightful historical overview by leading haiku poet editor and publisher Jim Kacian The selections range from the first fully realized haiku in English Ezra Pound's In a Station of the Metro to plentiful examples by haiku virtuosos such as John Wills Marlene Mountain Nick Virgilio and Raymond Roseliep and to investigations into the genre by eminent poets like John Ashbery Allen Ginsberg and Seamus Heaney The editors explore the genre's changing forms and themes highlighting its vitality and its breadth of poetic styles and content Among the many poems on offer are organic form experiments by E E Cummings and Michael McClure evocations of black culture by Richard Wright and Sonia Sanchez and the seminal efforts of Jack Kerouac

**The Japanese Effect in Contemporary Irish Poetry** Irene De Angelis, 2016-04-30

The Japanese Effect in Contemporary Irish Poetry provides a stimulating original and lively analysis of the Irish Japanese literary connection from the early 1960s to 2007 While for some this may partly remain Oscar Wilde's mode of style this book will show that there is more of Japan in the work of contemporary Irish poets than a tinkling of china and tea into china Drawing on unpublished new sources Irene De Angelis includes poets from a broad range of cultural backgrounds with richly varied styles Seamus Heaney Derek Mahon Ciaran Carson and Paul Muldoon together with younger poets such as Sinéad Morrissey and Joseph Woods Including close readings of selected poems this is an indispensable companion for all those interested in the broader historical and cultural research on the effect of oriental literature in modernist and postmodernist Irish poetry

**The Poetry of Paul Muldoon** Jefferson Holdridge, 2008-08-01

The Poetry of Paul Muldoon introduces the student and general reader to the critical discussion surrounding Muldoon's oeuvre as well as to his major themes It examines the poet's meditations on culture and nature human and animal speculations on the act of perception figures fragmented by the Troubles and philosophical considerations of colonisation It then discusses what rank among the most beautiful and intricate elegies of our time For Muldoon art's complicity in suffering is a political self-indicting question which his best poems endeavour to answer If sometimes this Pulitzer Prize winner insists that art has a positive role to play at other times he fears that it merely feeds off the carnage This critical book shows how for Muldoon art should not merely repeat the devastation of the world although he is afraid that it does and engages in bitter moral despair that places his work among the very best any contemporary poet has written The Poetry of Paul Muldoon unearths difficult questions of form with a
