*Listening* ,1976      **Plato and Socrates (RLE: Plato)** Richard McKirahan, 2012-11-12 This valuable work of reference provides a comprehensive bibliography on all scholarly work that was published on Plato and Socrates during the years 1958-73. It thus forms an important addition to Harold Cherniss's bibliography which covered the years 1950-7. The author has sought to include all materials primarily concerned with Socrates and Plato together with other works which make a contribution to our understanding of the two philosophers. The bibliography is arranged by topic and there are cross references at the end of each section. The works in each category are arranged chronologically and then alphabetically by author within each year. An effort has been made to distinguish when a book has had more than one edition and when an article has been reprinted. Additionally, the author has listed reviews of books and dissertations as these have come to his attention.

*Moral Knowledge?* Walter Sinnott-Armstrong, Mark Timmons, 1996. *Moral Knowledge* is a collection of specially commissioned papers each presenting a major position within the field of moral epistemology. Chapters start by introducing readers to the position the author defends, locating this position vis-à-vis competing views and explaining technical vocabulary before arguing that position. Topics covered include moral skepticism, moral truth, projectivism, contractarianism, coherentism, feminist views, quasi-realism, and pragmatism. Most authors are established philosophers in the field.
