*A Sketchbook by Egon Schiele* Egon Schiele, Renée Price, Janis Staggs, Diana C. Stoll, Neue Galerie New York, 2005 **A Sketchbook by Egon Schiele** Egon Schiele, 1967 Facsimile edition of sketchbook by Egon Schiele Egon Schiele, 1967 A Sketchbook by Egon Schiele Otto Kallir, 1967 **Sketchbook** Atelier Du Musee, 2019-06-29 **Sketchbooks** Christian M. Nebelhay, Egon Schiele, 1989 Few of Egon Schiele's sketchbooks are known to have survived intact many were dismantled after his death and their pages sold individually Reproduced here for the first time ever in their entirety are all thirteen of the complete books now preserved in public collections in Vienna They date from 1911 to 1918 the last and most important years of the artist's short life To place the sketchbooks in their context in Schiele's oeuvre and to give a comprehensive view of his output more than a hundred of his finished paintings watercolors and gouaches are presented in full color alongside their related studies Accompanying the reproductions are illuminating excerpts from Schiele's correspondence and other contemporary sources which shed penetrating light on the artist's intimate life Dust jacket The Sketchbook Gerd Presler, 2017-06-01 Sketchbooks are an outstanding feature in more than a few exhibitions they have a downright prominent place in showcases above them monitors where all sheets can be seen on touch screens a visual pleasure and an exciting event Unfortunately however many people continue to be rather baffled by sketchbooks What goes on there Most are convinced that the purpose of a sketchbook is to prepare for a work typically a painting Its pages contain impressions of a preliminary nature sketched in a few strokes which are completed at another time and another place But things have changed and this is a development we have to examine at long last in greater depth sketchbooks can accomplish more they plough a field other than that of pre liminarity To date there is no publication that explores their true significance within the creative process Is it not called for to take a close look at the weight artists attach to the silent companion in their jacket pocket This is the purpose of this book **Egon Schiele** Alessandra Comini, 1964 Egon Schiele Christian M. Freitag, 2013-10-28 First published in 1997 For this second edition of Art Books A Basic Bibliography of Monographs on Artists the vast number of new books published since 1985 was surveyed and evaluated This has resulted in the selection of 3 395 additional titles These selections reflective of the increase in the monographic literature on artists during the last ten years are evidence of the activities of a larger number of art historians in more countries worldwide of the increasingly diverse and ambitious exhibition programs of museums whose number has also increased dramatically and also of a lively international art market and the attendant gallery activities The selections of the first edition have been reviewed errors have been corrected and important new editions and reprints have been noted The second edition contains 278 names of artists not represented in the first edition Ein Skizzenbuch, by Egon Schiele Egon Schiele, 1967 **The Naked Truth** Alys X. George, 2020-05-15 Uncovers the interplay of the physical and the aesthetic

that shaped Viennese modernism and offers a new interpretation of this moment in the history of the West Viennese modernism is often described in terms of a fin de siècle fascination with the psyche But this stereotype of the movement as essentially cerebral overlooks a rich cultural history of the body The Naked Truth an interdisciplinary tour de force addresses this lacuna fundamentally recasting the visual literary and performative cultures of Viennese modernism through an innovative focus on the corporeal Alys X George explores the modernist focus on the flesh by turning our attention to the second Vienna medical school which revolutionized the field of anatomy in the 1800s As she traces the results of this materialist influence across a broad range of cultural forms exhibitions literature portraiture dance film and more George brings into dialogue a diverse group of historical protagonists from canonical figures such as Egon Schiele Arthur Schnitzler Joseph Roth and Hugo von Hofmannsthal to long overlooked ones including author and doctor Marie Pappenheim journalist Else Feldmann and dancers Grete Wiesenthal Gertrud Bodenwieser and Hilde Holger She deftly blends analyses of popular and high culture laying to rest the notion that Viennese modernism was an exclusively male movement The Naked Truth uncovers the complex interplay of the physical and the aesthetic that shaped modernism and offers a striking new interpretation of this fascinating moment in the history of the West
