Willoughby Cole Verner,1890      **Beyond the Reach of Empire** Mike Snook,2013-12-09 In the early 1880s the Mahdi unleashed a spectacularly successful jihadist uprising against Egyptian colonial rule in the Sudan Early in1884 Cairo bowed to British pressure to withdraw Beyond the Reach of Empire describes how Major General Charles Gordon was despatched to evacuate Khartoum and turn the Sudan over to self rule It goes on to explain how and why the mission backfired and then homes in on Sir Garnet Wolseley s planning and execution of the long delayed Gordon Relief Expedition which arrived according to popular myth only two days after the city had fallen and Gordon had been killed Colonel Mike Snook s narrative is characterized by scrupulous attention to detail an instinctive grasp of the period and an intimate understanding of its setting The author argues compellingly that the Khartoum campaign was mismanaged from the outset The outcome is the exoneration of Colonel Sir Charles Wilson the man cast in the role of scapegoat and an indictment of Wolseley s generalship over the course of the last and most deeply flawed campaign of his career Full review available at <http://www.warhistoryonline.com/reviews/beyond-reach-empire-wolseleys-failed-campaign-save-gordon-khartoum-review-mark-barnes.html> please copy and paste into your browser As featured in Wye Local Magazine      [The British Army Regular Mounted Infantry 1880-1913](#) Andrew Winrow,2016-11-03 The regular Mounted Infantry was one of the most important innovations of the late Victorian and Edwardian British Army Rather than fight on horseback in the traditional manner of cavalry they used horses primarily to move swiftly about the battlefield where they would then dismount and fight on foot thus anticipating the development of mechanised infantry tactics during the twentieth century Yet despite this apparent foresight the mounted infantry concept was abandoned by the British Army in 1913 just at the point when it may have made the transition from a colonial to a continental force as part of the British Expeditionary Force Exploring the historical background to the Mounted Infantry this book untangles the debates that raged in the army Parliament and the press between its advocates and the supporters of the established cavalry With its origins in the extemporised mounted detachments raised during times of crisis from infantry battalions on overseas imperial garrison duties Dr Winrow reveals how the Mounted Infantry model unique among European armies evolved into a formalised and apparently highly successful organisation of non cavalry mounted troops He then analyses why the Mounted Infantry concept fell out of favour just eleven years after its apogee during the South African Anglo Boer War of 1899 1902 As such the book will be of interest not only to historians of the nineteenth century British army but also those tracing the development of modern military doctrine and tactics to which the Mounted Infantry provided successful if short lived inspiration      [Monthly Bulletin of the Providence Public Library ...](#) Providence Public Library (R.I.),1898      *Baily's Magazine of Sports and Pastimes* Tresham Gilbey,1883      **Carl Benn's Stories of Canada's Past** **2-Book Bundle** Carl Benn,2016-07-11 Military historian Carl Benn explores the rich history of our nation with two absorbing stories of bravery in this special two book bundle *Mohawks on the Nile* *Natives Among the Canadian Voyageurs in Egypt* 1884 1885 *Mohawks on the Nile* explores the absorbing history of sixty Aboriginal men who left their occupations in the

Ottawa River timber industry to participate in a military expedition on the Nile River in 1884 1885 Chosen because of their outstanding skills as boatmen and river pilots they formed part of the Canadian Voyageur Contingent which transported British troops on a fleet of whaleboats through the Nile's treacherous cataracts in the hard campaigning of the Sudan War

Historic Fort York 1793 1993 Fearing an American invasion of Upper Canada John Graves Simcoe had Fort York built in 1793 as an emergency defensive measure That act became the first step in the founding of modern Toronto In this book Carl Benn explores the dramatic roles Fort York played in the frontier war of the 1790s the birth of Toronto the War of 1812 the Rebellion of 1837 and the defence of Canada during the American Civil War and describes how Toronto's most important heritage site came to be preserved as a tangible link to Canada's turbulent military past *Baily's Magazine of Sports & Pastimes*, 1883 The Army and Navy Magazine, 1886 **Subject-index of the Books in the Author Catalogues for the Years 1869-1895** Public Library of New South Wales. Reference Dept, 1903 **Sudan** Edward M. Spiers, 2013-07-04 In 1898 Kitchener's Anglo Egyptian army defeated the armies of dervishes at the battle of Omdurman To commemorate the event 11 historians have produced a reappraisal of the reconquest and its international repercussions They examine some of the policies personalities and issues involved *Baily's Magazine of Sports and Pastimes*, 1883 **Visual Conflicts** Paul Fox, Gil Paternak, 2020-05-15 This collection of essays explores ways in which visual cultures have engaged with armed conflict and politically motivated acts of violence of all types It works out of analytical frameworks developed in the fields of Art History and Visual Culture in order to address the politics of representing conflict within and beyond these disciplines The contributors seek to extend perceived well established academic approaches to thinking about visual production in the context of war conflict and militarism through a study of various themes including historiography subjectivity biography narrative construction commemoration identity and memory formation Each author considers how visual representations of conflict shape the meanings of politically significant events of specific social formations of subject positions and enacted roles The volume investigates a set of representational regimes in visual media including print making painting photography and digital imaging and the use to which they have been put to generate as well as mediate realities of conflict
