Stephen Sennott,2004 For more information including the introduction a full list of entries and contributors a generous selection of sample pages and more visit the Encyclopedia of 20th Century Architecture website Focusing on architecture from all regions of the world this three volume set profiles the twentieth century's vast chronicle of architectural achievements both within and well beyond the theoretical confines of modernism Unlike existing works this encyclopedia examines the complexities of rapidly changing global conditions that have dispersed modern architectural types movements styles and building practices across traditional geographic and cultural boundaries **Gordon Bunshaft and SOM** Nicholas Adams,2019-10-11 This nuanced portrait of Gordon Bunshaft and his work for the architecture firm SOM explores his role in defining the built aesthetic of corporate America *Skidmore, Owings & Merrill* Nicholas Adams,2007 Surveys thirty of the most iconic buildings designed by Skidmore Owings Merrill SOM the legendary American architecture firm since its founding in 1936 *Encyclopedia of Interior Design* Joanna Banham,1997-05-01 From ancient Greece to Frank Lloyd Wright studio to smoking rooms chimney boards to cocktail cabinets and papier mâché to tubular steel the Encyclopedia of Interior Design provides a history of interior decoration and design from ancient times to the present day It

includes more than 500 illustrated entries covering a variety of subjects ranging from the work of the foremost designers to the origins and function of principal rooms and furnishing types as well as surveys of interior design by period and nationality all prepared by an international team of experts in the field Entries on individuals include a biography a chronological list of principal works or career summary a primary and secondary bibliography and a signed critical essay of 800 to 1500 words on the individual's work in interior design The style and topic entries contain an identifying headnote a guide to main collections a list of secondary sources and a signed critical essay **Skidmore, Owings & Merrill** Skidmore, Owings & Merrill, 1995

THE MASTER ARCHITECT SERIES is a series of monographs on some of the greatest architects and architectural firms of our time Each monograph will contain 256 pages displaying several hundred color photographs drawings sketches and renderings Although primarily a pictorial essay the books will contain selected projects described in concise detail along with a critique or overview of the firm a resume of the partners and a comprehensive bibliography *Icons of American*

*Architecture* Donald Langmead, 2009-03-05 What turns a building into an icon What is it about some structures that makes their history and legend even more important than their original intended use making them a part of American and world popular culture Twenty four buildings and structures including the Brooklyn Bridge the White House the Hotel del Coronado and the Washington Monument are presented here along with their roles in fiction film music and the imagination of people worldwide Approximately twenty five images are included in the set along with sidebars featuring additional structures

On the Wings of Modernism Robert Allen Nauman, 2004 Nauman argues that contrary to the technological and teleological interpretations presented by the polemicists of international style modernism the academy's actual production was squarely grounded in bureaucratic and political processes He demonstrates that selection of both the site and the design firm was the result of political maneuverings involving the U S military leadership BOOK JACKET **The Global Architect**

Donald McNeill, 2009-06-02 The Global Architect explores the increasing significance of globalization processes on urban change architectural practice and the built environment In what is primarily a critical sociological overview of the current global architectural industry Donald McNeill covers the star system of international architects who combine celebrity and hypermobility the top firms whose offices are currently undergoing a major global expansion and the role of advanced information technology in expanding the geographical scope of the industry **Gordon Bunshaft of Skidmore, Owings & Merrill**

Carol Herselle Krinsky, 1988 Carol Herselle Krinsky's analysis of Bunshaft's work is the first complete study of this important and at times difficult architect *Engineering Architecture* Yasmin Sabina Khan, 2004 The structural engineer responsible for Chicago's John Hancock Center and Sears Tower Fazlur R Khan 1929 1982 pioneered structural systems for high rise design that broadened the palette of building forms and expressions available to design professionals today

*Masted Structures in Architecture* James Harris, Kevin Li, 2012-09-10 This is the first fully comprehensive survey and analysis of masted structures and covers examples that have evolved during the past three decades Masted Structures are

one of the most interesting developments in post war architecture resulting from a combination of technology structural engineering theory and a collaboration between architects and engineers This is an essential guide for architects to the structural and constructional implications of massed forms in relation to space enclosure patterns of loading and use of differing materials and techniques This useful volume will enable architects and engineers to understand the origins development and nature of massed structures and will provide a stimulating basis for future design     *Encyclopedia of the Sixties* Abbe A. DeBolt, James S. Baugess, 2011-12-12 Comedian Robin Williams said that if you remember the 60s you weren't there This encyclopedia documents the people places movements and culture of that memorable decade for those who lived it and those who came after *Encyclopedia of the Sixties A Decade of Culture and Counterculture* surveys the 1960s from January 1960 to December 1969 Nearly 500 entries cover everything from the British television cult classic *The Avengers* to the Vietnam War and the civil rights movement The two volume work also includes biographies of artists architects authors statesmen military leaders and cinematic stars concentrating on what each individual accomplished during the 1960s with brief postscripts of their lives beyond the period There was much more to the Sixties than flower power and LSD and the entries in this encyclopedia were compiled with an eye to providing a balanced view of the decade Thus unlike works that emphasize only the radical and revolutionary aspects of the period to the exclusion of everything else these volumes include the political and cultural Right taking a more academic than nostalgic approach and helping to fill a gap in the popular understanding of the era     *Chicago Skyscrapers, 1934-1986* Thomas Leslie, 2023-06-20 From skyline defining icons to wonders of the world the second period of the Chicago skyscraper transformed the way Chicagoans lived and worked Thomas Leslie's comprehensive look at the modern skyscraper era views the skyscraper idea and the buildings themselves within the broad expanse of city history As construction emerged from the Great Depression structural mechanical and cladding innovations evolved while continuing to influence designs But the truly radical changes concerned the motivations that drove construction While profit remained key in the Loop developers elsewhere in Chicago worked with a Daley political regime that saw tall buildings as tools for a wholesale recasting of the city's appearance demography and economy Focusing on both the wider cityscape and specific buildings Leslie reveals skyscrapers to be the physical results of negotiations between motivating and mechanical causes Illustrated with more than 140 photographs *Chicago Skyscrapers 1934-1986* tells the fascinating stories of the people ideas negotiations decision making compromises and strategies that changed the history of architecture and one of its showcase cities     *Progressive Architecture*, 1988     *Architecture of Tall Buildings* Mir M. Ali, Paul J. Armstrong, 1995
