Slave To The System:

From Slave to Untouchable Paul Kalra, 2011 A century and a half ago the first shots fired at Fort Sumter began the Civil War that claimed 620 000 American lives more than all other wars the country has waged In *From Slave to Untouchable* Lincoln s Solution Paul Kalra challenges the assumption that the Civil War was fought to end black slavery in the United States He meticulously traces the evolution of slavery in the U S to the Protestant slave code adopted by Southern slaveholders It was primarily slaveholders the wealthiest most powerful class in pre Civil War America who framed the undemocratic Constitution that essentially divided the populace into slaveholders and non slaveholders Slaves were declared less than human a commodity to be bought used and sold to further their masters economic advantage and not entitled to citizenship or civil rights Even the Northerners who had abolished slavery to attract European wage workers rather than on moral grounds accepted it as long as blacks remained in the South As immigrants flooding the slave free North diminished the South s political advantage and the slaveholders unfair Constitution threatened the nation s economic balance it became clear that the lies written into the Constitution were not sustainable The tipping point was the election of Lincoln whose opposition to expanding slave territories translated to the inevitability of Civil War Kalra contends that Civil War bloodshed could have been avoided had early Americans adopted the Catholic slave code which recognized the humanity of slaves rather than the Protestant code His well crafted argument weaves in an impressive array of perspectives often in the words of the players Northerners and Southerners slaveholders and slaves distinguished and obscure voices of the times Finally he maintains that the legacy of the slaveholders self serving Constitution persists today rendering blacks in America an essentially untouchable class still viewed by whites as second class citizens

From Slave to Separate but Equal Paul Kalra ,2021-12-25 *From Slave to Separate but Equal* The Constitution Slave Capitalism Human Rights Civil War Reckoning is a secret history of the United States not taught in schools about Economic Social and Political effects of Protestant slavery included in the Constitution denying citizenship to Blacks resulting in a Civil War reckoning with a million casualties *From Slave to Separate but Equal* challenges the assumption that the Civil War was fought to end black slavery Author Paul Kalra presents a convincing argument that by far the bloodiest war the U S has waged could have been avoided had slaveholders adopted the Catholic slave code which recognized the humanity of slaves By adopting the Protestant slave code and framing it into an undemocratic Constitution slaveholders created distinct slaveholder and non slaveholder classes and denied Blacks citizenship This inevitably led to economic and political dilemmas that became insurmountable once immigrants flooded the slave free North and Lincoln was elected President
