of Tara Westover s *Educated* The mill comes to represent something holy to Eliese because it is made not of steel but of people New York Times Book Review One woman s story of working in the backbreaking steel industry to rebuild her life but what she uncovers in the mill is much more than molten metal and grueling working conditions Under the mill s orange flame she finds hope for the unity of America Steel is the only thing that shines in the belly of the mill To ArcelorMittal Steel Eliese is known as 6691 Utility Worker but this was never her dream Fresh out of college eager to leave behind her conservative hometown and come to terms with her Christian roots Eliese found herself applying for a job at the local steel mill The mill is

everything she was trying to escape but it's also her only shot at financial security in an economically devastated and forgotten part of America. In *Rust*, Eliese brings the reader inside the belly of the mill and the middle American upbringing that brought her there in the first place. She takes a long and intimate look at her Rust Belt childhood and struggles to reconcile her desire to leave without turning her back on the people she's come to love. The people she sees as the unsung backbone of our nation. Faced with the financial promise of a steelworker's paycheck and the very real danger of working in an environment where a steel coil could crush you at any moment or a vat of molten iron could explode because of a single drop of water, Eliese finds unexpected warmth and camaraderie among the gruff men she labors beside each day. Appealing to readers of *Hillbilly Elegy* and *Educated*, *Rust* is a story of the humanity Eliese discovers in the most unlikely and hellish of places and the hope that therefore begins to grow.
