explanation is required These five plays four of which have been tested on stage and not found wanting do not obey many of the rules of so called dramaturgy The playwright has no real right or claim to the office or title of playwright Having the good fortune to be able to call upon the help of a wide array of extremely talented musicians and actors he brought forth a relatively new type of theatrical expression and experience a jazz and theatre synthesis that had an important historical social justice intellectual musical autobiographical and monologue angles Originally the idea was for a history professor who played jazz to use the stage to convey a message of some historical importance augmented by music as an experiment to see whether the theatre was not a better medium than the classroom There is no doubting the important fact that the public cast their vote and quite decidedly in the affirmative despite it all And so some record and testament to all the hard work that went into each and every one of these plays seems justified A memoir of another sort Playing It By Ear The Jazz Theatre of Clyde R Forsberg Jr explores such public events and social issues as the Canadian ice storm of 1998 and the urban rural divide in Canadian society that it revealed Louis Armstrong s arrangement and interpretation of Black and Blue and the relationship between racism and domestic abuse hidden between the lines the end of the nuclear family and death rattle of patriarchal authority evident at family holiday gatherings the degree to which the penis as well as the vagina are taboo and finally what Forsberg s seven year trek along the Silk Road 2003 2010 in search of self understanding and personal renewal would cost him but also reward him for venturing outside of the box
