Sexual Awakening Melina Druga, This coming of age story set against the backdrop of the mid 1990s Midwest follows Cassandra a high schooler whose big dreams clash with her family's conservative expectations as she comes into her own while navigating the complexities of teenage sex and dating Fourteen year old Cassandra Economos doesn't fit the mold of her traditional Greek family She's always been a good kid but lately she's begun to question how much influence her relatives expectations should really have on her life Cassie doesn't understand why anyone would want to stay in Sterling IL when there's a whole world out there to explore and experience She wonders why her brother Chris gets showered in love and affection after becoming a father at 25 when she and her sister Vanessa aren't even allowed to date before they're his age And she'd rather go see Nirvana play live in Chicago than attend her homecoming dance Perfect for fans of Now Is Not the Time to Panic and The Perks of Being a Wallflower this series starter traces the social entanglements of the Economos sisters and their friends from bodice rippers and bad sex to secret boyfriends and matters of consent through Cassie's diary entries from 1993 to 97

When Boys Become Boys Chu, Judy Y., Gilligan, Carol, 2014-06-06 When Judy Y Chu first encountered the four year old boys we meet in this book they were experiencing a social initiation into boyhood They were initially astute in picking up on other people's emotions emotionally present in their relationships and competent in their navigation of the human social world However the boys gradually appeared less perceptive articulate and responsive and became more guarded and subdued in their relationships as they learned to prove that they are boys primarily by showing that they are not girls Based on a two year study of boys aged four to six When Boys Become Boys offers a new way of thinking about boys development Chu finds that behaviors typically viewed as natural for boys reflect an adaptation to cultures that require boys to be emotionally stoic competitive and aggressive if they are to be

accepted as real boys Yet even as boys begin to reap the social benefits of aligning with norms of masculine behavior they pay a psychological and relational price for hiding parts of their authentic selves Through documenting boys perceptions of the obstacles they face and the pressures they feel to conform and showing that their compliance with norms of masculine behavior is neither automatic nor inevitable this accessible and engaging book provides insight into ways in which adults can foster boys healthy resistance and help them to access a broader range of options for expressing themselves Dude in Distress Betsy Haynes,1995 But he s just been dumped by another girl in the nastiest way and now he s sworn off dating for good With advice from Boy Talk Crystal hopes to cure Evan s broken heart but is she being steered in the wrong direction
