shares with us his precious and wide experience as a high mountain guide and an exceptional skier ABOUT THE AUTHOR Born in Morzine in 1948 Anselme Baud left his mark on the Alps skiing steep slopes history As a high mountain guide in 1973 he was one the first to ski on extreme downhills in the Alps the Andes in Antarctica or in the Himalayas As an ENSA professor he supervised during several years the mountain guides trainings in Bolivia and Nepal EXCERPT The Aiguilles Rouges chain could have suffered from being so close to its illustrious neighbour the Mont Blanc Massif but in fact the huge variety of routes on offer here means that the two ranges complement each other From easy tours to narrow couloirs from routes with easy access from ski lifts to numerous possible traverses the Aiguilles Rouges is an integral part of the Mont Blanc region Thanks to this ease of access and the great circuits that can be done in this area this is also the starting point for trips heading north to Sixt Flaine and Les Portes du Soleil or to the east and Switzerland to the high limestone Alps via the Col de la Tour Sali re and the Barberine cols not forgetting of course the great routes on the Bel Oiseau the Dent de Fenestral or Fontanabran between Finhaut and Les Mar cottes Moreover this chain of crystalline rock gneiss also offers superb views of the whole of the Mont Blanc Massif which are both breathtakingly beautiful and more importantly are a great opportunity for getting a look at routes for the future The other advantage the Aiguilles Rouges has is that you can easily choose the best side of the chain to ski on as the ski lifts and the pistes are all on the south side and the best descents are to be had on the wild north side where the snow stays in excellent condition for a long time The secondary ranges of the Perrons and Luisin Emaney don t have ski lifts and usually get skied at the beginning of the season for road access to the Emosson Dam as the snow cover is general better here the area is near the very wet valleys of Haut Faucigny **The Snowmobiler's Handbook** W. Monte Snider,1974 Géant - Mont Blanc and the Aiguilles Rouges - a Guide for Skiers Anselme Baud,2015-03-04 Discover the skiing downhills of the G ant Mountain in this very detailed and documented book written by one of the most talented skiers of his generation Located at the very heart of the highest mountains of Europe the majestic G ant massif stands as a reference among the most sacred skiing places in the world When winter comes this snow addict heaven offers a unique range of dream slopes from the easiest to the most breathtakingly high ones Anselme Baud is an extreme skiing leading head and one of the best experts of this mountain From classic skiing hikes to mountaineering competitions this guide book presents a precise description of all the biggest slopes this mythic area could offer In this volume you can find all the information about the G ant Thanks to his charming accounts and instructive advice Anselme Baud shares with us his precious and wide experience as a high mountain guide and an exceptional skier ABOUT THE AUTHOR Born in Morzine in 1948 Anselme Baud left his mark on the Alps skiing steep slopes history As a high mountain guide in 1973 he was one the first to ski on extreme downhills in the Alps the Andes in Antarctica or in the Himalayas As an ENSA professor he supervised during several years the mountain guides trainings in Bolivia and Nepal EXCERPT The Vall e Blanche forms the backbone of this area and it can be accessed quickly from the Aiguille du Midi the starting point for routes

on the Grand Glacier the Tacul and the Périades Unlike the routes in the previous chapter most of the tours here can be done in a day and the height gains are not excessive maximum of 900m Also in this part of the Massif there is a broad range of routes and you will find steep slopes and classic tours next door to each other For all these reasons this is a very popular area There are lots of people on the easy routes by the Aiguilles Marbrées and the Col d'Entrèves while the Brèche Puisseux area is less popular but also more and more amateur extreme skiers are trying routes on the Tour Ronde and the big couloirs on the Tacul Diable Gervasutti Jager However these figures pale into insignificance compared with the hordes of skiers and boarders who can be found on the world famous Vallée Blanche from the beginning of the winter right through to the end of May Indeed you feel the contrast most strikingly once with skins on your skis you start climbing up towards the less accessible routes
