So Hungry:

Always Hungry, Never Greedy Miriam Kahn, 1993-12-30 The Wamira people of Papua New Guinea display what outsiders would describe as an obsession with food Who owns how many pigs how much taro grows in whose garden and who contributes what food at a feast are all questions uppermost in their thoughts Wamirans account for this preoccupation by saying that they suffer from perpetual famine They explain this by means of an elaborate and colorful myth about Tamodukorokoro a monster who would have brought them abundant food but whom in typical Wamiran style of fearing what they desire they chased away In this carefully crafted and beautifully evocative book Kahn who lived with the Wamira people for two and a half years argues that Wamirans famine has in fact little to do with the belly For Wamirans concepts of food and hunger are cultural constructs By means of food they objectify emotions balance relations between men and women communicate rivalries among men and ultimately control the ambivalent desires that they fear would otherwise control them Effectively combining analyses of myths and symbols with analytical accounts of subsistence and ritual behavior Kahn writes with a degree of nuance that takes the reader beyond academic analyses into the experience of the ethnographer and the daily lives of the people with whom she resided [This Is What You're Really Hungry For](#) Kim Shapira, 2023-07-25 Quit your on again off again relationship with dieting for good and become healthier and happier than ever You've tried to eat only vegetables You've tried to eat only meat You've gone gluten free dairy free satisfaction free but you shouldn't have to In fact you don't have to It's time to stop restricting yourself and learn to make your relationship with food healthy without forcing yourself to eat healthy Dietitian Kim Shapira has developed six simple rules that will change your relationship with food forever In *This Is What You're Really Hungry For* she breaks down the science to get your brain and your body on board replaces fad diets that do not last with a sustainable method that encourages you to eat what you love and empowers you to be the authority in your own body Kim's refreshing approach will help you Lose weight or maintain your current weight Resolve blood pressure issues Improve your energy levels Reframe your beliefs about food and why you eat Identify foods that don't love you back Manage your emotions in authentic healthy ways Food should be a source of joy and nourishment in your life not stress and *This Is What You're Really Hungry For* will help you get there Featuring a foreword by Kaley Cuoco this will be the last diet book you ever need without ever asking you to go on a diet *A Very Hungry Girl* Jessica Weiner, 2003-09-01 We're all hungry hungry to look good feel worthy be loved and fit in Our hungers are deep and insatiable We try to fill up by using food alcohol drugs sex relationships careers or money No matter what we look like or where we came from we all share the same intense need to fill up on life but not many of us know how *A Very Hungry Girl* chronicles the journey of Jessica Weiner who spent most of her life hungering to be someone else She was so desperate to be accepted and valued that she spiraled into an eating disorder experiencing the attendant lack of self esteem that rules and almost ruined her life This compelling book relates Jessica's very personal story and also captures her unique persona as she travels

the country as a performer and motivational speaker listening to thousands of other people's stories Through her work Jessica has become the voice of her generation and speaks with a relatable and realistic point of view Jessica's work has received national attention by The Washington Post CNN MTV and Teen People Magazine Am I Hungry Michelle May, 2005 Finally the antidote to ineffective dieting Am I Hungry is a rational comprehensive step by step guide to weight management This multi dimensional team has constructed a beautifully simple system using the innovative Eating Cycle compelling stories to illustrate important concepts and evidence based nutrition and fitness advice that anyone can follow Each chapter includes practical strategies for re-establishing hunger as the primary cue for eating balancing eating for enjoyment with eating for health and finding joy in physical activity This book will help those who struggle with food and weight build sustainable healthy attitudes and behaviors and more satisfying fulfilling lives Rediscover simple yet powerful tools for knowing when what and how much to eat Stop obsessing about food eating and your weight and free yourself to live the fulfilling life you deserve Experience the pleasure of eating the foods you love without guilt Learn the truth about nutrition without confusing arbitrary rules Never again exercise to earn food or punish yourself for eating Boost your metabolism and increase your energy and fitness painlessly Nourish your body mind and spirit to build optimal health energy and joy Going Hungry Kate M. Taylor, 2008-09-09 Here collected for the first time 19 writers describe their eating disorders from the distance of recovery exposing as never before the anorexic's self enclosed world This anthology lends remarkable texture to a subject that has been too often sensationalized and oversimplified The New York Times Taking up issues including depression genetics sexuality sports religion fashion and family these essays examine the role anorexia plays in a young person's search for direction Powerful and immensely informative this collection makes accessible the mindset of a disease that has long been misunderstood With essays by Priscilla Becker Francesca Lia Block Maya Browne Jennifer Egan Clara Elliot Amanda Fortini Louise Glück Latria Graham Francine du Plessix Gray Trisha Gura Sarah Haight Lisa Halliday Elizabeth Kadetsky Maura Kelly Ilana Kurshan Joyce Maynard John Nolan Rudy Ruiz and Kate Taylor *The Don't Go Hungry Diet* Amanda Sainsbury-Sallis, 2011-05-09 The scientifically based way to lose weight and keep it off forever Whether you've tried all the diets but find you just keep putting the weight back on plus extra or simply want to lose weight and keep it off forever this is the book for you with real solutions based on real science Like many women Dr Amanda Sainsbury Sallis began dieting in her teens despite being a normal weight Over the next few years she tried all kinds of diets and six years on her weight had ballooned she was now obese I dieted myself fat Dr Sainsbury Sallis says I'd lose a kilo or two then just gain it all back plus more She also fell prey to binge eating pigging out on pastries in between her dieting attempts When in despair she finally gave up dieting she decided to start a career in medical research so that she could find an effective way to lose weight Today she is a world leader in the field of weight loss Through her research she discovered that the key to successful dieting is to understand how your brain regulates your weight and work with it rather than against it by never going hungry

Staying satisfied is the key to beating the famine reaction your body's way of protecting itself when you diet from what it perceives as a life threatening food shortage Once in tune with your body it's easy to lose weight and keep it off Amanda tested out her theories on herself losing nearly 30 kilograms and keeping it off for more than nine years and counting then helped her husband to lose 20 kilograms Now in *The Don't Go Hungry Diet* Dr Sainsbury Salis explains the science behind her discoveries simply and effectively then tells how you too can lose weight more effectively and with less effort than ever before With chapters on how to recognise and deal with a famine reaction and other scientific breakthroughs as well as on nutrition and exercise plus 50 delicious recipes this is a scientifically based plan that is simple for anyone to follow and that works
