adolescence from the 19th century through the present day This new edition is updated throughout and includes a full new chapter on 1950s era assumptions about adolescence and the corresponding connections to teens today As in all chapters Lesko provides careful examination of the concerns of nationalism sexuality and social order in terms of how they are projected onto the definitions of adolescents in the media in schools and in the home Act Your Age Eve

characters like Papa Aunt Norma Harrison Augustus Turnbull and Artemesia rise from the narrator's southern Gothic roots. The narrator, nameless Every Woman, prides herself in being an introspective and competent adult, but her naiveté demonstrates that being an adult is really a state of mind and finding truth is like entertaining company with chipped china. Coping with life's poignant struggles like disease, old age, suicide, and murder and its ordinary ones like child raising, teaching, pets, and church-going, she seeks sense in the nonsense with humor and with love.
