

The background of the cover is a painting of a mountain landscape. In the foreground, there are dark, rugged mountains with a reddish-brown hue. In the middle ground, a valley opens up, showing a small building on a distant peak. The sky is a mix of green and yellow, suggesting a sunset or sunrise. The overall style is impressionistic.

Sobranie Sochinenii Volume 4:

Persistent Forms Ilya Kliger, Boris Maslov, 2015-12-14 Since the mid 1980s attempts to think history and literature together have produced much exciting work in the humanities Indeed some form of historicism can be said to inform most of the current scholarship in literary studies including work in poetics yet much of this scholarship remains undertheorized Envisioning a revitalized and more expansive historicism this volume builds on the tradition of Historical Poetics pioneered by Alexander Veselovsky 1838 1906 and developed in various fruitful directions by the Russian Formalists Mikhail Bakhtin and Olga Freidenberg The volume includes previously untranslated texts of some of the major scholars in this critical tradition as well as original contributions which place that tradition in dialogue with other thinkers who have approached literature in a globally comparatist and evolutionary historical spirit The contributors seek to challenge and complement a historicism that stresses proximate sociopolitical contexts through an engagement with the longue dur e of literary forms and institutions In particular Historical Poetics aims to uncover deep historical stratifications and asynchronicities in which formal solutions may display elective affinities with other chronologically distant solutions to analogous social and political problems By recovering the traditional nexus of philology and history Persistent Forms seeks to reinvigorate poetics as a theoretical discipline that would respond to such critical and intellectual developments as Marxism New Historicism the study of world literature practices of distant reading and a renewed attention to ritual oral poetics and genre **The Šabdan Baatır Codex**, 2012-11-23 In The abdan Baatır Codex Daniel Prior presents the first complete edition translation and interpretation of a unique manuscript of early twentieth century Kirghiz poetry which includes detailed accounts of nineteenth century warfare Dedicated to the chief abdan Baatır the Codex occupies an illuminating position in a network of oral and written genres that encompassed epic poetry and genealogy panegyric and steppe oral historiography that echoed oral performance and aspired to print publishing The Codex's fresh articulation of concepts of Kirghiz self identification was incipiently national yet remained couched in traditional forms The Codex thus bridges the interval often glossed over in cultural histories between a supposedly archaic state of oral epic tradition and the afterlife of epics in modern ethno nationalist projects **Romantic Prose Fiction** Gerald Ernest Paul Gillespie, Manfred Engel, Bernard Dieterle, 2008 In this volume a team of three dozen international experts presents a fresh picture of literary prose fiction in the Romantic age seen from cross cultural and interdisciplinary perspectives The work treats the appearance of major themes in characteristically Romantic versions the power of Romantic discourse to reshape imaginative writing and a series of crucial reactions to the impact of Romanticism on cultural life down to the present both in Europe and in the New World Through its combination of chapters on thematic generic and discursive features Romantic Prose Fiction achieves a unique theoretical stance by considering the opinions of primary Romantics and their successors not as guiding truths by which to define the permanent meaning of Romanticism but as data of cultural history that shed important light on an evolving civilization SPECIAL OFFER

30% discount for a complete set order 5 vols The Romanticism series in the Comparative History of Literatures in European Languages is the result of a remarkable international collaboration The editorial team coordinated the efforts of over 100 experts from more than two dozen countries to produce five independently conceived yet interrelated volumes that show not only how Romanticism developed and spread in its principal European homelands and throughout the New World but also the ways in which the affected literatures in reaction to Romanticism have redefined themselves on into Modernism A glance at the index of each volume quickly reveals the extraordinary richness of the series total contents Romantic Irony sets the broader experimental parameters of comparison by concentrating on the myriad expressions of irony as one of the major impulses in the Romantic philosophical and artistic revolution and by combining cross cultural and interdisciplinary studies with special attention also to literatures in less widely diffused language streams Romantic Drama traces creative innovations that deeply altered the understanding of genre at large fed popular imagination through vehicles like the opera and laid the foundations for a modernist theater of the absurd Romantic Poetry demonstrates deep patterns and a sharing of crucial themes of the revolutionary age which underlie the lyrical expression that flourished in so many languages and environments Nonfictional Romantic Prose assists us in coping with the vast array of writings from the personal and intimate sphere to modes of public discourse including Romanticism s own self commentary in theoretical statements on the arts society life the sciences and more Nor are the discursive dimensions of imaginative literature neglected in the closing volume Romantic Prose Fiction where the basic Romantic themes and story types the romance novel novella short story and other narrative forms are considered throughout Europe and the New World This enormous realm is seen not just in terms of Romantic theorizing but in the light of the impact of Romantic ideas and narration on later generations As an aid to readers the introduction to Romantic Prose Fiction explains the relationships among the volumes in the series and carries a listing of their tables of contents in an appendix No other series exists comparable to these volumes which treat the entirety of Romanticism as a cultural happening across the whole breadth of the Old and New Worlds and thus render a complex picture of European spiritual strivings in the late eighteenth and the nineteenth centuries a heritage still very close to our age

[The Anticolonial Linguistics of Nikolai Marr](#) Matthew Carson Allen,Robert Young,2024-11-08 The archaeologist philologist and Linguistics theoretician Nikolai Marr 1865 1934 has attracted increasing scholarly attention as a pivotal figure of late tsarist and early Soviet cultural politics and as an early anticolonial theorist He remains however an elusive thinker who is much written about but seldom read This volume offers a representative selection of Marr s writing from several stages of his life translated here for the first time into English The selection of texts allows the reader to trace the key evolving and interconnected preoccupations that animate Marr s vast oeuvre his anti nationalist valorization of the cultural and linguistic hybridity of the Caucasus his denunciation of the imperialist complicity of Western European comparative linguistics his anti Darwinian emphasis on mixture and convergence in place of filial descent within the history of languages and his unorthodox theories of linguistic origins in gesture rather than speech Key Marrist terms such as Japhetidology or the rejection of the prevalent theory of an Indo European language family are clarified The volume contains original essays that contextualize Marr s work within the history of linguistics showing the indebtedness and applicability of his ideas to traditions that are frequently held to be unrelated to one another Russian proto structuralism French deconstruction and Indian subaltern thought This book was originally published as a special issue of Interventions International Journal of Postcolonial Studies

Sovereign Fictions Ilya Kliger,2024-04-05

The nineteenth century novel is generally assumed to be concerned with private lives and social relations. But Russian fiction obsessively focused on scenarios of state power was an exception to the rule. In *Sovereign Fictions* Ilya Kliger shows that this encounter between realist fiction and political authority gave Russian novels a form unlike their counterparts in the west. Kliger explores Russian realism's distinctive construals of sociality through a broad range of texts from the 1830s to the 1870s including works by Dostoevsky, Gogol and Pushkin and several lesser known but influential books of the period including Mikhail Lermontov's *A Hero of Our Time* 1840, Ivan Goncharov's *The Same Old Story* 1847, Ivan Turgenev's *Rudin* 1856, Aleksei Pisemsky's *One Thousand Souls* 1858 and Vasily Sleptsov's *Hard Times* 1865. Kliger's book offers an important intervention in socially inflected theories of the novel and in current thinking on representations of power and historical poetics.

Natasha's Dance Orlando Figes, 2014-02-11. History on a grand scale, an enchanting masterpiece that explores the making of one of the world's most vibrant civilizations. A People's Tragedy wrote Eric Hobsbawm did more to help us understand the Russian Revolution than any other book I know. Now in *Natasha's Dance*, internationally renowned historian Orlando Figes does the same for Russian culture, summoning the myriad elements that formed a nation and held it together. Beginning in the eighteenth century with the building of St Petersburg, a window on the West and culminating with the challenges posed to Russian identity by the Soviet regime, Figes examines how writers, artists and musicians grappled with the idea of Russia itself, its character, spiritual essence and destiny. He skillfully interweaves the great works by Dostoevsky, Stravinsky and Chagall with folk embroidery, peasant songs, religious icons and all the customs of daily life from food and drink to bathing habits to beliefs about the spirit world. Figes's characters range high and low: the revered Tolstoy who left his deathbed to search for the Kingdom of God as well as the serf girl Praskovya who became Russian opera's first superstar and shocked society by becoming her owner's wife. Like the European schooled countess Natasha performing an impromptu folk dance in Tolstoy's *War and Peace*, the spirit of Russianness is revealed by Figes as rich and uplifting, complex and contradictory, a powerful force that unified a vast country and proved more lasting than any Russian ruler or state.

Yankees in Petrograd, Bolsheviks in New York Milla Fedorova, 2013-03-15. *Yankees in Petrograd, Bolsheviks in New York* examines the myth of America as the Other World at the moment of transition from the Russian to the Soviet version. The material on which Milla Fedorova bases her study comprises a curious phenomenon of the waning nineteenth and early twentieth centuries: pilgrimages to America by prominent Russian writers who then created travelogues. The writers' missions usually consisted of two parts: the physical journey, which most of the writers considered as ideologically significant, and the literary fruit of the pilgrimages. Until now, the American travelogue has not been recognized and studied as a particular kind of narration with its own canons. Arguing that the primary cultural model for Russian writers' journey to America is Dante's descent into Hell, Fedorova ultimately reveals how America is represented as the country of dead souls where objects and machines have exchanged places with people where relations between the living and the dead are inverted.
