Social Suffering Hb:

Social Suffering Emmanuel Renault, 2017-10-11 There are various forms of suffering that are best described as social suffering such as stress harassment experience of poverty and domination Such suffering is a matter of social concern but it is rarely a matter of discussion in the social sciences political theory or philosophy This book aims to change this by making social suffering central to an interdisciplinary critical theory of society The author advances the various contemporary debates about social suffering connecting their epistemological and political stakes He provides tools for recasting these debates constructs a consistent conception of social suffering and thereby equips us with a better understanding of our social world and more accurate models of social critique The book contributes to contemporary debates about social suffering in sociology social psychology political theory and philosophy Renault argues that social suffering should be taken seriously in social theory as well as in social critique and provides a systematic account of the ways in which social suffering could be conceptualised He goes on to inquire into the political uses of references to social suffering surveys contemporary controversies in the social sciences and distinguishes between economical socio medical sociological and psychoanalytic approaches before proposing an integrative model and discussing the implications for social critique He claims that the notion of social suffering captures some of the most specific features of the contemporary social question and that the most appropriate approach to social suffering is that of an interdisciplinary critical theory of society

Social and Interpersonal Dynamics in Pain Tine Vervoort, Kai Karos, Zina Trost, Kenneth M. Prkachin, 2018-07-18 This groundbreaking analysis moves our knowledge of pain and its effects from the biomedical model to one accounting for its complex psychosocial dimensions Starting with its facial and physical display pain is shown in its manifold social contexts in the lifespan in a family unit expressed by a member of a gender and or race and as observed by others These observations by caregivers and family are shown as vital to the social dynamic of pain as observers react to sufferers pain and as these reactions affect those suffering The book's findings should enhance practitioners understanding of pain to develop more effective individualized treatments for clients pain experience and inspire researchers as well Among the topics covered Why do we care Evolutionary mechanisms in the social dimension of pain When how and why do we express pain On the overlap between physical and social pain Facing others in pain why context matters Caregiving impact upon sufferers cognitive functioning Targeting individual and interpersonal processes in therapeutic interventions for chronic pain Social and Interpersonal Dynamics in Pain will be a valuable resource for clinicians who deal in pain practice and management as well as for students and researchers interested in the social interpersonal and emotional variables that contribute to pain the processes with which pain is associated and the psychology of pain in general

Anthropology and Public Health Robert A. Hahn, Marcia Claire Inhorn, 2009 Anthropologists also work as evaluators examining the activities of public health institutions and the successes and failures of public health programs

The Social Psychology of Collective Victimhood Johanna Ray Vollhardt, 2020-04-23

Throughout the world many continue to experience collective violence and its long lasting consequences This book examines the social psychological processes involved in experiences of collective victimization and oppression as well as the consequences of these experiences for individuals and for relations within and between groups In twenty chapters authors explore questions such as How are experiences of collective victimization passed down and understood How do people cope with and make sense of these experiences Who is included and excluded from the category of victims and what are the psychological consequences of such denial versus acknowledgment of collective victimization And finally what are the ethics of researching collective victimization especially when these experiences are recent or politically contested The authors examine these questions and others across a range of different contexts of collective violence in different parts of the world including ethnic and religious conflicts the aftermath of genocides post Apartheid consequences of settler colonialism racism the caste system and national histories of victimization
