Social Changes Crime And The Police:

Social Changes, Crime and Police Louise Shelley, József Vigh, 2023-03-31 Originally published in 1995 *Social Changes Crime and the Police* studies the relationship of social change and crime the role of the police amidst changing social conditions and the reaction of society and the state to the criminal problem It examines the essential differences and challenges which confronted countries in Western and Eastern Europe after the collapse of the socialist system In recent years many areas of Europe had experienced a period of rapid technological development which had changed economic and cultural structures creating temporary instability Within a relatively short period of time traditional values and beliefs had been undermined National boundaries and geographical differences had gradually lost their significance and the opening of frontiers had created easier conditions for crime The nature of crime itself had been transformed by the increasingly close relationships between countries While many Eastern European countries sought to undo the authoritarian legacies of the socialist period Western Europe faced new challenges to its urban order The editors and the contributors also examine the kinds of new policing concepts which may be formulated and the new practices which may develop during the next few decades Governments must determine the role of the police and the law in accordance with public demands for powerful policing combined with consideration of the individual's rights thus maintaining the vital balance between personal freedom and social peace *Police Powers and Accountability in a Democratic Society* European Committee on Crime

Problems, Council of Europe, 2000-01-01 The position of the police in both the old democracies and in societies in transition is affected by occasional conflicting legal and professional standards for police work increasing public expectations changing crime patterns stricter standards of effectiveness and accountability and frequently inadequacies in the available financial and other resources This publication contains papers on topics such as the control of police powers the prevention of police corruption powers and accountability of private police police and the public **Social Psychology and Social Change in**
