Social Accountability In Communication:

Social Accountability in Communication Richard Buttny, 1993-12-07 Much of our talk revolves around accounting for our own and other people's actions We praise one person and blame another justify our own actions speculate on motives tell and retell problematic events This volume draws upon speech communication sociology and social psychology to offer an original approach to such accounts Richard Buttny examines social accountability within communication contexts that range from a therapy session to welfare and broadcast news interviews from everyday conversation to discussions in a Zen monastery Throughout his wide ranging analysis of accounts talk he integrates conversation analytic methods with social constructionism

Communicating and Organizing in Context Beth Bonniwell Haslett, 2013-06-17 Communicating and Organizing in Context integrates Giddens structuration theory with Goffman's interaction order and develops a new theoretical base the theory of structurational interaction for the analysis of communicating and organizing This book will be a valuable resource for students and scholars as an orientation to the field of organizational communication

Ghana International Monetary Fund, 2012-07-27 Ghana has pursued several programs to accelerate the growth of the economy In 1995 the government presented Ghana Vision 2020 aimed at making Ghana a middle income country in 25 years Vision 2020 focused on human development economic growth rural development urban development infrastructure development and an enabling environment It was followed by the Ghana Poverty Reduction Strategy One of the main challenges to economic growth is the unemployment problem The recent discoveries of oil and gas create tremendous opportunities for stimulating national development

Governance Reform Under Real-World Conditions Sina Odugbemi, Thomas Jacobson, 2008-06-13 Although necessary and often first rate technocratic solutions alone have been ineffective in delivering real change or lasting results in governance reforms This is primarily because reform programs are delivered not in controlled environments but under complex diverse sociopolitical and economic conditions Real world conditions In political societies ownership of reform programs by the entire country cannot be assumed public opinion will not necessarily be benign and coalitions of support may be scarce or nonexistent even when intended reforms really will benefit those who need them most While the development community has the technical tools to address governance challenges experience shows that technical solutions are often insufficient Difficulties arise when attempts are made to apply what are often excellent technical solutions Human beings either acting alone or in groups small and large are not as amenable as are pure numbers and they cannot be ignored In the real world reforms will not succeed and they will certainly not be sustained without the correct alignment of citizens stakeholders and voice Governance Reform under Real World Conditions Citizens Stakeholders and Voice is a contribution to efforts to improve governance systems around the world particularly in developing countries The contributors who are academics and development practitioners provide a range of theoretical frameworks and innovative approaches and techniques for dealing with the most important nontechnical or adaptive challenges that impede the success and

sustainability of reform efforts The editors and contributors hope that this book will be a useful guider for governments think tanks civil society organizations and development agencies working to improve the ways in which governance reforms are implemented around the world Moving from the crisis to sustainability. Emerging issues in the international context Grazia Calabrò, Augusto D'Amico, Maurizio Lanfranchi, Giovanni Moschella, Luisa Pulejo, Roberta Salomone, 2012-04-24 T00:00:00+02:00 365 906 *Building Better Policies* Gladys Lopez-Acevedo, Philipp Krause, Keith Mackay, 2012-04-01 Monitoring and Evaluation Systems are a critical component of evidence based policymaking This book aims to help governments and civil society organizations design implement and use M and E information drawing from best practice experiences An Ethics of Political Communication Alexander Brown, 2021-09-27 Working in the tradition of analytic philosophy Alexander Brown argues that many different forms of political communication or anti communication that often infuriate the public can also be ethically or morally objectionable These forms include question dodging offering scripted answers stonewalling not listening disseminating propaganda pandering being insincere giving false denials issuing revisionist interpretations refusing to take responsibility never apologising boasting and gaslighting Brown invokes a host of normative reasons including those having to do with epistemic arrogance interference in autonomy and violating the right to be heard This is not to say that all things considered politicians should never engage in dubious political communication Sometimes these are necessary evils Brown argues however that further moral inquiry is needed to show why they are evils and to determine when the use of these rhetorical tactics can be excessive unreasonable or out of place Key Features Identifies and conceptualises forms of dubious political communication Develops an ethical evaluation of political communication Considers possible justifications for the use of dubious political communication Makes practical recommendations on how to regulate unethical political communication *The Reconstruction of Space and Time* Rich Ling, 2017-07-28 One of the most significant and obvious examples of how mobile communication influences our understanding of time and space is how we coordinate with one another Mobile communication enables us to call specific individuals not general places Regardless of location we are able to make contact with almost anyone almost anywhere This advancement has changed and continues to change human interaction Now instead of agreeing on a particular time well beforehand we can iteratively work out the most convenient time and place to meet at the last possible moment on the way to the meeting or once we arrive at the destination In their early days mobile devices were primarily used for various types of emergency situations and for work In some cases the device was an essential element in various business operations or used so that overseas workers could communicate with their families The distance between a remote posting and the people back home was suddenly and dramatically reduced People began to share these devices not necessarily out of economic issues but also questions of family and interpersonal dynamics The process of sharing decisions as to who is a legitimate partner makes the nature of relationships more explicit By examining the economy of sharing we not only see how sharing mobile phones

restructures social space but are also given insight into an individual's web of interactions This cutting edge book deals with modern ways of thinking about communication and human interaction it will illuminate the ways in which mobile communication alters our experience with space and time

Resource Guide on Decentralisation and Local Government Zoë Scott, Munawwar Alam, 2011 Provides practical guidance for designing implementing and evaluating decentralisation reforms and local government practices to ensure they are as effective as possible It also synthesises and presents current debates on the impact of decentralisation and local government on poverty reduction service delivery and conflict

The Communicated Stereotype Anastacia Kurylo, 2013-06-20 The Communicated Stereotype From Celebrity Vilification to Everyday Talk argues that a consequential interactional dilemma is enacted when people communicate stereotypes in everyday talk The interactional dilemma is a result of the tension between a political correctness movement that prescribes against the communication of stereotypes and the benefits gained from communicating these in conversation Despite the punishment and shame that befalls celebrities who communicate stereotypes people continue to communicate stereotypes in everyday conversation often evoking little if any outrage The Communicated Stereotype advances previous theory and research related to group categorization stereotype maintenance and functional discourse analytic and critical approaches by demonstrating the process whereby the vilification of celebrities diverts attention from the everyday communication of stereotypes and emboldens people to communicate stereotypes without self criticism The way this interactional dilemma is handled in conversation helps to explain why stereotypes are maintained over time within a culture despite deterrents intended to dissuade people from using them An appreciation of stereotypes as poor communication choices provides the potential for the reduction of stereotype use
