

A stylized graphic of a DNA double helix. The two strands are represented by thick, teal-colored lines that spiral around each other. Inside the loops of the helix, there are four human figures. Two of the figures are teal, matching the strands, and are positioned at the top and bottom of the helix. The other two figures are magenta and are positioned in the middle loops. The figures are simplified, with no facial features, and their arms are outstretched, suggesting a sense of connection or support.
