

CONTEXTS

The circumstances and setting that provide background information about an event, statement, or idea. The context helps you more fully understand something.

SOCIAL

Social contexts are all about society and what you need to know about your society in any situation. Society has rules around behavior and interaction.

HISTORICAL

Historical contexts are all about what was unique or specific about a certain time in history. This can include cultural and social contexts that are now in the past.

CULTURAL

Cultural contexts are all about understanding cultural expectations and norms. It is different from social context because it's specific to a culture's or subculture's values, not the values of your society as a whole.

ECONOMIC

Economic contexts describe what you need to know about the economics of a situation. For example, a company trying to expand to a new country will want to know the rules of business and supply chain quality to see if they will succeed.
