## **The New Red Legions An Attitudinal Portrait Of The Soviet Soldier:**

*The New Red Legions* Richard A. Gabriel, 1980-10-01      **Parameters**, 1981      **Military Intelligence**, 1988      **Air University Library Index to Military Periodicals**,      Muhammad Richard A. Gabriel, 2014-10-22 That Muhammad succeeded as a prophet is undeniable a prominent military historian now suggests that he might not have done so had he not also been a great soldier Best known as the founder of a major religion Muhammad was also Islam's first great general While there have been numerous accounts of Muhammad the Prophet this is the first military biography of the man In Muhammad Islam's First Great General Richard A Gabriel shows us a warrior never before seen in antiquity a leader of an all new religious movement who in a single decade fought eight major battles led eighteen raids and planned thirty eight other military operations Gabriel's study portrays Muhammad as a revolutionary who introduced military innovations that transformed armies and warfare throughout the Arab world Gabriel analyzes the environment in which Muhammad lived and the religion he inspired as they relate to his military achievements Gabriel explains how Muhammad changed the social composition of Arab armies by replacing traditional ways of fighting with a new command structure Muhammad's transformation of Arab warfare enabled his successors to establish the core of the Islamic empire an accomplishment that Gabriel argues would have been militarily impossible without Muhammad's innovations Richard A Gabriel challenges existing scholarship on Muhammad's place in history and offers a viewpoint not previously attempted      Soviet Defectors Vladislav Krasnov, 2018-04-01 The topic of defection is taboo in the USSR and the Soviets are anxious to silence downplay or distort every case of defection Surprisingly Vladislav Krasnov reports the free world has often played along with these Soviet efforts by treating defection primarily as a secretive matter best left to bureaucrats As a result defectors human rights have sometimes been violated and U S national security interests have been poorly served      *God's Generals* Richard A. Gabriel, 2016-09-19 It is one of the more startling facts of military history that the founders of three of the four great religions Judaism Buddhism and Islam were also accomplished field generals with extensive experience in commanding men in battle One of these Muhammad fought eight battles and was wounded twice once almost fatally Another Siddhartha Gautama later to become the Buddha witnessed so much battlefield carnage that he suffered a psychological collapse Moses had become so much a god intoxicated personality it is a reasonable suspicion that he like the Buddha was murdered Indeed had the experiences of these men in war not been so successful it is quite possible that their achievements as religious leaders would never have occurred For all three war and religion were so closely intertwined in their personalities that it is difficult to discern where the influence of one ended and the other began This book attempts to explore the military lives of Moses the Buddha and Muhammad and the role their war experiences played in their religious lives      **Warrior Pharaoh** Richard Gabriel, 2001 *Warrior Pharaoh* is a work of historical fiction that tells the story of the life and deeds of Pharaoh Thutmose II 1480 1426 B C of Egypt one of the greatest political and military leaders of the ancient world Written by one of America's

premier military historians the attention to historical detail is exceeded only by the story's fast pace and riveting adventure as the author tells the tale of Thutmose's early life rise to power defeat of his enemies and rule over Egypt in the 15 century B C The portrayal of life love and war in ancient Egypt offers a historical tale of human adventure from which the reader will learn much about how best from the personal perspectives of those who lived and made it **Operation Peace for Galilee** Richard A. Gabriel, 2024-06-04 The first book about the 1982 war in Lebanon Operation Peace for Galilee is based on hundreds of interviews with the soldiers of both sides the guerrillas who fought in it and the civilians caught in the middle Much of the detail is drawn from in depth conversations with the major Israeli commanders who planned and fought the battles Author and former soldier Richard Gabriel traveled every major route of advance taken by the Israeli army and visited the sites of important battles including Tyre Sidon the Beirut Damascus highway the Bekaa Valley and Beirut Materials notes and articles dealing with matters of national security are routinely submitted to Israeli censors but Gabriel was able to circumvent this process His is therefore the only analysis which considers the Israeli Defense Force's successes and failures in the war in Lebanon and the problems resulting from the major expansion of the IDF since the 1973 war **The Alcoholic Empire** Patricia Herlihy, 2002 Herlihy examines the prevalence of alcohol in Russian social economic religious political life She looks at how the state church military doctors the czar tried to battle the problem of over consumption of alcohol in the imperial period [Air University Review](#) ,1983 [Army](#) ,1983 **Problems of Communism** ,1983 **Breaking Away from the Bear** , *Breaking Away from the Bear* Dianne Louise Smith, 1998 **Department of the Army Pamphlet** ,1981 [Military Review](#) ,1980-07 **Professional Journal of the United States Army** ,1980 [Quarterly Review of Military Literature](#) ,1980 [Vodka Politics](#) Mark Schrad, 2014-03 Alcohol and alcoholism have long been prominent features in Russian life and culture But as Mark Schrad vividly shows in *Vodka Politics* it has also been central to Russian politics Not simply a chronicle of drinking in Russia this book shows how alcohol has been a key shaping force in Russian political history
