relationships and all situations That God does not allow for suffering We create it by upholding dualistic concepts of me and you and us and them that we embraced at our beginnings and before form The precursor to the Big Bang was the need for form to play out those dualistic concepts we chose at our beginnings all our issues stem from those original concepts based on ideas of separation rather than unity That understanding time makes the seven day creation model valid What are the extraterrestrials origins How we can reconcile the growing evidence of our past association with the ETs and our scriptures and beliefs Our need to embrace the Indigenous peoples connection to Gaia That we chose to be here at this time of the Shift to bring about our personal and Gaias Ascensions      **Narratology, Hermeneutics, and Midrash** Constanza

Engelbrecht,2023-10-12 There is this strange notion these days that God no longer speaks to His people It is said that God spoke in the Old Testament and that God today only speaks these days through His Word Yes it is true that God does speak through His Word but the wonderful and glorious news is that God does speak to His children He has a voice we have ears and there is definite communication Some even say that one is crazy to think one hears from God voices in the head apparently speak of a deep seated disorder Others claim it is purely your imagination This is sad because God is an incredibly personal God who wants to communicate with His children He wants to talk to us and He wants us to talk to Him Just because someone has not heard from God does not mean He doesn t speak Think about it The Creator of all actually speaks to us He does not just speak to the apostles or the prophets but to each and every believer This is the God whom we serve An awesome God who is not distant but a God who wants a personal relationship with us Yes we can hear from God as His children There is no simple formula but it boils down to relationship fellowship intimacy and willing to follow and listen

**Defrocking the Devil** Thomas J. Boynton,2011-03-29 Defrocking the Devil Theology of Fear is a brief history of the last 2 500 years of monotheism using the actual words of the men who claimed to know the devilfigure most intimately From Peter to Constantine to Martin Luther to our present day theologians these men and hundreds more included in this book supported the early Church fathers arguments for the inclusion of Satan into Christian polemics A dualism appeared in the story of Jesus immediately after his crucifixion Instead of tirelessly promoting the Christian message of love thy neighbor as thyself a new spiritual equation of hate torture and murder entered the theological landscape Defrocking the Devil is an attempt to puncture the myths surrounding the words evil devil and hell Two thousand years after the birth of Christianity and fourteen hundred years after the start of Islam hundreds of millions of people currently living on this planet are in real

fear of one day ending up down in the devils lair How did Christian belief in Jesus become conditional upon the existence of fictional beings and wicked subterranean places Defrocking the Devil seeks to illuminate the darkness and empower all people of faith to move beyond theologies that advocate violence into the spiritual equation There have been many books written about this dark side of Western theology but few historians do much more than recount its bloody genocidal history Defrocking the Devil actively seeks to tear down such religious dogmas by using the very words of those who extolled such a hurtful anti Christian philosophy *Word of Faith Preachers* Joseph T. . Bachota Jr,2010-06-16 Have you ever wondered about the correctness of the messages and teachings of preachers behind the pulpits and on TV today Who holds them accountable for explanations and outlines of the truth Who questions them or anything they say With sound biblical exegesis this book challenges you to keep an open mind and determine for yourself what is true or false As an ordained Word of Faith preacher Joe Bachota has firsthand knowledge of the doctrines being preached Word of Faith Preachers isnt meant to be an exhaustive discussion of every doctrinal position taken by the movement Instead it explores a few of the major heresies the Word of Faith churches are teaching with the goal of preventing you from being led astray if you are exposed to them Even though Bachota once believed preached and taught most of these doctrines the Lord has led him in another direction opening his eyes to the heresies contained in some of the Word of Faith doctrine Hopefully this book will lead you in the same way and enable you to come to the same conclusion he did the teachings of many churches today particularly Word of Faith churches are completely out of touch with sound biblical doctrine *Moses and God in Dialogue* Karla R. Suomala,2004 In Exodus 32 34 through a series of dialogues Moses persuades God to spare the Israelites from destruction after they have made and worshipped a golden calf The significance of this passage was not lost on ancient interpreters At the heart of their concerns was the relationship between Moses and God as well as the extent to which the Divine could be swayed by human reason and passion For some the idea that God could be moved by human efforts was welcome providing hope in difficult times For others it was alarming after all God was not only supposed to be all powerful but immune to change This book evaluates the ancient reworkings of these dialogues translations rewritten Bible Midrash and Targum in light of the difference in power and position between Moses and God and its influences on the form of their communication *The Ashgate Research Companion to Religion and Conflict Resolution* Lee Marsden,2016-03-23 A comprehensive overview of the latest research in religion and conflict resolution this collection of twenty three essays brings together leading scholars in the field examining the contribution religious actors have made and are making towards peace and resolving The Ashgate Research Companion to Religion and Conflict Resolution is primarily aimed at readerships with special interest in conflict resolution international security and religion and international relations and will also serve as a valuable resource for policy makers and conflict resolution practitioners The collection comprises five thematic sections each with chapters on vital and mainly contemporary topics in the field of religion and conflict resolution The principal themes include **Phyllis Tickle**

Pandeism Knud Jon Mapson,2017-01-27 Pandeism An Anthology presents the work of sixteen authors new and old examining the implications of the revolutionary evolutionary theological theory of Pandeism the proposition that the Creator of our Universe created by becoming our Universe and that this proposition can be demonstrated through the exercise of logic and reason These authors present a wide range of views originating from their varied experiences from professional theologians and religious educators to lay philosophers with PhDs in the hard sciences Collectively these authors have assembled the most extensive examination of Pandeism put to print in over a hundred years **False Dawn** Lee Penn,2004

The interfaith movement which began with the 1893 World s Parliament of Religions in Chicago has grown worldwide Although this movement has been largely unknown to the public it now provides a spiritual face for globalization the economic and political forces leading us all from nationalism to One World The most ambitious organization in today s interfaith movement is the United Religions Initiative URI founded by William Swing the Episcopal Bishop of California Investigative reporter Lee Penn a Catholic ex Marxist exhaustively documents the history and beliefs of the URI and its New Age and globalist allies the vested interests that support these movements and the direction they appear to be taking The interfaith movement is no longer merely the province of a coterie of little heeded religious idealists with grandiose visions The URI s proponents have ranged from billionaire George Soros to President George W Bush from the far right Rev Sun Myung Moon to the liberal Catholic theologian Hans K ng and from the Dalai Lama to the leaders of government approved

Protestant churches in the People's Republic of China The interfaith movement including the URI is being promoted by globalist and New Age reformers who favor erosion of national sovereignty marginalization of traditional religions establishment of global governance and creation of a new Earth based global spirituality in effect a one world religion Therefore the URI and the interfaith movement are poised to become the spiritual foundation of the New World Order the new civilization now proposed by Mikhail Gorbachev the last leader of the Soviet Union In The Reign of Quantity and the Signs of the Times French metaphysician Ren Gu non spoke of the anti tradition the forces of materialism and secular humanism finally giving way to the counter tradition the satanic inversion of true spirituality leading to the regime of Antichrist The anti tradition weakens and dissolves traditional spiritualities after which the counter tradition sets up a counterfeit in their place Since Gu non's time as is well known anti traditional forces have greatly advanced worldwide It is less well known that counter traditional movements have also made great strides and now stand closer to the centers of global political and religious power than ever before The counter tradition is making inroads on the political and cultural Right as much as it is doing on the Left False Dawn painstakingly documents these trends and speculates on their future development In so doing the author takes investigative reporting to the threshold of prophecy and gives us a stunningly plausible picture of the global religious landscape of the 21st century This extraordinary project is the literary equivalent of turning over a flat rock There is much to be seen and learned here all of it unsettling disquieting occasionally downright scary William Murchison Radford Distinguished Professor Baylor University When a bishop of a Christian church happily worships alongside a Wiccan invoking other gods something has gone horribly wrong In False Dawn Lee Penn has produced a comprehensive and critical history of the United Religions Initiative This book sounds a clear warning Anyone who makes theological truth subservient to utopianism denigrates all religions Douglas LeBlanc Editor GetReligion.org

history and his life experiences in the modern commercial materialistic world culture He believes in doing Gods work in whatever circumstances he was placed to be guided by the principles of what he believed Jesus has taught in establishing a consistent logical framework that is universal and more holistic the result of which is the writing of this book One of his greatest gifts is his ability to analyze things logically and he has been a good debater when he was at school He has thus put all his thoughts down gathered from his training life experiences and his wide exposure in the modern world environment to establish an overall consistent logical framework in understanding the meaning of life in the order of things and the role religion plays in assisting each individuals to achieve the universal objective of a salvation and the conflicts that are generated as a result of different derivatives of history and culture of the world      Winds of the Spirit Peter Crafts
