The New Soviet Journalism The Best Of The Soviet Weekly Ogonyok:

The New Soviet Journalism Vitalii Korotych, Cathy Porter, 1990 Translation from the Russian **The Collapse of the Soviet Union, 1985-1991** David R. Marples, 2016-09-17 Why did the Soviet Union collapse in 1991 The collapse of the Soviet Union has widely been seen as the result of the arms race and Cold War and the failure of the Soviet side to keep pace with new technology This book argues that the disintegration was mainly a result of two interrelated factors the rise of the Soviet national republics and the manipulation of the new Russian presidency by Boris Yeltsin in what became a direct power struggle between Yeltsin and the Soviet leader Gorbachev Written in a clear and accessible manner the book provides an explanation of how the national question came to dominate Soviet politics by 1990 1 analysis of the economic crisis that occurred in the late 1980s a chapter devoted to the year 1991 from the referendum to reform the Soviet Union to the unforeseen dissolution of the country by December a discussion of the personalities of and political confrontation between the two key statesman Gorbachev and Yeltsin Also containing a Chronology Glossary and Who's Who of key figures The Collapse of the Soviet Union is essential reading for students of twentieth century European history **Governing Soviet Journalism** Thomas C. Wolfe, 2005-06-08 The Soviet project of creating a new culture and society entailed a plan for the modeling of new persons who embodied and fulfilled the promise of socialism and this vision was expressed in the institutions of government Using archival sources essays and interviews with journalists Thomas C Wolfe provides an account of the final four decades of Soviet history viewed through the lens of journalism and media Whereas most studies of the Soviet press approach its history in terms of propaganda or ideology Wolfe's focus is on the effort to imagine a different kind of person and polity Foucault's concept of governmentality illuminates the relationship between the idea of the socialist person and everyday journalistic representation from the Khrushchev period to the 1990s and the appearance of the tabloid press This thought provoking study provides insights into the institutions of the Soviet press and the lives of journalists who experienced important transformations of their work **Roads to the Temple** Leon Aron, 2012-06-13 Leon Aron considers the mystery of the Soviet collapse and finds answers in the intellectual and moral self scrutiny of glasnost that brought about a profound shift in values Reviewing the entire output of the key glasnost outlets in 1987 1991 he elucidates and documents key themes in this national soul searching and the ultimate questions that sparked moral awakening of a great nation Who are we How do we live honorably What is a dignified relationship between man and state How do we atone for the moral breakdown of Stalinism Contributing both to the theory of revolutions and history of ideas Aron presents a thorough and original narrative about new ideas dissemination through the various media of the former Soviet Union Aron shows how reaching every corner of the nation these ideas destroyed the moral foundation of the Soviet state de legitimized it and made its collapse inevitable **Unlearning the Soviet Tongue** Natalia Kovalyova, 2014-09-24 How do countries democratize What route does the way out of totalitarianism take Students of Russian politics have pursued answers to these questions by

surveying Russians on a variety of attitudes beliefs norms and practices This book attends to political discourse to demonstrate how it creates and constraints political opportunities It examines an important period of Russian political history from Boris Yeltsin's second presidential election in 1996 when democracy was pronounced victorious through its gradual slide toward authoritarian practices during Vladimir Putin's initial two terms in office and to the election of his protégé Dmitry Medvedev in 2008 This analysis challenges the assertions of Russian democracy as doomed by the governing rationalities of the elites Likewise it refutes the notion of Russians as an apathetic nation in chronic need of a strong hand It argues that if we are to understand how Russia lives how it endures and how it can change we need to pay attention to the discourses that shape Russian political identities and the nation's political future

Armageddon Averted : The Soviet Collapse

1970-2000 Stephen Kotkin, 2001-09-06 This is the story of the structural factors behind the Soviet Collapse which did not suddenly end in 1991 and the relation of the structural to the great personalities such as Mikhail Gorbachev and Boris Yeltsin Using several dozen memoirs of insiders including top KGB personnel and many previously classified documents this book narrates and explains not just the collapse of socialism but also of the Union and in a comparative framework shows how and why the two collapsed together Stephen Kotkin charts the collapse of the Soviet Union one of the key developments in recent history and analyzes why it happened He examines the internal structural cultural and political reasons for the demise both of the Communist system and of the Union drawing on memoirs and documents of the senior figures involved including Ligachev Gorbachev and Yeltsin as well as on the burgeoning secondary literature The book puts the Soviet collapse in the context of the global economic changes from the 1970s to the present day examining why the advent of Siberian oil at a time of shortage elsewhere had profound and long term effects on the Soviet Union's raison d'être

The Mythologies of Capitalism and the End of the Soviet Project Olga Baysha, 2014-08-14 The purpose of The Mythologies of Capitalism and the End of the Soviet Project is to show that in order to understand popular disillusionment with democratization liberalization and other transformations associated with the attempts of non Western societies to appropriate the ideas of Western modernity one must consider how these ideas are mythologized in the course of such appropriations Olga Baysha argues that the seeds of popular post revolutionary frustration should be sought in pre revolutionary discourses on democracy liberalism and other concepts of Western modernity that are produced outside local contexts and introduced through the channels of global communication and the interpretations of politicians activists and experts Analyzing the opinions of working people and intellectuals published in two Ukrainian newspapers of perestroika times the author shows how the concepts of democracy the market and the West acquired schizophrenic mythical significations The study is situated within the context of Ulrich Beck's theory of world risk society and Gregory Bateson's theory of schizophrenia as communicative disorder The author argues that schizophrenic mythologies constructed through globalized networks can lead to disorientation frustration and the sense of uncertainty and insecurity on the part of mass publics

Russian Talk Nancy

Ries,1997 As one of the first Western ethnographers working in Moscow Nancy Ries became convinced that talk is one crucial way in which Russian identity is constructed and reproduced Listening to the grim stories people used to characterize their lives during perestroika and encountering the florid pessimism with which Muscovites described the unraveling of Soviet governance Ries realized that these dire tales played a crucial role in fabricating a sense of shared experience and destiny While many of the narratives aptly depicted the chaotic social and political events they also promoted key images of Russianness and presented Russian society as an inescapable realm of injustice absurdity and suffering At the height of perestroika in the early 1990s Moscow residents commonly used the phrase complete ruin to refer to the disintegration of Russian society encompassing in that phrase the escalation of crime the disappearance of goods from stores the fall of production ecological catastrophes ethnic violence in the Caucasus the degradation of the arts and the flood of pornography Ries argues that such stories became a genre of folklore consistent in their lamenting portentous tone and their dramatic culturally poignant details *The Gorbachev Bibliography, 1985-1991* Joseph L. Wiczynski,1996 *Public Opinion* William A. Blade,2002 Twenty four news networks a plethora of newspapers and magazines vibrant news talk radio and the ubiquitous Internet highlight our society as information driven With such a steady stream of hard facts mixed with publicised opinions the mainstream population has an opinion on everything Most anyone seems itching to argue their side of an issue making once private beliefs fodder for general consumption A staple of any medium s content is a regular public opinion poll on whatever hot topic strikes the editor s fancy From the significant to the mundane public opinion permeates society Accordingly politicians have taken note of these opinions and adopted stands and values that put them in tune with public sentiment An understanding of the nature of public opinion therefore is paramount in today s world This book assembles and presents a carefully chosen bibliography on public opinion in its many forms The collection of references makes for a valuable resource in studying and researching the critical issue of public opinion Easy access to these pieces of literature are then provided with author title and subject indexes **Soviet Press Coverage of the Chernobyl Accident** Anna Jo Keller,1997 **JQ. Journalism Quarterly** ,1992 Includes section Book reviews and other bibliographical material The publishers weekly ,1991 *Imagining Journalism* Thomas Cox Wolfe,1997 *New Books in the Communications Library* University of Illinois at Urbana-Champaign. Communications Library,1991-04 **The Antioch Review** John Donald Kingsley,1991 **The Best of Ogonyok** Віталій Коротич,Cathy Porter,1990 Founded in 1923 Ogonyok s mixture of bold reportage and challenging of the country s cruel history has recently turned into the most popular and influential magazine in the Soviet Union This is a selection of the best of Ogonyok during the last two years From Moscow gang warfare to bribery and corruption Stalin s war crimes to the rehabilitation of leading intellectuals Chernobyl to Afghanistan the life of ethnic minorities in Armenia and Azerbaijan to the rising suicide rate shortages in the shops to the drug trade Politics and Economics of the Soviet Union G. P. Manat,1992 **Update** ,1991 Consists of separate newsletters from each of the 4 area

studies centers with collective title at head of first section Each newsletter has also a distinctive title for each issue
Media Studies Journal ,1993

Enjoying the Beat of Phrase: An Psychological Symphony within **The New Soviet Journalism The Best Of The Soviet Weekly Ogonyok**

In a global eaten by screens and the ceaseless chatter of instantaneous communication, the melodic beauty and psychological symphony produced by the published word frequently diminish into the background, eclipsed by the constant noise and disturbances that permeate our lives. Nevertheless, located within the pages of **The New Soviet Journalism The Best Of The Soviet Weekly Ogonyok** a charming fictional treasure overflowing with raw emotions, lies an immersive symphony waiting to be embraced. Crafted by a wonderful musician of language, that interesting masterpiece conducts readers on an emotional trip, skillfully unraveling the concealed tunes and profound influence resonating within each carefully crafted phrase. Within the depths of the moving examination, we can explore the book is key harmonies, analyze their enthralling writing design, and surrender ourselves to the profound resonance that echoes in the depths of readers souls.
