The New Sufferings Of Young W

Karen Leeder

The New Sufferings Of Young W:

The New Sufferings of Young W. Ulrich Plenzdorf, 1996-01-18 In English translation One of the most talked about works ever published in the German Democratic Republic This innovative novel by an East German writer is a worthy companion to the classic it parodies and parallels Goethe's *The Sufferings of Young Werther* Goethe and J D Salinger were the two greatest influences on Edgar Wibeau Young W Edgar is a 17 year old with the frustrations of teenagers all over the world living with the added pressures of an East bloc state A model all GDR boy the son of a factory director he suddenly drops out But not from socialism per se just from conformity picky regulations and official disapproval of jeans the blues and girls Hiding out he finds and devours an old copy of *The Sufferings of Young Werther* From then on he wards off reality with Goethe texts and young Wibeau's fate is superimposed on that of Werther like a transparent overlay It is an ironic and revealing linkage

The New Sufferings of Young W. and Other Stories from the German Democratic Republic Therese Hörnigk, Alexander Stephan, 1997-01-01 **The New Sorrows of Young W.** Ulrich Plenzdorf, 2015-08-11 Edgar Wibeau seventeen years old has died on Christmas Eve in an unfortunate accident involving electricity His father who left the family when Edgar was five interrogates those close to him to find out what exactly happened and who his son really was Helpfully for the reader Edgar himself punctuates the father's conversations with his mother best friend Willi and Charlie the woman with whom Edgar was unhappily in love to give us his version of events from beyond the grave and a story magically reminiscent of Goethe's *The Sorrows of Young Werther* and Salinger's *The Catcher in the Rye* unfolds before our eyes Originally conceived as a screenplay Plenzdorf's modern classic was first published in East Germany in 1973 A satire about the cultural and social limits of the GDR it has long been a set text in German schools and its critical and popular success remains unabated *The New Sufferings of Young W.* Ulrich Plenzdorf, 1979 One of the most talked about works ever published in the German Democratic Republic This innovative novel by an East German writer is a worthy companion to the classic it parodies and parallels Goethe's *The Sufferings of Young Werther* Goethe and J D Salinger were the two greatest influences on Edgar Wibeau Young W Edgar is a 17 year old with the frustrations of teenagers all over the world living with the added pressures of an East bloc state A model all GDR boy the son of a factory director he suddenly drops out But not from socialism per se just from conformity picky regulations and official disapproval of jeans the blues and girls Hiding out he finds and devours an old copy of *The Sufferings of Young Werther* From then on he wards off reality with Goethe texts and young Wibeau's fate is superimposed on that of Werther like a transparent overlay *Beyond Boundaries* , 2016-08-29 Despite the recent growth in university courses on European Studies and Cultural Studies and notwithstanding increasing public concern about questions of national identity within Europe there is currently little material available which explores the diversity of European identities specifically within the context of European literary and filmic culture In tackling ten novels six plays four films three short stories three books of travel writing and one diary covering fifteen nationalities in all

the authors of this volume are seeking to fill this gap The twelve essays contain detailed textual analysis embedded within a framework of cultural theory whose most celebrated reference points include Freud Edward Said Benedict Anderson and Homi Bhabha This volume is aimed not only at specialists in identity studies and those concerned with the artistic landscape of a wider Europe including Russia the Balkans Finland and Turkey It will also interest those preoccupied with building an imaginative and imagined identity for Europe an identity which might help to sustain it as a political entity and lend it greater popular legitimacy than it enjoys at present Beyond Boundaries Andy Hollis,2000 Despite the recent growth in university courses on European Studies and Cultural Studies and notwithstanding increasing public concern about questions of national identity within Europe there is currently little material available which explores the diversity of European identities specifically within the context of European literary and filmic culture In tackling ten novels six plays four films three short stories three books of travel writing and one diary covering fifteen nationalities in all the authors of this volume are seeking to fill this gap The twelve essays contain detailed textual analysis embedded within a framework of cultural theory whose most celebrated reference points include Freud Edward Said Benedict Anderson and Homi Bhabha This volume is aimed not only at specialists in identity studies and those concerned with the artistic landscape of a wider Europe including Russia the Balkans Finland and Turkey It will also interest those preoccupied with building an imaginative and imagined identity for Europe an identity which might help to sustain it as a political entity and lend it greater popular legitimacy than it enjoys at present

"All Power to the Imagination!" Sabine Von Dirke,2016-07 All Power to the Imagination is a history of the counterculture s immensely influential role in West German

cultural and political life Sabine von Dirke opens with an examination of nascent countercultural movements in West Germany during the 1950s She then moves to a nuanced account of the student movement of the 1960s describing its adaptation of the theories of Marcuse Adorno and Benjamin then recounting its attack on bourgeois notions of the autonomy of art and culture She next examines the subsequent development of a radical aesthetic and the effects of left wing terrorism on Germany's political climate Later chapters focus on the ecology movement and the rise of the Green Party Von Dirke concludes by asking whether the evolution that this book traces from Marxist influenced critiques of culture and society to more diverse less doctrinaire left wing positions represents progress or a betrayal of radical ideals An ambitious study of the German left this book is an important contribution to our understanding of postwar European history

Thinking German Translation Sándor Hervej, Mr Ian Higgins, Ian Higgins, Michael Loughridge, 2003-09-02 Thinking German Translation is a comprehensive and revolutionary 20 week course in translation method offering a challenging and entertaining approach to the acquisition of translation skills It has been fully and successfully piloted at the University of St Andrews Translation is presented as a problem solving discipline Discussion examples and a full range of exercise work enable students to acquire the skills necessary for a broad range of translation problems Examples are drawn from a wide variety of material from technical and commercial texts to poetry and song Thinking German Translation is essential reading for advanced undergraduates and postgraduate students of German The book will also appeal to a wide range of languages students and tutors through the general discussion of principles purposes and practice of translation

Goethe and His Publishers Siegfried Unseld, 2019-04-12 Goethe's ranging literary genius nimble yet luminous resists simple classification Poet and natural philosopher critic and raconteur Goethe was the most commanding literary presence of his time Goethe and His Publishers organizes for the first time the myriad details of Goethe's career in print Director of the German publishing company Suhrkamp Verlag Siegfried Unseld brings a singular perspective to this biography focusing our attention on an essential component of Goethe's literary endeavors his relationship to his publishers Carefully examining each work Unseld covers the range of Goethe's oeuvre from first anonymous publications to eventual monumental editions brought out by Johann Friedrich Cotta the most renowned publisher of his day Unseld sifts through the rich correspondence between Goethe and his publishers as well as letters to and from friends colleagues and contemporaries Analyzing publishing contracts draft contracts and historical documents Unseld reveals the tremendous energy Goethe exerted on behalf of his manuscripts During negotiations he was sometimes circumspect and reserved other times demanding and assertive These exchanges not only shed new light on Goethe's complex character but also show how he changed the author's role in the publishing process Thus this work offers a penetrating study on the intricate and many tiered relations between author and publisher then and today Goethe and His Publishers celebrates Goethe's works his life and his times from the viewpoint of a publisher today Written by an individual who has devoted much of his life to the study of the poet whom he reveres such a personal approach

not only forms an excellent introduction to Goethe's work but helps restore Goethe to his rightful place in the world of letters

Popular Culture Kevin Alan Richards, **Encyclopedia of German Literature** Matthias Konzett, 2015-05-11 Designed to provide English readers of German literature the opportunity to familiarize themselves with both the established canon and newly emerging literatures that reflect the concerns of women and ethnic minorities the Encyclopedia of German Literature includes more than 500 entries on writers individual work and topics essential to an understanding of this rich literary tradition Drawing on the expertise of an international group of experts the essays in the encyclopedia reflect developments of the latest scholarship in German literature culture and history and society In addition to the essays author entries include biographies and works lists and works entries provide information about first editions selected critical editions and English language translations All entries conclude with a list of further readings **Backpack Ambassadors** Richard Ivan Jobs, 2017-05-22 In Backpack Ambassadors Richard Ivan Jobs tells the story of backpacking in Europe in its heyday the decades after World War II revealing that these footloose young people were doing more than just exploring for themselves Rather with each step each border crossing each friendship they were quietly helping knit the continent together

Women and Gender in Central and Eastern Europe, Russia, and Eurasia Mary Zirin, Irina Livezeanu, Christine D. Worobec, June Pachuta Farris, 2015-03-26 This is the first comprehensive multidisciplinary and multilingual bibliography on Women and Gender in East Central Europe and the Balkans Vol 1 and The Lands of the Former Soviet Union Vol 2 over the past millennium The coverage encompasses the relevant territories of the Russian Hapsburg and Ottoman empires Germany and Greece and the Jewish and Roma diasporas Topics range from legal status and marital customs to economic participation and gender roles plus unparalleled documentation of women writers and artists and autobiographical works of all kinds The volumes include approximately 30 000 bibliographic entries on works published through the end of 2000 as well as web sites and unpublished dissertations Many of the individual entries are annotated with brief descriptions of major works and the tables of contents for collections and anthologies The entries are cross referenced and each volume includes indexes

Comparative Criticism: Volume 7, Boundaries of Literature E. S. Shaffer, 1986-04-17 Comparative Criticism is an annual journal of comparative literature and cultural studies that has gained an international reputation since its inception in 1979 It contains major articles on literary theory and criticism on a wide range of comparative topics and on interdisciplinary debates It includes translations of literary scholarly and critical works substantial reviews of important books in the field and bibliographies on specialist themes for the year on individual writers and on comparative literary studies in Britain and Ireland **Allusions in the Press** Paul Lennon, 2008-08-22 This corpus based study of allusions in the British press shows the range of targets journalists allude to from Shakespeare to TV soaps from Jane Austen to Hillary Clinton from hymns to nursery rhymes proverbs and riddles It analyzes the linguistic forms allusions take and demonstrates how allusions function meaningfully in discourse It explores the nature of the background cultural and intertextual knowledge allusions demand of

readers and sets out the processing stages involved in understanding an allusion Allusion is integrated into existing theories of indirect language and linked to idioms word play and metaphor *Problems of Communism* ,1978 **Goethe in East Germany, 1949-1989** Daniel J. Farrelly,1998 Goethe and Schiller as representatives of Weimar Classicism had a pivotal function in the cultural policy of the GDR in the forty years of its existence 1949 1989 **Rereading East Germany** Karen Leeder,2016-01-14 This volume is the first to address the culture of the German Democratic Republic GDR as a historical entity but also to trace the afterlife of East Germany in the decades since the fall of the Berlin Wall An international team of outstanding scholars offers essential and thought provoking essays combining a chronological and genre based overview from the beginning of the GDR in 1949 to the unification in 1990 and beyond with in depth analysis of individual works A final chapter traces the resonance of the GDR in the years since its demise and analyses the fascination it engenders The volume provides a rereading of East Germany and its legacy as a cultural phenomenon free from the prejudices that prevailed while it existed offering English translations throughout a guide to further reading and a chronology **Writing in Red** Thomas W. Goldstein,2017 In the German Democratic Republic words and ideas mattered both for legitimizing and criticizing the regime No wonder then that the ruling SED party created a Writers Union to mold what writers publicly wrote and said Its chief task was ideological creating a socialist and antifascist culture But it was also supposed to advance its members professional interests and enable them to act as public intellectuals with a say in the direction of socialism Many writers demanded that it pursue this second function as well which brought it into conflict with the SED This book explores how the union became a site for the contestation of writers roles in GDR society with consequences well beyond the literary community Union leaders pressured by the SED or the secret police usually acquiesced in enforcing regime demands but by the 1980s many authors had adapted to the rules of the game exploiting their union membership to insulate themselves from reprisal for their carefully worded critiques and in so doing beginning to break down limitations on public speech The book explores how and why in the 1970s the Writers Union helped normalize relations between writers and state yet over the course of the 1980s inadvertently aided the expansion of permissible speech ultimately helping destabilize the East German system Thomas W Goldstein is Assistant Professor of History at the University of Central Missouri
