The New York School Abstract Expressionism In The 40s And 50s:

The New York School, 1971 **The New York School** Maurice Tuchman, 1971 *The New York School* Maurice Tuchman, 1971 **The New York School, Abstract Expressionism in the 40s and 50s**, 1970 *Abstract Expressionism at the Museum of Modern Art* Ann Temkin, 2010

More than sixty years have passed since the critic Robert Coates writing in *The New Yorker* in 1946 first used the term Abstract Expressionism to describe the richly coloured canvases of Hans Hofmann. The name stuck and over the years it has come to designate the paintings and sculptures of artists as different as Jackson Pollock and Barnett Newman, Willem de Kooning and Mark Rothko, Lee Krasner and David Smith. The achievements of this generation which put New York City on the map as the centre of the international art world are some of the 20th century's greatest masterpieces. Beginning in mid 1940s under the aegis of Alfred H. Barr Jr, works by then little known American artists including Pollock, de Kooning, Smith, Arshile Gorky and Adolph Gottlieb began to enter the Museum's collection. These ambitious acquisition initiatives continued throughout the second half of the last century and produced a collection of Abstract Expressionist art with a breadth and depth unrivalled by any museum in the world. With an essay by Ann Temkin, *Abstract Expressionism at The Museum of Modern Art* celebrates the Museum's holdings from this epochal moment in the history of art and the institution like no other book.

Rereading Abstract Expressionism, Clement Greenberg and the Cold War Daniel Neofetou, 2021-09-23. Since the 1970s it has been argued that Abstract Expressionism was exhibited abroad by the post war US establishment in an attempt to culturally match and reinforce its newfound economic and military dominance. The account of Abstract Expressionism developed by the American critic Clement Greenberg is often identified as central to these efforts. However, this book rereads Greenberg's account through Theodor Adorno and Maurice Merleau-Ponty in order to contend that Greenberg's criticism in fact testifies to how Abstract Expressionism opposes the ends to which it was deployed. With reference not only to the most famous artists of the movement but also female artists and artists of colour whom Greenberg himself neglected such as Joan Mitchell and Norman Lewis, it is argued that far from reinforcing the capitalist status quo, Abstract Expressionism engages corporeal and affective elements of experience dismissed or delegitimated by capitalism and promises a world that would do justice to them.

James Wierzbicki, 2022-04-27 This book examines the American Sixties and how that period's socio political essence was reflected and refracted in certain forms of the period's music Its five main chapters bear the names of familiar musical categories Folk Rock Jazz Avant Garde Classical But the book's real subject matter treated at length in the Prologue and the Epilogue but spread throughout all that comes between is the Sixties tangled mess of hopes and frustrations of hungers as much for self identity as for self indulgence of crises of conscience that bothered Americans of almost all ages and regardless of political persuasion

The Longing for Less

Kyle Chayka, 2020-01-21 The New Yorker staff writer and Filterworld author Kyle Chayka examines the deep roots and untapped possibilities of our newfound all consuming drive to reduce Less is more Everywhere we hear the mantra Marie Kondo and other decluttering gurus promise that shedding our stuff will solve our problems We commit to cleanse diets and strive for inbox zero Amid the frantic pace and distraction of everyday life we covet silence and airy Instagrammable spaces in which to enjoy it The popular term for this brand of upscale austerity minimalism has mostly come to stand for things to buy and consume But minimalism has richer deeper and altogether more valuable gifts to offer In The Longing for Less one of our sharpest cultural critics delves beneath the glossy surface of minimalist trends seeking better ways to claim the time and space we crave Kyle Chayka's search leads him to the philosophical and spiritual origins of minimalism and to the stories of artists such as Agnes Martin and Donald Judd composers such as John Cage and Julius Eastman architects and designers visionaries and misfits As Chayka looks anew at their extraordinary lives and explores the places where they worked from Manhattan lofts to the Texas high desert and the back alleys of Kyoto he reminds us that what we most require is presence not absence The result is an elegant synthesis of our minimalist desires and our profound emotional needs With a new afterword by the author Catalog of the Library of the Museum of Modern Art: Neu Museum of Modern Art (New York, N.Y.).
