The Nicest Gift:

The Best Gift Margaret Beckman, Stephen Langmead, John Black, 1984-01-01 This book is a vivid reminder of the early days of library development in Ontario The beautiful buildings which still grace Ontario towns and villages as illustrated are a part of our provincial heritage By the turn of the century a public library was perceived as an important element in the civic fabric of almost every Ontario community However the introduction of the Carnegie grants for library buildings gave impetus to the Ontario government programme for library development and provided a focus for increased support of library services Rivalry among neighbouring communities to secure a Carnegie library heightened this awareness as did the publicity in some instances even controversy which surrounded each step of the grant seeking site selection and plan approval process As well the hitherto unexplored story of Carnegie grant process in each community has been examined and the role of one man James Bertram secretary to Andrew Carnegie is revealed in absorbing detail Library plans and design elements are also discussed and the influence of a few architects on the building designs is revealed the fascinating involvement of Frank Lloyd Wright in the Pembroke Carnegie library building is one such example **The Best Gift Ever Given** Ronnie

hope as they learn to view their frailties as part of God's plan and purpose for their lives. Our culture deifies strength and sadly the church does too. Who has the most successful ministry: the largest congregation or the godliest family? Our misplaced faith in human strength is a false hope with no basis in Scripture. But a closer look throughout the Bible reveals the central role human frailty plays in the redemption story. From Genesis to Revelation, God's power is made perfect when people are at their weakest. Far from an undesirable defect, God designed our weakness to draw us closer to himself. As you learn to accept the good gift of weakness, you will experience true strength—the kind that only comes from a loving and infinitely powerful God.

The Greatest Gift Ever Given Michael S. Ridenour, 2017-11-09. As a child in a non-religious family, Michael Ridenour found a Bible one day and began reading. Initially excited by its lively stories, he paused at the New Testament, faced with a baffling inner question: Where in the world is Christ today? An unexpected answer came during his teenage years with a spontaneous experience of the Christ being, but this only led to more questions. Later, discovering the work of Rudolf Steiner, he found the authentic vision and language he needed to clarify and better comprehend his own experiences, but the questions kept coming. *The Greatest Gift Ever Given* is a fruit of Ridenour's life-long search for answers, a book that is at once deeply thoughtful, humorous, philosophical, and poetic. In Part I, *Raising the Foundation*, he studies the Judeo-Christian mysteries. After humanity's fall into materialism, these mysteries signal the development of human individuality. The impulse for selfhood continues with Christ, who brings a new path of divine love. But the mystery of Christ leads naturally to his shadow. Today we can no longer escape the question: Where in the world is Judas? Without Judas's betrayal, Christ's greatest gift could never have been given. We can't reject Judas but should transform him within ourselves. In Part II, *Lowering the Temple*, Ridenour relates the theme of metamorphosis to the contemporary world. Once guided by initiates, personal transformation now needs to blossom from within each individual human soul. The topic of evolution takes us to a consideration of the perennially controversial Charles Darwin as well as the intuitive approach of Goethe and the living thinking of Rudolf Steiner. A rich treasure trove of ideas, *The Greatest Gift Ever Given* sharpens a dynamic focus on current spiritual needs and contributes a thought-provoking response to them.
