The Nixon Theology:

The Nixon Theology Charles P. Henderson, 1972

Religion in the Oval Office Gary Scott Smith, 2015-02-27

Continuing the work of Faith and the Presidency OUP 2006 Gary Scott Smith takes on eleven more US presidents and examines the role religion played in their policies personal lives and decisions *Nixon's First Cover-up* H. Larry Ingle, 2015-07-07 Have you ever thought you completely knew a story inside and out only to see some new information that shatters what you had come to accept as unquestioned fact Well Richard Nixon is that story and Nixon's First Cover up is that new information With few exceptions the religious ideologies and backgrounds of U S presidents is a topic sorely lacking in analysis H Larry Ingle seeks to remedy this situation regarding Nixon one of the most controversial and intriguing of the presidents Ingle delves more deeply into Nixon's Quaker background than any previous scholar to observe the role Nixon's religion played in his political career Nixon's unique and personally tailored brand of evangelical Quakerism stayed hidden when he wanted it to but was on display whenever he felt it might help him advance his career in some way Ingle's unparalleled knowledge of Quakerism enables him to deftly point out how Nixon bent the traditional rules of the religion to suit his needs or in some cases simply ignored them entirely This theme of the constant contradiction between Nixon's actions and his apparent religious beliefs makes Nixon's First Cover up truly a groundbreaking study both in the field of Nixon research as well as the field of the influence of religion on the U S presidency Forty years after Nixon's resignation from office Ingle's work proves there remains much about the thirty seventh president that the American public does not yet know [The SAGE Handbook of the Sociology of Religion](#) James A Beckford, Jay Demerath, 2007-10-29 In their introduction to this Handbook the editors affirm Many sociologists have come to realise that it makes no sense now to omit religion from the repertoire of social scientific explanations of social life I wholeheartedly agree I also suggest that this wide ranging set of essays should become a starting point for such enquiries Each chapter is clear comprehensive and well structured making the Handbook a real asset for all those engaged in the field Grace Davie University of Exeter Serious social scientists who care about making sense of the world can no longer ignore the fact that religious beliefs and practices are an important part of this world This Handbook is a valuable resource for specialists and amateurs alike The editors have done an exceptionally fine job of incorporating topics that illuminate the range and diversity of religion and its continuing significance throughout the world Robert Wuthnow Princeton University At a time when religions are increasingly affecting and affected by life beyond the narrowly sacred sphere religion everywhere seems to be caught up in change and conflict In the midst of this contention and confusion the sociology of religion provides a rich source of understanding and explanation This Handbook presents an unprecedentedly comprehensive assessment of the field both where it has been and where it is headed Like its many distinguished contributors its topics and their coverage are truly global in their reach The Handbook's 35 chapters are organized into eight sections basic theories and debates methods of studying religion social forms and experiences of religion

issues of power and control in religious organizations religion and politics individual religious behaviour in social context religion self identity and the life course and case studies of China Eastern Europe Israel Japan and Mexico Each chapter establishes benchmarks for the state of sociological thinking about religion in the 21st century and provides a rich bibliography for pursuing its subject further Overall the Handbook stretches the field conceptually methodologically comparatively and historically An indispensable source of guidance and insight for both students and scholars Choice Outstanding Academic Title 2009

American Religion, American Politics Joseph Kip Kosek, 2017-01-01 Mary Daly Beyond God the Father 1973 6 THE RELIGIOUS RIGHT AND ITS CRITICS Engel v Vitale 1962 Phyllis Schlafly The Power of the Positive Woman 1977 Francis Schaeffer A Christian Manifesto 1981 John Shelby Spong Blessing Gay and Lesbian Commitments 1988 Employment Division v Smith 1990 7 GLOBAL RELIGION GLOBAL POLITICS George W Bush Freedom at War with Fear 2001 Ingrid Mattson American Muslims Have a Special Obligation 2001 Sam Harris The End of Faith 2004 Wendell Berry Faustian Economics 2008

Religion and Politics in America Frank J. Smith, 2016-07-11 There has always been an intricate relationship between religion and politics This encyclopedia provides a comprehensive overview of the interrelation of religion and politics from colonial days to the present Can a judge display the Ten Commandments outside of the courthouse Can a town set up a nativity scene on the village green during Christmas Should U S currency bear the In God We Trust motto Should public school students be allowed to form bible study groups Controversies about the separation of church and state the proper use of religious imagery in public space and the role of religious beliefs in public education are constantly debated This work offers insights into contemporary controversies regarding the uneasy intersections of religion and politics in America Organized alphabetically the entries place each topic in its proper historical context to help readers fully grasp how religious beliefs have always existed side by side and often clashed with political ideals in the United States from the time of the colonies The information is presented in an unbiased manner that favors no particular religious background or political inclination This work shows that politics and religion have always had an impact on one another and have done so in many ways that will likely surprise modern students

Richard Nixon and the Rise of Affirmative Action Kevin L. Yuill, 2006 Nixon s efforts in moving the focus of U S race relations from reform to indemnifying damages Yuill argues at least equal his contributions to the origins of affirmative action through policy innovations Jacket

God and War Raymond Haberski, Jr., 2012-07-23 Americans have long considered their country to be good a nation under God with a profound role to play in the world Yet nothing tests that proposition like war Raymond Haberski argues that since 1945 the common moral assumptions expressed in an American civil religion have become increasingly defined by the nation s experience with war God and War traces how three great postwar trials the Cold War the Vietnam War and the War on Terror have revealed the promise and perils of an American civil religion Throughout the Cold War Americans combined faith in God and faith in the nation to struggle against not only communism but their own internal demons The Vietnam War tested

whether America remained a nation under God inspiring somewhat ironically an awakening among a group of religious intellectual and political leaders to save the nation's soul With the tenth anniversary of 9/11 behind us and the subsequent wars in Iraq and Afghanistan winding down Americans might now explore whether civil religion can exist apart from the power of war to affirm the value of the nation to its people and the world **One Nation Under God** Kevin M.

Kruse, 2015-04-14 The provocative and authoritative history of the origins of Christian America in the New Deal era We're often told that the United States is was and always has been a Christian nation But in **One Nation Under God** historian Kevin M Kruse reveals that the belief that America is fundamentally and formally Christian originated in the 1930s To fight the slavery of FDR's New Deal businessmen enlisted religious activists in a campaign for freedom under God that culminated in the election of their ally Dwight Eisenhower in 1952 The new president revolutionized the role of religion in American politics He inaugurated new traditions like the National Prayer Breakfast as Congress added the phrase under God to the Pledge of Allegiance and made In God We Trust the country's first official motto Church membership soon soared to an all time high of 69 percent Americans across the religious and political spectrum agreed that their country was one nation under God Provocative and authoritative **One Nation Under God** reveals how an unholy alliance of money religion and politics created a false origin story that continues to define and divide American politics to this day **Billy Graham and the Rise of the**

Republican South Steven P. Miller, 2011-08-23 While spreading the gospel around the world through his signature crusades internationally renowned evangelist Billy Graham maintained a visible and controversial presence in his native South a region that underwent substantial political and economic change in the latter half of the twentieth century In this period Graham was alternately a desegregating crusader in Alabama Sunbelt booster in Atlanta regional apologist in the national press and southern strategist in the Nixon administration **Billy Graham and the Rise of the Republican South** considers the critical but underappreciated role of the noted evangelist in the creation of the modern American South The region experienced two significant related shifts away from its status as what observers and critics called the Solid South the end of legalized Jim Crow and the end of Democratic Party dominance Author Steven P Miller treats Graham as a serious actor and a powerful symbol in this transition an evangelist first and foremost but also a profoundly political figure In his roles as the nation's most visible evangelist adviser to political leaders and a regional spokesperson Graham influenced many of the developments that drove celebrants and detractors alike to place the South at the vanguard of political religious and cultural trends He forged a path on which white southern moderates could retreat from Jim Crow while his evangelical critique of white supremacy portended the emergence of color blind rhetoric within mainstream conservatism Through his involvement in the Eisenhower and Nixon administrations as well as his deep social ties in the South the evangelist influenced the decades long process of political realignment Graham's public life sheds new light on recent southern history in all of its ambiguities and his social and political ethics complicate conventional understandings of evangelical Christianity in postwar

America Miller's book seeks to reintroduce a familiar figure to the narrative of southern history and in the process examine the political and social transitions constitutive of the modern South God In The Obama Era Niels C. Nielsen, 2009-10-01 Election 2008 turned out to be a watershed contests looking to crucial decisions of policy change about the war in Iraq the international economy global warming social security and immigration God in the Obama Era is written for general readers and is designed to help give objectivity and perspective on debated issues Its approach is narrative and chronological not dogmatic Its premise is that the contemporary presidency stands in a longer historical tradition which conditions both philosophical and value judgments A scholar who has written in both the history and philosophy of religion the author is interested in the long term moral values and religious symbols that motivate both voters and public officials Of course he is not so naive as to suppose that truth is always on one side of the election divide Clearly the U S Constitution guarantees both freedom of worship and the non establishment of religion But faith convictions remain a powerful ideological force in American politics Holy Nations and Global Identities , 2009-09-28 Along with the processes of globalisation and the end of the cold war we have seen an upsurge in religious nationalism and an increasing focus on the role of religion as a legitimising force in democratic secular states Holy Nations Global Identities draws on the combined theoretical and historical insight of historians political scientists and social scientists on the question of nationalism and globalisation with the methodological knowledge of religion presented by sociologists of religion The book brings genuine theoretical explorations and original case studies on civil religion nationalism and globalization It also provides an introduction to the research history of the fields and aims to develop and elaborate on the theories and methodology of the investigated subjects **Nixoncarver** Mark Maxwell, 2025-09-23 Richard Nixon and Raymond Carver are walking on a California beach when they meet in this imaginative novel that creates a fictional friendship between the ex president and the short story writer In subtle ways their lives intertwine to explore what it means to achieve overcome and suffer In his startling sparkling debut Nixoncarver Mark Maxwell has conjured a portrait of two troubled brilliant men and the gradual processes of their emotional recovery

Radical Political Theology Clayton Crockett, 2013-10-01 In the 1960s the strict opposition between the religious and the secular began to break down blurring the distinction between political philosophy and political theology This collapse contributed to the decline of modern liberalism which supported a neutral value free space for capitalism It also deeply unsettled political religious and philosophical realms forced to confront the conceptual stakes of a return to religion Gamely intervening in a contest that defies simple resolutions Clayton Crockett conceives of the postmodern convergence of the secular and the religious as a basis for emancipatory political thought Engaging themes of sovereignty democracy potentiality law and event from a religious and political point of view Crockett articulates a theological vision that responds to our contemporary world and its theo political realities Specifically he claims we should think about God and the state in terms of potentiality rather than sovereign power Deploying new concepts such as Slavoj i ek's idea of parallax and Catherine

Malabou's notion of plasticity his argument engages with debates over the nature and status of religion ideology and messianism Tangling with the work of Derrida Deleuze Spinoza Antonio Negri Giorgio Agamben Alain Badiou John D Caputo and Catherine Keller Crockett concludes with a reconsideration of democracy as a form of political thought and religious practice underscoring its ties to modern liberal capitalism while also envisioning a more authentic democracy unconstrained by those ties

The Nixon Presidency Timothy N. Thurber, 2022-03-30 The Nixon Presidency is a concise and accessible survey of domestic policy foreign affairs and politics during the thirty seventh president's time in office Richard Nixon was the most polarizing president of the twentieth century and one who continues to fascinate observers of American political life Admirers saw him as the personification of the American dream of upward mobility and their ally against threats at home and abroad Detractors considered him a deceitful sinister figure who threatened democracy was wrapped up in Watergate and perpetuated an immoral war in Vietnam As time passes new questions and insights into the Nixon era arise and various phenomena such as the expansion of the welfare state the growth of the administrative state the evolution of the Republican and Democratic Parties and the deepening polarization in politics and the broader society cast Nixon's presidency in a new light This book uses Nixon as a prism through which to view American history at home and abroad and shows how Nixon's influence remains evident half a century after he left office The text is supported by primary source documents which makes it ripe for classroom use and key for students of American history the American presidency and the sixties

One Lost Soul Daniel Silliman, 2024-08-08 Impious and amoral petty and vindictive Richard Nixon is not the typical protagonist of a religious biography But spiritual drama is at the heart of this former president's tragic story The night before his resignation Richard Nixon wept and prayed Though his demanding parents had raised him Quaker he wasn't a regular churchgoer nor was he quick to express vulnerability As Henry Kissinger witnessed Nixon's loneliness and humiliation that night he remarked Can you imagine what this man would have been had somebody loved him In this provocative and riveting biography Daniel Silliman cuts to the heart of Nixon's tragedy Nixon wanted to be loved by God but couldn't figure out how This profound theological struggle underlay his successes and scandals his turbulent political career his history changing victories and his ultimate disgrace As Silliman narrates the arc of his subject's life and career he connects Nixon's character to religious influences in twentieth century America from Cold War Christianity to Chick tracts Silliman paints a nuanced spiritual portrait of the thirty seventh president just as he offers fresh insight into US political and religious history Readers who lived through Watergate will discover a new perspective on an infamous controversy A historical page turner *One Lost Soul* will surprise and absorb students scholars and anyone who likes a good story

The Literary Legacy of Jimmy Carter Mark I. West, Frye Gaillard, 2024-12-21 Jimmy Carter's expansive body of writing ranges across the genres of memoir commentary children's literature poetry and a novel about the Revolutionary War Editors Mark I West and Frye Gaillard have assembled a group of award winning journalists poets historians and literary scholars to reflect on this substantial and to some

unexpected dimension of Carter's legacy Collectively these essays including several by the editors themselves document a through line of ethical integrity perspective and insight that runs through Carter's writing from his controversial trilogy on peace in the Middle East to his personal reflections on his Georgia boyhood Carter never used a ghost writer As a result his distinct voice and point of view comes through in every book that he published

The Politics of the Sacred in America Anthony Squiers, 2017-12-21 This book provides a comprehensive investigation of the political dimensions of civil religion in the United States By employing an original social psychological theory rooted in semiotics it offers a qualitative and quantitative empirical examination of more than fifty years of political rhetoric Further it presents two in depth case studies that examine how the cultural totemic sign of the Founding Fathers and the signs of America's sacred texts the Constitution and the Declaration of Independence are used in attempts to link partisan policy positions with notions that the country collectively holds sacred The book's overarching thesis is that America's civil religion serves as a discursive framework for the country's politics of the sacred mediating the demands of particularistic interests and social solidarity through the interaction of social belief and institutional politics like elections and the Supreme Court The book penetrates America's unique political religiosity to reveal and unravel the intricate ways in which politics political institutions religion and culture intertwine in the United States

Liberation Theology for a Democratic Society Heinrich Bedford-Strohm, 2018 Public Theology is an indispensable dimension of the calling of the church As minister bishop and academic teacher Heinrich Bedford Strohm in this collection of articles in English language draws on a multitude of experiences in theological reflection as well as in pastoral praxis The contributions of this volume include fundamental reflections on the role of churches and religion in the public sphere But they also deal with issues of material ethics such as human rights economic justice overcoming violence ecology or interreligious dialogue The volume shows how theology can give moral guidance not only for the church but also for society as a whole

Evil Deeds in High Places David E. Settle, 2020-12-08 Highlights Watergate as a critical turning point in Christian engagement in US politics The Watergate scandal was one of the most infamous events in American democratic history Faith in the government plummeted leaving the nation feeling betrayed and unsure who could be trusted anymore In *Evil Deeds in High Places* David E Settle examines how Christian institutions reacted to this moral and ethical collapse and the ways in which they chose to assert their moral authority Settle argues that Watergate was a turning point for spurring Christian engagement with politics While American Christians had certainly already been active in the public sphere these events motivated a more urgent engagement in response and served to pave the way for conservatives to push more fully into political power Historians have carefully analyzed the judicial media congressional and presidential actions surrounding Watergate but there has been very little consideration of popular reactions of Americans across the political spectrum Though this book does not aspire to offer a comprehensive picture of America's citizenry by examining the variety of Protestant Christian experiences those more conservative those more liberal and those in between

and by incorporating analyses of both white and black Christian reactions it captures a significant swath of the American population at the time providing one of the only studies to examine how everyday Americans viewed the events of Watergate. Grasping the dynamics of Christian responses to Watergate enables us to comprehend more completely that volatile moment in US history and provides important context to make sense of reactions to our more recent political turmoil.

The Nixon Theology Introduction

In the digital age, access to information has become easier than ever before. The ability to download The Nixon Theology has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download The Nixon Theology has opened up a world of possibilities. Downloading The Nixon Theology provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading The Nixon Theology has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download The Nixon Theology. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading The Nixon Theology. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading The Nixon Theology, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download The Nixon Theology has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on

a journey of continuous learning and intellectual growth.

FAQs About The Nixon Theology Books

What is a The Nixon Theology PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a The Nixon Theology PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a The Nixon Theology PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a The Nixon Theology PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a The Nixon Theology PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
