The North Atlantic Run The Only Way To Cross:

The North Atlantic Run John Maxtone-Graham, 1972 **The Titanic** Eugene L. Rasor, 2001-09-30 Promoted as virtually unsinkable the ultimate luxury liner the largest ship in the world the RMS Titanic sank on its maiden voyage in April 1912 taking some 1 500 people to their death Aboard the ship were the wealthy and famous as well as hundreds of immigrants seeking a new life in America The most dramatic marine disaster of modern times the Titanic tragedy captured the interest and imagination of the entire world The intensity of interest in the catastrophe has increased particularly after discovery of the wreck off the coast of Newfoundland in the mid 1980s The resulting literature is vast including both scholarly and popular sources Covering more than the published literature the book also surveys memorabilia artifacts cultural icons music film and exhibitions Divided into three sections the work opens with a historiographical survey of the literature then includes descriptive lists of more peripheral material and concludes with a bibliography of 674 entries All items covered in the historiographical survey are included in the bibliography This useful guide will appeal to researchers both laymen and scholars interested in the Titanic *Titanic* John Welshman, 2017-07-27 A century after her sinking social historian John Welshman reconstructs the fascinating individual histories of twelve of the passengers aboard the doomed liner including a minute by minute account of the ship's last tragic hours **The Mariner's Mirror**, 1984 **The Age of Cunard** Daniel Allen Butler, 2004 For a century and a half the single most important sea lane in the world was the transatlantic route linking the Old World with the New For three hundred years sailing ships sufficed to carry cargoes and people but the demands of Steam Age business and commerce demanded more regularity Just as the steam engine had allowed railroads to replace the unpredictability of stagecoaches on land with dependable schedules steamships promised to bring this reliability to crossing the Atlantic This is where the story of the Cunard Line began The greatest influence Cunard would ever have on world events would be the leading role during the last half of the 19th century when the great migration of millions of emigrants transformed the populations of Europe the United States and Canada Wars devastation came to the Cunard Line with WW1 and WW2 as the power of the German submarine fleet built with one purpose in mind to sever the North Atlantic shipping lanes threatened Great Britain's very existence By 1963 more people chose to travel by airplane than by steamship and it was the beginning of the end Sir Winston Churchill observed You came into great things by the accident of sea power By an accident of air power you will probably cease to exist Maiden Voyages Siân Evans, 2021-08-10 In an engaging and anecdotal social history Siân Evans's *Maiden Voyages* explores how women's lives were transformed by the Golden Age of ocean liner travel between Europe and North America During the early twentieth century transatlantic travel was the province of the great ocean liners It was an extraordinary undertaking made by many women whose lives were changed forever by their journeys between the Old World and the New Some traveled for leisure some for work others to reinvent themselves or find new opportunities They were celebrities migrants and millionaires refugees aristocrats and crew members

whose stories have mostly remained untold until now *Maiden Voyages* is a fascinating portrait of the era the ships themselves and these women as they crossed the Atlantic The ocean liner was a microcosm of contemporary society divided by class from the luxury of the upper deck playground for the rich and famous to the cramped conditions of steerage or third class travel In first class you ll meet A listers like Marlene Dietrich Wallis Simpson and Josephine Baker the second class carried a new generation of professional and independent women like pioneering interior designer Sibyl Colefax Down in steerage you ll follow the journey of migr Maria Riffelmacher as she escapes poverty in Europe Bustling between decks is a crew of female workers including Violet The Unsinkable Stewardess Jessop who survived the Titanic disaster Entertaining and informative *Maiden Voyages* captures the golden age of ocean liners through the stories of the women whose transatlantic journeys changed the shape of society on both sides of the globe **Library of Congress Catalogs** Library of Congress,1976
